SEALED TENDERS addressed to the undersigned (Secretary of Railways and Canals) and enclosed under "Bridges, Welland Canal," will be received at this office until the arrival of the Western mail on TUESDAY THE 15th DAY OF JUNE next, for construction of wing and stationary bridges at various places on the line of the Welland Canal, where for highways are to be a combination of iron and wood, and those for railway purposes are to be all iron.

Tenders are expected to have a practical knowledge of works of this class, and are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms except those attached to the actual signatures, the nature of the occupation, and residence of each member of the same; and further an acceptance of bank cheque for a sum equal to \$250 for each bridge, for which an offer is made, must accompany each tender, which sum shall be retained if the party tendering desires entering into the contract for the work at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfillment of the contract the party or parties whose tender it is proposed to accept will be notified that their tender is accepted, subject to a deposit of five per cent. of the bulk sum of the contract—of which the sum sent in with the tender will be considered a part—to be deposited to the credit of the Receiver General within eight days after the date of the notice.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

This department does not, however, bind itself to accept the lowest or any tender.
