

The Committee recommends that the Canadian Broadcasting Corporation negotiate with the unions involved in an endeavour to eliminate such payments. The Committee was also of the opinion that an effort should be made to have all C.B.C. Union contracts terminate at the same time.

#### *Overtime*

The Committee was concerned at the amount of overtime wages paid C.B.C. personnel, in the year ended March 31, 1968 a total of \$6,995,000, an increase of \$587,000 over the previous year.

Questioning the officials revealed that part of this increase was due to the requirements of Expo '67 and that the overtime situation has improved somewhat in 1968-69 but the Committee is of the opinion that the overtime situation appears to have got out of hand and that the management of the C.B.C. must give more of its attention to this alarming problem and bring it under more effective control.

Your Committee recommends that the Management of the Canadian Broadcasting Corporation give more detailed attention to all areas of expenditure; and specifically to money spent for films, diaries and matters of this nature, problematical as to their utilization.

The Committee directs the Auditor General to keep these situations under strict surveillance and report his findings to the Committee.

A copy of the relevant Minutes of Proceedings and Evidence (*Issues Nos. 1, 2, 3 and 4*) is tabled.
