Strike Cloud Still Hovers Over Britain

Employs on London Underground Railways May go Out—Thousands of Persons Stranded at Seaside Resorts—Food Supplies Sent to Isle of Man by Warship.

LONDON, Aug. 18.—Scores of thousands of railway employees throughout the United Kingdom are on strike to-night and traffic everywhere is badly disorganized.

The leaders of the Amalgamated Society of Railway Servants declare that 220,000 men or nearly half the total employees of the railways of England, Ireland, Scotland and Wales, have answered their call to stop work.

LONDON, Aug. 18.—There is no method by which verification of either assertion is possible, but the fact is patent that the railway service all over the country is completely demoralized, even a limited passenger service being impossible.

LONDON, Aug. 18.—The appearance of an armed camp, for on all sides are to be seen soldiers, rifles in hand and leaden bullets in their belts, while from the dome of St. Paul's the engineers are keeping in communication with the general staff by heliographic signals in the daytime and by electric flashes at night.

Undeterred by the failure of their negotiations on Thursday to effect a settlement of the dispute between the railway managers and their men, the whole of to-day again was spent by Premier Asquith, David Lloyd-George, the chancellor of the exchequer, and Sidney Buxton, president of the Board of Trade, in fruitless conferences with the leaders on both sides of the controversy.

An official statement issued at the Home Office at a late hour to-night says the strike has developed all over the country and produced a widespread, the only partial dislocation of the railway services. It adds that as far as its present effect is concerned, over two-thirds of the railway men remain at their posts and the companies are receiving numerous applications for employment.

The statement concludes by announcing that Mr. Lloyd-George and Mr. Buxton will endeavor to effect an arrangement of amicable settlement of the railway trouble on fair terms.

According to the best available information, what jeopardizes the negotiations is less the obduracy of the strike leaders than the intractability of the strikers themselves, as manifested thru their appointment of local secretaries. It is stated that Ramsay MacDonald and Arthur Henderson, the labor leaders in the House of Commons, and other members of their circles, spared no effort to induce the men's executives to accept the government's proposals, but without success.

The present is an anxious moment for the military heads who are arranging to-night for a possibly prolonged camping of the troops in London. All kinds of stores have been requisitioned from Aldershot and depots for food and forage will be established in various sections around the city.

The postmaster-general to-night held a conference with the postal officials to arrange for the best possible mail service during the strike. The service will be largely by motor vans.

Most Effective in North. During speaking, the strike is most effective in the north of England, where many towns are completely isolated, and in the south of Wales. It is partially effective in the midlands.

Effect in Toronto. English Strike Ties Up Freight for Lake Vessels. Already the strike of steamship help in England has effected Toronto and should the strike not be settled within a short time there will not be a pound of English freight entering Toronto, and that means a stoppage of the freight vessels plying between this city and Montreal.

Local merchants are beginning already to complain about the delay in receiving shipments and it may prove a serious matter to some of the Toronto business men if the men and their employers are not brought together quickly.

DOCKERS STRIKE SETTLED.

LONDON, Aug. 18.—The strike of dockmen, coal porters and car men, which began here August 1 and resulted in a dislocation of trade, almost famine conditions and rioting for nearly two weeks, was finally settled to-night by an arbitrator, appointed by the president of the local government board.

SOUTH YORK UNANIMOUS FOR LAIRD OF DONLANDS

W. F. Maclean Nominated in Harmonious Meeting—Minister of Agriculture and Others Speak.

There was a large and representative gathering of Conservative Unionists from all portions of the county at the annual meeting of the South York Unionists, presided over by the president of the county, Mr. J. J. Hay, at the Hotel de Ville, Toronto, on Thursday last.

Mr. Maclean, minister of agriculture, was the guest of honor at the meeting and was most warmly welcomed. He spoke for some time and was most successful in his remarks.

The meeting was most harmonious and all the speakers were most successful in their remarks. The meeting closed at a late hour.

EAST TORONTO NOMINATES A. E. KEMP

Thompson, Macdonald and Greer Retire in Favor of the Former Member in Enthusiastic and Unanimous Meeting of Regular Conservative Convention.

A. E. Kemp, a member of and worker in the Conservative party organization, was nominated last night to contest the riding of East Toronto in the interests of the Liberal-Conservative party. His nomination was unanimous and harmonious.

The convention was presided over by Mayor Geary, president of the Central Conservative Association. The bringing together of so many chiefs indicated that Mr. Kemp's nomination had the endorsement of the party all over the city, and reaching even to the leader, R. Borden himself.

Mr. Kemp got a reception that was flattering. Everybody seemed to think that a friend had been chosen. He thanked Joe, Jim and Arthur, by Christian name, for their assistance and promised to give a good account of himself at the next election.

Two candidates for the coming convention were decided upon by the Toronto Reform Association executive yesterday, and the names will be sent on to the convention. They are, Controller J. J. Ward for South Toronto, and Louis F. Heyd for Centre Ridings.

Mr. Heyd has practised law in Toronto for the past ten years. He is the senior member of the firm of Heyd & Co. For ten years previous to that he practised in his home town, Brantford. Only once before has he been a candidate for the city of Toronto.

Controller Ward is a merchant tailor. He has been prominent in civic affairs for the past eleven years. He is older than Mr. Heyd, but has more political experience.

Mr. Kemp, launching into a careful and well-reasoned review of the reciprocity issue, traced the history of the proposition to the fact that it was a worded in a conspiracy against the interests of the mother country.

POORLY BALANCED.

WARD AND HEYD WILL RUN IN RECIPROCITY RACE

The crop advices from the west become more optimistic every day. Of course there is always the danger of frost, but over a great area in the west cutting has so far advanced as to render the crops immune to injury from this source.

MACDONELL MILITANT AT NOMINATION IN SOUTH

Fighting Speech From Claude on Receiving Third Endorsement for Bay Front Riding.

Without a word of dissent A. Claude Macdonnell was, for the third time, chosen to represent the Conservatives of South Toronto at the convention held in Victoria Hall last night. The crowd of 400 delegates showed considerable enthusiasm.

Mr. Macdonnell lashed the Laurier regime unmercifully. "The time has come when, entirely outside of the reciprocity question, citizens of Canada should rise and free the country of these men," he said. "They have been unfaithful stewards."

When Mark H. Irish, the chairman, stood up to give the name of the candidate he said: "It is proposed that A. C. Macdonnell, a candidate for the riding of Bay Front, be nominated for the coming convention."

The fifteen minute interval between the putting up of the names of the candidates was used to great advantage by Mr. Macdonnell.

CARRIES THE WAR INTO LIBERAL STRONGHOLD

Borden Meeting at Woodstock Very Encouraging—Sole Desire of United States to Estrange Canada From the Motherland, Says Hon. Geo. E. Foster.

WOODSTOCK, Aug. 18.—(Special.)—Right into the heart of the traditional Liberal ridings of Oxford, R. L. Borden carried the war against reciprocity. Altogether the crowd met him at the Grand Opera House to-night was not as large as on the previous evenings of this week, the place was more than filled and many people were unable to obtain admission.

Owing to the strain on his voice, the Conservative leader only spoke for half an hour, but Hon. George E. Foster took up the cudgels for the opposition cause, and lavished argument upon argument in an absorbing crowd. Mr. Foster was particularly severe on the method behind the reciprocity proposal and he declared that the sole desire of the United States was to estrange Canada from the motherland.

Mr. Borden first addressed his remarks to the candidates for the north and south ridings of Oxford, who responded to a call made upon them—a call of duty, which he hoped would be complemented by the vote of the electors on election day.

The dissolution of parliament, with the Oliver charges uninvestigated, Mr. Borden characterized as an absolute contempt of public opinion. The subterfuge offered by the prime minister, that the mind of the government was wavering, he said, was a mere device to gain time.

The following are the awards: 1. The Prince of Wales and First Edward Blake General Proficiency Scholarship, G. G. Galloway. The Galloway General Proficiency Scholarship, W. W. Ross. The Second Edward Blake Scholarship, K. A. McMillan. The Third Edward Blake Scholarship, J. S. Dickson. The Fourth Edward Blake Scholarship, A. Sturcus. The Fifth Edward Blake Scholarship, W. H. Harrison. The Sixth Edward Blake Scholarship, G. A. L. Gibson. The Eighth Edward Blake Scholarship, J. L. Briggs.
