

The Patent

Buttonless

HAS **No** { Inteseecting Seams Sharp Angles Weak Points } HAS { Out-classed Every Other Line No Equal for Durability }

It is fitted with the peerless **Red Rubber**, and is stamped and guaranteed. Naturally, it has many imitators. Each genuine buttonless is stamped with our "Forsyth" trade mark, and sold for exactly the same Price as other lines.

A new addition of the Canadian Football Annual is now ready. It contains all the changes made in the rules at the annual meeting of the Western Football Association on Good Friday. It is almost needless to add that it is **Official** and is the only Canadian publication giving everything in connection with the game. **Price, 25 cents each**, or \$2.00 per dozen. One copy free with each match ball sold.

THE LATEST. THE BEST. **SIXTH EDITION**

Arithmetical Problems

Senior and Entrance Classes in Public Schools,

By **G. H. Armstrong**, Principal Niagara Street School, Toronto.

This edition contains nearly 900 Problems. The Entrance Papers for the last twelve years are appended, also the Public School Leaving Examination Paper for 1892. The answers to all the Problems are given. No other work possesses these features. Seventy-five per cent. of the Public Schools of Ontario use it, also several Commercial Colleges.

READ WHAT TEACHERS AND INSPECTORS SAY OF IT:

I am highly pleased with your Arithmetical Problems for Senior classes. It suits my Entrance candidates exactly. A book such as this is needed by every Fourth Class pupil.—**GEO. KING**, Head Master M.S., Chatham.

I have just examined your Arithmetical Problems for Senior Classes. The problems are very suitable and the collection must prove it.—**G. D. PLATT**, B.A., P.S. Inspector, Prince Edward.

After a careful examination of your "Arithmetical Problems for Senior Classes," I find them well graded and very suitable for the purpose intended. The teacher who uses them for home or class work, will save himself a vast amount of labor, and in all probability secure to his pupils much better results.—**J. S. DEACON**, Inspector, Halton.

I have no hesitation in saying that for the purpose for which it is intended the work is infinitely the best with which I am acquainted. Its strong point, to my idea, is the logical sequence in the problems by which the pupil is almost insensibly led on step by step until he reaches quite a difficult style of question. The printer, too, has done his work very well, and there are but few typographical errors. I shall certainly recommend every teacher in my Inspectorate to use a copy.—**J. C. MORGAN**, M.A., Inspector, Barrie.

FIFTH EDITION

Indispensable to every live Teacher

Practical Problems IN **Arithmetic**

For First, Second and Third Classes

By **JAMES WHITE**, Public School Teacher.

EDMONTON, ONT.

This book has been prepared specially to suit the convenience of Public School Teachers. It contains about **700** Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors.

Read their Opinions.

From **ALLAN EMBURY**, Esq., Inspector, Peel.

I have examined this little book of Arithmetical Problems, and can give it an unqualified endorsement. The questions are carefully graded, and are specially suited to the wants of our over-worked teachers who have not always the time to devote to the preparation of exercises upon various subjects in the school curriculum. The questions are not stated in the form of propositions; but their statement is incidental, leaving the inner connection of the problems to be discovered by the pupil himself; and in this important feature lies their special and in this important feature lies their special and in this important feature lies their special adaptability as an educational force. I heartily recommend this book to all teachers wishing to economize time and labor in their preparation for ordinary school work.

From **E. TROUGHT**, Esq., Teacher, Member County Board of Examiners, Inglewood.

I have examined with some care Practical Problems in Arithmetic for First, Second and Third Classes, by Mr. White, Edmonton. Without the slightest hesitation I say they are the best I have ever seen—the best in selection, the best in grading, and above all, the best for developing the reasoning powers of the child, and for exercising his ingenuity. A special feature of the grading is that the principles which have been introduced are being constantly made use of in the succeeding problems which are in their turn introducing new principles, so that the whole work may be said to be one unobscured review. It is a great boon to Teachers.

MANUAL OF PUNCTUATION

AND SOME

TYPOGRAPHICAL MATTERS

DESIGNED FOR

Printers, Students, Teachers and Writers

BY **JAMES P. TAYLOR**

This little book of eighty-two pages aims to make every student of it an adept in the art of punctuation, and we do not think we claim too much for it when we say that it will accomplish all it aims at.

The exercises, one or two excepted, have not been taken from any work on the subject, but from every outside source that provided the best for illustrating the subject. Many have been taken from the School Readers; and it is believed that they are sufficiently numerous and well chosen to afford all necessary assistance to aspirants for proficiency in this much neglected art.

Mailed, postpaid, on receipt of price.

Teachers Wanted

If you intend to fill in the summer holidays by teaching in any agency, give us a call before settling on your article. We control an article (made in Canada now) with which many teachers and students in the States make big money during vacation. Address—

TARBOX BROS., TORONTO, ONT.

Lumsden & Wilson's

PERFECTION

BUTTONLESS

THE above cut shows the design of our celebrated Buttonless Footballs as registered in Great Britain, and is undoubtedly the nearest to perfection, in regard to shape and durability, of any ball made. Our second quality are also Scotch made, and superior to many fancy-finished match balls which are offered by other dealers at about the same prices. It is in the quality and tanning of the leather, not in the surface finish (which quickly disappears) that durability is attained.

PRICE LIST.
