WAREROOMS: Corner Church and Richmond Streets, Toronto.
 FACTORIES: 107, 109 Church; 66 Richmond; and 15 Queen E.

From Mr. Edward Fisher, Conductor of the Toronto Choral Society and Organist St. Andrew's Church:—
 "In examining the various styles of your Pianos, I have found not only that substantial excellence, which is the foundation of a good instrument, as regards strength and durability, but also an easy, elastic touch, which indicates at once to a musician the superiority of the action. The tone quality is pure, sympathetic and powerful, and of that nature which retains its sweetness and volume, while it increases in brilliancy with use."

From Dr. George W. Strathy, Professor of the Chair of Music, of the University of Trinity College, Toronto:—
 "After thoroughly testing the Upright Pianos you are manufacturing, I have much pleasure in stating that I consider them entitled to be ranked among the best instruments of the kind manufactured on this continent."

From Mr. Carl Martens, of the Royal Conservatory of Music, Leipzig:—
 "It affords me pleasure to state, that I find in the Upright and Square Pianos of your manufacture, which I have played upon, qualities that are only met with in instruments of the very first merit. Their tone is clear and brilliant and of a thoroughly musical quality. The action is prompt and effective, and with their tasteful appearance secures my full appreciation."

From the eminent artist Otto Beudix, formerly Court Pianist to His Majesty the King of Denmark, and leading teacher at the Conservatory of Music, Copenhagen:—
 "For brilliancy and sympathetic quality of tone, I consider your Upright Pianos unequalled by any made in Canada. The touch is responsive, the treble clear and resonant, so that I can in all respects recommend them."

A variety of second-hand pianos of other makers received in part payment for Newcombe pianos, offered at special rates for cash or on easy terms.
