MONTREAL CLUB TO STICK TO N. L. U.

Decision Carried Unanimously by
One of the Largest M.A.A.
Meeting Ever Held.

MONTREAL, Nov. 15.—The Montreal Lacrosse Club will stand by the National Lacrosse Union in the event of these being a secession from the ranks of the old organization. When retiring, President W. E. Findlay made a motion to this effect at the close of a speech, in which he summed up the position as it stood. It was carried unanimously by one of the largest meetings which the club has had in years. In fact, even in the argument that preceded the vote there was not a dissenting voice.

Dr. Cameron and Tom Carling thought it would be well to see what the new organization had to offer before taking the step, but they did not oppose the motion. "If we join the new league," said W. E. Findlay, in introducing his motion, "it would mean having out Chamrocks and Capitals and Cornwall. These clubs have been our opponents in the game for years, and if we forsake them now it will mean the death of lacrosse, as far as they are concerned. This association, to my mind, is too big an organization to be a party to a purely financial arrangement. As a member of the M. A. A. A. I do not want to see the Montreal Lacrosse Club drop all settlement. The two clubs in Toronto, the one connected with the Ferry Company and the other controlled by the Street Railway Company, are purely money-making organizations. With them the element of sport in the national game is more incidental to gate receipts. As I think we should take a decided step in the interests of pure sport in this matter, I beg to submit the following motion: "That this club is opposed to any action which will deprive any of the clubs from the privileges they now enjoy as members of the National Lacrosse Union."

Mr. Findlay also intimated that the proposed new league was not as stable as it appeared and read a telegram from L. J. Solman, which said in part: "I will stick to the old crew."

"We are amateurs at heart," said W. E. Findlay, in the course of his remarks supporting the motion, in which he drew the attention of the meeting to the great record made in the game in the past by Chamrocks, Shamrocks and Capitals and added that it was quite possible that these clubs would again attain the position they had won in the game in the national game. "We adopted professional lacrosse a few years ago," he added, "but with the hope that the amateur game would revive again. Let these people secede if they wish. You will find that in two or three years the game will be back again in the hands of the amateurs, where we want it."

Dr. Cameron also of the opinion that in passing up the seceding clubs the Montreal organizations would be killing the goose that lay the golden eggs, referring to the big gate receipts last season from two clubs that will form the new organization.

The financial report showed that the club had made a surplus of \$2016 over all expenses.

Classification of Leagues First Debate Of the Commission

SAN ANTONIO, Texas, Nov. 15.—President W. H. Kavanaugh of the Southern League brought about the first debate in the 1911 convention of the National Association of Professional Baseball Leagues to-day, when he proposed that the national agreement be revised, and Class AA, be established, so as to allow present Class A leagues the same privileges as to drafting from minor league clubs enjoyed by the major leagues. The suggestion of Mr. Kavanaugh that a rules committee be named was adopted.

The jurisdiction of the proposed committee was principally the point at issue. It was tentatively agreed that the committee can act only on the proposed changes in the agreement rules among the minor leagues. J. C. Ewing of the board of arbitration, C. F. Mohl, president of the Wisconsin-Illinois League; President B. W. Dickerson of the Michigan State League; President Tim Marzani of the New England League; President T. H. Chivington of the American Association and President Section of the National Association, will compose the committee.

The convention held its first business session this afternoon. Thirty-two minor leagues were represented at the opening session which was devoted principally to the reading of the report of Secretary John H. Farrell, and the suggestion of Mr. Kavanaugh.

MINOR OFFICIALS FOR SATURDAY'S GAME

Dr. Hendry Appoints His Assist-
ants for Game Between Ar-
gonauts and Alerts.

According to the rules of the Canadian Rugby Union, the referee shall in all matches appoint and control two line-men, touch and goal judges, timers and penalty timekeeper. Dr. Hendry, who has been decided on to referee the Alert-Argonaut game Saturday, has made his appointments, so as, when the time comes to start the game, it will not be necessary to wait around and try and find somebody to act in the various positions as follows:

Timer—Dr. John McCallum.
Penalty timekeeper—Dr. Hooper.
Touch-line judges—Ferry Biegs and Dr. Arthur Wright.
Yard sticks—Hal DeGruy and Wm. Montgomery.
Goal judges—Dr. Geo. Biggs and Dr. W. Wood.

The plan of the Argonaut-Alert game of Saturday next was put on sale yesterday morning and by evening all the main grand stand seats were sold. There is, however, ample bleacher accommodation at Rosedale and a large crowd can be sure of seeing the game.

The Hamilton Alerts are practicing faithfully every night under the able direction of Walter Marriott and Ralph Ripley and are looking forward to a win over the Argos.

While it is pretty hard to predict Rugby winners, one thing can be said and that is the winner of Saturday's game between the Argonauts and Alerts will give Varsity the time of their lives to again win the Canadian championship. Both these teams have heavy lines and play a great line game. The Alerts have a young back division that have played consistent ball all season. They, however, have never faced the glimmer of a big senior final game and may be nervous. If they play their game things will be interesting. The Argos back division, while having the more experience, are not nearly the runners the Alerts boys are. The lines will be closely matched and whichever faces Varsity in the final, the college boys will know they have been in a game.

Bull Ritchie, the grand old Varsity scrumman, is playing on Sep. Du-Moulin's Calgary team. They play in Winnipeg next Sunday.

The final game for the Mulock Cup after many postponements, is down for decision at Varsity stadium this afternoon at 2:30 between Junior Arts and Victoria.

The Argonauts were all out last night. The half-backs punted and caught and worked together. The wing line were kicking at the running game and every effort is being made towards increasing the speed of the runners. The Alerts showed he was in the pink of condition and ready for the hardest kind of a game.

A full signal practice was indulged in by electric light, when it got too dark to kick and the players all showed themselves conversant with the game. In fact, taking Coach Foulke's own opinion, they never showed better any time this year.

Binkley is practically as right as ever and more enthusiastic over this game than any one this season. Mallett, too, is going along well and his kicking should be a big factor in the decision of the game. Lawson put in a great evening's practice and is warmed up to the occasion. He played a very strong game in Ottawa and his catching was faultless. He will have another opportunity to show his great running ability next Saturday.

Just who will compose the Argonaut team on Saturday is not known, but it has not been the policy to make many changes and this game will see them about the same as formerly.
