ONTARIO ELECTROTYPE FOUNDRY,
28-28 Colborne St., Toronto, Ont.

A Long-Felt Want Supplied.

It being a universal remark that Electrotyping cannot be done in Canada as well as in the United States or England, on account of insufficient experience in the art of moulding, which is the key-branch of the profession, I take great pleasure in notifying Printers, Publishers, and others, that I have at last overcome the above difficulty, by securing the services of

MR. W. GRANT, of Boston, Mass., a well-known American Electrotype Moulder of 18 years' experience in the United States. I would also inform you that I have added the latest American Improved Electro Moulding Press, also a Steam Drying Press for Stereotyping purposes, doing away with the slow and injurious process of drying by coal has been the means of destroying the

able type. The services of a most efficient staff of competent finishers have been secured, which will enable me to carry out orders promptly, and give every satisfaction.

Soliciting your patronage, I remain, Respectfully yours,

ROBT. SMITH.
