One More Application Meets With Stern Rebuff—Inquest on Crossing Victim.

HAMILTON, Feb. 15.—(Special).—Quite a battle raged before the property, harbor and license committee of the city council to-night when the question of granting a pool room license to F. Sackrider, 645 East Barton-street, came up. A deputation, headed by Rev. W. L. Williams, representing the moral element of the city, protested vigorously against granting the license on the ground chiefly that the place under a former owner had acquired a most unsavory reputation.

J. W. Nesbitt, K.C., who appeared for Sackrider, stated that a large number of business men, close to Sackrider's place, were in favor of the license.

J. Henderson, next door neighbor of the applicant, testified to his own character, but, in spite of this, and Ald. Ryan's eloquent plea that Sackrider was well equipped for missionary work, the committee refused the license by a five to one vote.

Ald. Davey, in speaking against the granting of the license, suggested to the minister that the churches provide some wholesome substitute for pool rooms.

**Lawyer Held Ground.**  
 The jury, which, under Coroner Hopkins to-night, investigated the cause of the death of Morris Stubnitz, who was killed at the Sherman-avenue crossing of the Grand Trunk last Saturday morning, found that the deceased met his death through lack of warning, owing to the failure of the crossing gates to work and the absence of the crossing watchman from his post of duty at the time of the accident.

The proceedings were enlivened by a verbal passage-at-arms between Coroner Hopkins and James Chisholm, who appeared for the relatives of Stubnitz. The dispute was caused by the lawyer insisting upon asking a question which the coroner declared had been answered, and resulted in Coroner Hopkins ordering Mr. Chisholm from the court room. The latter, however, contended that he had a right to be there, and refused to depart.

According to the local police, the girl in the case which caused the arrest in Toronto yesterday of Julius and Emmanuel Kachrack and John Willis, was taken sick while passing thru this city a week ago and spent several days in the city hospital here, where she was sent on the order of Dr. H. Malen after he had been called to attend her.

**Coasting Accident.**  
 A broken leg was sustained by Philip Hall, a 12-year-old lad, living at 38 West Plover-street, in a coasting accident on the Simcoe-street hill leading to the bay this evening. Hall was taken to the city hospital. Another

**Rose Stahl a Student of Humanity**  
 By Margaret Bell.

When we saw her in the role of Maggie Pepper we marvelled, for we knew that Miss Stahl was a finely educated woman, who had traveled extensively both on the continent and in America. Hence our surprise, for the Maggie Pepper dialect, spoken thru the medium of Rose Stahl's histrionic ability, would send fleeing all ideas that the originator of such a role had spent years upon her education, which after all is real art. When an actress can banish all ideas of acting and impress the public with such realism, as well as make them laugh with her and weep with her as she chooses, then she is seated upon the pinnacle of the art temple.

**LET NO BIG CONTRACTS FOR FORT CHURCHILL**  
 Story About Plymouth Firm Getting Plum a Myth—Soon to Survey.

OTTAWA, Feb. 15.—(Special).—An emphatic denial was given by members of the government to-night to the story, which has been widely reported, that the contract had been secured by Pethick Brothers of Plymouth for the building of docks and granaries at Fort Churchill for the terminals of the new Hudson Bay Railway. It was stated that the story was ridiculous, as the government has not even decided yet whether the terminus of the road will be at Fort Churchill or Fort Nelson.

Engineers will leave for Winnipeg probably early next week, where they will take a dog train for the bay to examine the two ports. Work has also started to outfit a vessel to carry the carload possible moment for the bay to investigate and take surveys of the two ports from the seaside. The government hopes to have these reports ready some time this summer, so that a final decision as to the best terms can be made.

**The Daily Hint From Paris**

An interesting wedding of yesterday was the marriage of Miss Hazel Kemp, youngest daughter of the Hon. A. E. and Mrs. Kemp, to Mr. F. Chaiten Stephens, son of the late George Washington Stephens and Mrs. Stephens of Montreal, which took place very quietly at the residence of the bride's father, Castle Frank.

The ceremony was performed by the Rev. Dean Cayley, rector of St. Simon's Church, in the drawing room, which was decorated with quantities of American Beauty roses and Easter lilies. Mr. Tattersall presided at the large organ on the staircase.

The graceful bride, who was given away by her father, looked lovely in wedding gown of rich white satin, Duchesse with an overdress of carriage-macrose lace embroidered with brilliant and amethyst pearls and studded with cloth of silver was caught between the shoulders with handsome diamond buckles. Her veil, which was of the same beautiful lace, was crowned with an empire shower of lilies of the valley, sweet peas, and white roses. The groom wore a tuxedo with a diamond and pearl bracelet.

Mrs. Stuart McFarlane attended as matron of honor, wearing a gown of sapphires and diamonds, a black and black hat with plumes, and she carried pink sweet peas and wore the groom's gift of a bar of pearls and aquamarines. Mr. Reginald Galt of Montreal was best man.

After the ceremony the Hon. A. E. and Mrs. Kemp held a reception. Mrs. Kemp was wearing a gown of royal blue satin with grey chiffon, and painted roses and leaves, and rose point lace on the bodice. Her ornaments were diamonds and she carried a bouquet of orchards and lilies of the valley, black satin hat and feathers. Mrs. Scott Walde was in a white satin gown with gold, embroidered with pearls and amethyst and tulle of apricot broadcloth. Mrs. A. H. C. Proctor, another sister, wore tan satin with old Persian motifs and marquisette, and tan hat with willow plumes, and she carried simplicity roses and white heather. Mrs. Stephens wore a black and black hat with white plumes and strings of pearls and bouquet of mauve or violet and lilies of the valley.

Mr. and Mrs. Stephens left on the 5.20 train for New York and are sailing on the Olympic on Saturday for Cherbourg en route to Vienna. The bride traveled in a covert cloth suit and pink hat faced with black and white and white opey and ermine and wore a gift from her father, a diamond and pearl bracelet.

A successful dance of last night was that of the Lakeview Golf Club, held at the King Edward, when about 500 people enjoyed the evening. The floor was carpeted with the best, and supper was served in the restaurant at small tables decorated with daffodils. The patrons present were: Mrs. Dineen, in a handsome gown of king's blue satin, with gold embroidery and diamonds; Mrs. Norman McLeod, in a gown of mauve and blue; Mrs. Weir, in a blue and white gown; Mrs. Jess Applegate, in a pink, diamond ornaments and opey; Mrs. Edward O'Sullivan, in a green and white gown; and Mrs. L. H. Stevens, in a blue and white gown.

Major and Mrs. Murray have sold their house on Jarvis-street and are moving out shortly.

**BUDGET DEBATE DRAGS ON WEARILY**

Opposition Speakers Criticized the Government for Not Spending Enough on Public Health, Also for Concentrating the Educational System in Toronto.

An attack on the educational system of the province under the administration of Hon. Dr. Pyne, and an attack on the government for not spending enough on public health, were the principal matters before the legislature at yesterday afternoon's session. A few new bills were introduced, and then the debate on the address in reply to the speech from the throne, dragged on.

Dr. J. McQueen, objector to the present policy of the government on several matters, Chief among these were the rigorous regulations enforced by the department of education with regard to pupils who only fail by a few marks to get the requisite number for a pass. "I want to make two charges against the school system," said he. "There is too much concentration in Toronto of the public school system of the province. One pupil passed in every subject except geography, where she was two marks behind, and when application was made at Toronto to have this pupil granted a pass, the answer was 'No.' The laws of the education department in Toronto are like the laws of the Medes and Persians—unalterable."

"The laws regarding the public school system in this province are in many cases ambiguous. The public school system is too cumbersome. The boys and girls between 8 and 14 years in the public schools of the province are being taught entirely too much."

**For Public Health.**  
 Dr. McQueen deplored the small amount that was spent by the province for the public health. Vast sums devoted to the hydro-electric and only

**WOMEN READY FOR THE VOTE**

Large Deputation Will Interview Sir James Whitney to Ask That Present Law Be Changed.

Toronto's suffragettes are mobilizing for the coming session of the Legislature for the purpose of endeavoring to induce the members to repeal the legislation which denies the vote to women.

Dr. Gordon thought the women should start little lobbying among the Conservative representatives first. The present law existed because it seemed that if a wife voted the husband was disfranchised, which the claimants was an unmistakable weakness in the law.

**BURN CAUSED OPEN SORE**  
 Zam-Buk Worked a Wonderful Cure.

Sometimes a bad burn, a deep cut, or some similar mishap, sets up a more permanent injury, in the form of an open, discharging sore. In such cases Zam-Buk will be found of unequalled value.

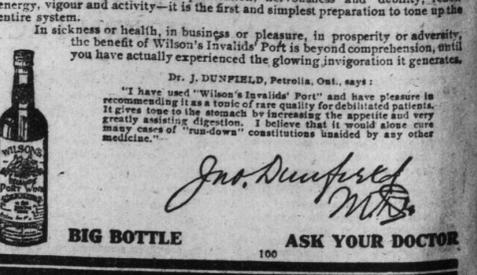

Mr. J. Nixon of 901 William-avenue, Winnipeg, a blacksmith at the C.P.R. shops, had his foot badly burned by some molten metal falling upon it. He says: "The burn was a very bad one, and after the first few days it left an open sore, which showed marked signs of blood-poisoning. It discharged freely and caused me terrible agony. For three weeks I suffered acutely and could get no ease. At last I obtained a preparation from the doctor, which seemed to stop the discharging and made me quite hopeful, but finally the wound became as bad as ever."

It was then advised to use Zam-Buk and from the first application relief was obtained. The inflammation was thoroughly checked and the poisonous matter cleared away in a very short time after beginning to use Zam-Buk. Healing then began, and in less than two weeks the wound was thoroughly healed.

One of the main reasons of this case lies right here—try Zam-Buk first for any injury, sore, skin disease, or wound. Don't spend money and waste time in experiments. Zam-Buk is equally good for piles, blood-poisoning, festering sores, chancres, cold sores, various eruptions, scap sores, varicose ulcers, chilblains, etc. All drug stores carry it. Get a box, or post free from Zam-Buk Co., Toronto, for price. You are warned against harmful substitutes and inferior preparations.
