## Is Your Child Under Weight?

 Theoe Tables will show You What Your Child Should westhe to bo in Proper Proportion to

AREFUL investigation shows that one child in
every there is under weight as the result of
malnutrition.
The chances are one in three that your child is The chances are one in three that your child is
in this class. The tables presented here will enable you to find out.
In the Students' Army Training Corps one in
five was unfit because of being under weight, while
in the adult army the proportion was about the same. This condition could have been prevented by young men would have developed normal, healthy bodies. By neglect in childhood they have been sen-
nced to see their healthy comrades pass them in the race for success.
It is not necessarily the children of poverty that suffer from malnutrition. Your boy or your girl
may hok well and still be under may hok well and still be under weight. The regu-
lar use of the scales is the only sure test. Other indications of malnutrition yo are-easily tired-nervous-restless-finicky appe-tit-irritability-difficult to manage-talk in sleep
-lack of happiness and spirits of a normal -lack of happiness and spirits of a normal child. These symptoms tell of the exhausted condi-
tion of the nervous system. They tell you that the tion of the nervous system. They tell you that the
blood is thin and watery and wholly unsuited to bood is thin and watery
nourish the starved body.

It will take a little time to restore the wasted
Is It will take a litt
tery materially aid.

Digestion is weak, appetite is fickle, but in the Digestion is weak, appetite is fickle, but in the
meantime Dr. Chase's Nerve Food supplies in conidensed and easily assimilated form
which go to make up rich, red blood.

Careful attention should be given to the eating habits of the child. Good, wholesome, nourishing
food must have the preference. Exercise should be limited and daily rest is required in cases of extreme exhaustion.

By sharpening the appetite and strengthening the nerves of the digestive system, Dr. Chase's Nerve Food soon removes the chief causes
and builds up the system generally.

Improvement will soon be noticed, not only in the way of increased weight, but the eyes will be
brighter, the cheeks a better color and the spirits and happiness of healthful youth will again express
themselves.
