

## CANADIANS IN GOTHAM TO HOLD BIG BANQUET

Prominent Speakers of U.S. and Canada to Give Addresses on Timely Topics.

NEW YORK, May 6.—(Special.)—A Canadian invasion of New York City is scheduled for Thursday, May 16, when the Canadian Club of New York will give its annual banquet in the big ball-room of the Hotel Astor. The club has concluded arrangements to entertain a number of distinguished guests from the Dominion, and is prepared to welcome scores of visitors from the various cities across the line.

The banquet, which is the last of the big social gatherings of New York this spring, will be distinctly international affair. Three countries will be represented by distinguished speakers. Delegates are coming from the Dominion, four by representatives of the United States, and the other by guest from England. Among the speakers, K.C., one of the most brilliant orators in the kingdom, and formerly of Montreal, Que.

Lester M. Shaw, former secretary of the U. S. Treasury, will make the principal speech, his subject being "Reciprocity." The banquet is to be the largest ever given by the Canadian Club, and one of the most important which New York has had during the year. Delegates are coming from various Canadian Clubs in the Dominion, and a large number of reservations are being made for individuals who are sending applications.

The full list of speakers with their subjects follows:

Neil Macphatter, D.D., president Canadian Club, New York; "The Progress of Liberty."

Lester M. Shaw, former secretary of the U. S. Treasury; "Reciprocity."

Hon. R. F. Sutherland, Speaker of Canadian House of Commons; "Development of the Canadian Northwest."

Hon. R. Lemieux, postmaster-general of Canada; "Canada, Britain's Greatest Colony."

Rev. Dr. S. Parks Cadman, Central Congregational Church, Brooklyn; "Imperial Instinct."

Hugh J. Guthrie, member Canadian House of Commons; "Progress of Canada."

Hon. Adam Beck, member Ontario cabinet; "Niagara Falls Power."

F. J. MacLaren, justice Ontario Court of Appeal; "Canadian National Sentiment."

Peter White, Marquette, Michigan.

Donald MacMaster, K.C., London, England.

Following its usual custom, the Canadian Club will admit to its banquet a limited number of guests by direct application. The arrangements are in charge of J. D. Allen, No. 39 East 18th-street; M. Delgarn, No. 17 Mercer-street, and Sharon Graham, No. 237 Broadway. Prior to the banquet a luncheon will be given by the officers of the club to the guests, the specially invited guests from other cities.

## Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers of this and other countries. Even the untold Indians have discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to day, we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce, of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them, and, in confirmation of this conviction, he points with pride to the most marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for it.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to the sores, and it will heal them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain reliever. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, sores or ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, whose roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

Not less marvelous in the unparalleled cures it is constantly making of woman's many peculiar affections, such as leukorrhoea and distressing derangements, is Dr. Pierce's Favorite Prescription. It is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus

## SAUTERNE

True test of the vintner's skill --- and of his honesty --- a Sauterne like this S & S brand. Deliciously dry, without astringency, --- full-flavored, yet delicate.

## CLARET

Claret at its best, this S & S Claret --- the claret of our forebears. Perfectly ripened, thoroughly aged, --- a dinner wine that cannot but please the critical.

## BURGUNDY

Rich as rich port, delicate as champagne, --- the very essence of the perfect grape, --- that is a good Burgundy. S & S is a good Burgundy, indeed.

Your dealer can supply these really excellent wines, --- ask for S & S --- look for the name on the label, as thus:

Made and Bottled in France by  
Schneider & Schyler & Co. of Bordeaux

Established 1739

Imported direct by 302

D. O. ROBLIN of Toronto

## CHILD LABOR BILL PASSED.

Governor Hughes Gives His Approval to It.

ALBANY, N. Y., May 6.—Governor Hughes has approved the Page Child Labor Bill, desired by the child labor committees and the Consumers' League and embodying recommendations made in his own first message to the legislature.

It provides that no minor under 16 years of age shall be employed or permitted to work in any factory in this state before 8 a.m. or after 5 p.m., or more than eight hours in any one day. The act will not take effect until Jan. 1, 1908.

## MANY SLEEP. FIRE LURKS TO WAKING EYE TO GUARD

Chief Thompson Reports a Score of Toronto Institutions Have No Night Patrol.

The records of the Toronto fire department show that Toronto, in 30 public and semi-public institutions, is courted, by carelessness, a series of night fires that may be attended with fatal results to women, girls and children and infants.

At the solicitation of The World, the department has furnished this newspaper with a list of building unpatrolled at night.

"Unpatrolled" spells danger. It means that any night in the year a defective insulation, a vagrant spark, a careening night light, may ignite the premises, so that the sleepers would awake to find fire and smoke, and perhaps perish in the attempt.

One is astonished, in perusing the list below, to find that in places like the Sunnyside Orphanage, the Boys' Home and the Infants' Home no watchful eye is on guard to detect the first flicker of fire at night.

Chief is Now Busy.

Since the recent disastrous fires at McGill University speculation here has been rife as to what the outcome might be in case of a similar outbreak in Toronto.

Fire Chief Thompson asserts that, except for the University, parliament buildings, asylums, hospitals and prisons, there is scarcely an institution in the city patrolled at night, and he would depend entirely upon the chance of being discovered, in order that a fire could be got under control before reaching alarming proportions.

Fire Chief Thompson has started to probe this matter to the bottom, and is paying particular attention to boarding schools and night institutions, where an outbreak of fire might be attended with great loss of life.

The following institutions, the department states, are known to be without night patrols, besides many smaller ones, which may not as yet have come under the notice of the fire department:

The List.

Haverhill College.

St. Joseph's Convent.

Glen Mavor Boarding School.

Refuge for Girls, Belmont-street.

Oakham Home for Boys, Corner Gould and Church-streets.

Infants' Home, St. Mary's-street.

Bishop Strachan School, College-street.

Frederic Blood Convent, St. Joseph-street.

Y. W. C. A., Elm-street.

St. Michael's College, St. Joseph-street.

Margaret's College, West Bloor-street.

Annesley Hall, Queen's Park.

Wycliffe College, Queen's Park.

Westminster College, West Bloor-street.

Montion College for Ladies, 34 East Bloor-street.

Loretto Academy, corner Bond-street and Wilton-avenue.

McMaster Hall, West Bloor-street.

St. Hilary's College, West Bloor-street.

Protestant Orphan's Home.

Sunnyside Orphanage.

Monastery of Our Lady of Charity, West Lodge-avenue.

Loretto Abbey, Wellington-place.

Victoria College, Queen's Park.

Boys' Home, George-street.

House of Providence, where the Girls' Home, Gerrard-street.

St. Nicholas Home, Lombard-street.

De La Salle School, Duke-street.

Salvation Army Training School, Sheppard-street.

Ladies' Methodist School, corner Car and Queen's Park.

House of Industry, Elm-street.

The Haven, 320 Sexton-street.

Most of the downtown factory and warehouse buildings are patrolled at night.

## DESERTED BY HUSBAND.

Woman Picked Up in Buffalo Says He is in Toronto.

BUFFALO, May 6.—(Special.)—Destitute, and sorely in need of medical attention, Mrs. Mabel Kinsale, 20 years old, whose home is at No. 403 Smith-street, this city, was picked up by the police yesterday morning, while she wandered about the streets, and taken to the Seneca-street police station. Five minutes after Mrs. Kinsale entered the reserve room of the station house, and before the arrival of a physician, a baby boy was born to her.

Mrs. Kinsale told a pitiful tale to the police, of how her husband, David Kinsale, 27 years old, abandoned her, and she said she was left to care for herself and 1-year-old child, and has been living in a half-starved condition. A warrant, charging abandonment, will probably be issued for the missing husband. The morning, Mrs. Kinsale and her child were taken to the General Hospital, where it was stated early this morning that both were doing well.

Large Deposits of Silver.

To find this valuable mineral one has only to make a trip to the Cobalt region. The first and superior service offered by Grand Trunk Railway affords the prospectors and investors every facility. Solid through vestibule train of Pullman cars and coaches leaves Toronto daily at 9:00 p.m., arrives Cobalt 8:45 a.m., Haliburton 9:00 a.m., New Liskeard 9:15 a.m., Return leaves New Liskeard 7:30 p.m., Haliburton 7:45 a.m., Cobalt 7:55 a.m., arrives Toronto 8:00 a.m.

Goodby to Secretary.

A pleasant gathering of members took place at the Central Young Men's Christian Association on Yonge-street on Sunday afternoon, in order to say good-bye to Harry Ballantyne, one of the secretaries who had been to Calgary, in order to take up the secretaryship of the new and important association at that point. G. Tower Ferguson presided.

Frank Yelsh, on behalf of the members, presented Mr. Ballantyne with a parting gift of \$100 in the form of a check. The association was formed by Mr. Pratt, general secretary, and by Mr. Ballantyne himself.

C.P.R. New York Central

To New York. Trains leaving Toronto 8:45 a.m. and 5:30 p.m. Grand Central Station at 10 p.m. and 11:30 p.m.

TEA

TO IMPROVE DRY DOCK.

Expenditure of Nearly a Million Will Be Made at Collingwood.

COLLINGWOOD, May 6.—The Collingwood Shipbuilding Co., which has its yards and drydock here, has determined to enlarge its plant and equipment to double the present capacity. At present they have one drydock, 550 feet in length, but this is not sufficient to meet the requirements of the constantly increasing lake trade. To meet the increased demands they propose to build a second drydock, 650 feet in length and capable of accommodating the largest vessel on the inland lakes. It is also intended to provide building berths for steamers of the six hundred foot class—something which does not at present exist in Canada. The betterments will also include a number of new buildings, a large quantity of new heavy machinery, in all involving an expenditure of upwards of a million dollars.

The R. & O. Company's ships, Kingston and Toronto, go into commission on June 1 and 4, respectively. A new steamer, the Rapid King, is to be put on the Niagara route, and as the Niagara River Line intended running its four boats as formerly, keen competition with, probably, cut passenger rates, is bound to result.

Coal cargoes for local dealers arrive almost daily, and on Sunday the ship Arthur brought a cargo of anthracite from Oswego for the Essex Rogers Company. The Electric Light Company also received a consignment of screened coal from Fairhaven the same day. The steam barge Van Alstede, the two shipments totalling about 1200 tons. Shipmasters report stormy weather, with considerable rain being met with on the lake all the latter part of the past week.

KINGSTON, May 6.—Arrivals.—Steamer Pumper, Port William, grain; schooner Clara, Oswego, coal; steamer Randall, Washburn, grain; steamer Iowa, Erie, coal.

Clearance.—Steamer Ford River, Chicago, light; steamer Panther, Port William, light; steamer Porter and barge, Pictou, Commet, light; steamer Kingston, light; steamer Porter and barge, Pictou, Commet, light; steamer Kingston, light; steamer Porter and barge, Pictou, Commet, light.

PORT DALHOUSIE, May 6.—Passed up.—Steamer Lambert, Kingston to Duluth, light; steamer Panther, Kingston to Duluth, light; steamer Porter and barge, Pictou to Commet, light; steamer Kingston, light; steamer Porter and barge, Pictou to Commet, light.

Down.—Tug Schoenck, Cleveland to Kingston, light; Wind—North; light.

PORT COLBORNE, May 6.—Up.—Princess, Ogdenburg to Chicago, general cargo, 9 a.m.; Jesse Spaulding, Kingston to Duluth, light, 9:30 a.m.; John Lambert, Kingston to Duluth, light, 10 a.m.; Sharps, Kingston to Duluth, light, 10 a.m.; Porter and barge, Pictou to Commet, light, 10 a.m.; Pentier, Kingston to Chicago, light, 4 p.m.; Down.—Tug Schoenck, Cleveland to Kingston, light; Wind—North; light.

Canal Traffic Resumed.

PORT COLBORNE, May 6.—Traffic was resumed thru the Welland Canal at 11:30 this morning, the damage caused by the fire Schenck, bound from the Soo to Ogdensburg, in collision with the Michigan Central bridge near Welland, having been repaired.

A FEW WORDS IN CONFIDENCE.

King Palmetto Compound is a distinct product of the twentieth century conditions. It is not a secret or patent medicine, on the contrary the formula is plainly printed on the wrapper. It is the result of the modern investigations into the cause and cure of all disorders of the stomach, liver and kidneys.

Science has demonstrated that ninety per cent. of the diseases to which the body is subject have their origin in the retention of waste and poisonous matter in the system, and that if the bowels and kidneys are properly performing their respective functions, all the other organs, in connection with the blood, will be in a condition of abounding health. King Palmetto Compound is a purifier of wonderful virtue, and the diseases which arise from impure blood and sluggish liver and kidneys are quickly cured by its use, as cystitis, catarrh of the bladder, nervous prostration, general debility and rheumatism.

One dose a day. Pleasant and convenient to take. It contains no dangerous poisons and no narcotics, but pure vegetable remedies of universally acknowledged efficacy. Price \$1.00 a bottle.

Give it a trial. Write for a free sample bottle to the King Palmetto Compound, Bridgeburg, Ontario. Sold and guaranteed by Burgess-Powell Co., 78 Yonge St., Toronto.

Extension of St. Alban's Cathedral.

At the quarterly meeting of the Chapter of St. Alban's Cathedral in the cathedral library to-night it is expected the question of erecting an extension to the present buildings will be discussed. Extra seating capacity for 300 is badly needed.

Dr. Chase's Ointment is a certain cure for all skin diseases, such as eczema, psoriasis, and every form of itching, burning, and protruding eruptions. It can be used on the face, neck, and all other parts of the body. It is sold by all druggists and by the dealer, EDWARDS, BATES & CO., Toronto.

MAILED TO ANY ADDRESS ON RECEIPT OF \$1.00.
