men.

The Intermediates had the best of the short practice and scored two touch-downs to the Seniors' one.

The Lornes' combination worked well, and the boys in yellow and white now feel pretty confident of lowering the colors of Yarsity II. In Saturday's championship contest.

AMERICAN COLLEGE GAMES.

New York, Oct. 21.—Pennsylvania beat amherst 14 to 0 at Philadelphia this afternoon, and in doing so gave the poorest exhibition of football of any Quaker team in years. Fumbling, off-side playing and general indifference and listlessness marked Pennsylvania's play, and it was only towards the close of the second half that the team put any life into its game.

Yale defeated Wesleyan at Yale field this afternoon 16 to 0. Captain Murphy's men scored only three times during the game, once the first half and twice the second. The feature of the game was the great work of Goodwin, Yale's substitute, who made both touch downs the second half, one after a run of 45 yards.

Princeton outplayed Virginia, at every point in the football game played at Princeton yesterday, making a score of 48 to 0. Baird kicked two goals from the field.

FOOTBALL KICKS. Every playing member of the Lornes is requested to turn out to practice this afternoon as the team to meet 'Varsity on Saturday will be chosen after the practice. There will be a club night at the T.A.C. on Saturday. An orchestra will be in at-

on Saturday. An orenesta with be in actendance.

Macpherson, the Brockville halfback, turned out with the Lornes for the first time yesterday against T.A.C., and proved himself to be a good man.

The members of the T.A.C. team are requested to meet at the club house at 8 o'clock to-night.

The Excelsior Rugby Club of Brampton is open for engagements on their grounds, Brampton, after Nov. 7 to junior teams. Address William A. Peace, secretary-treasurer.

Georgetown is organizing a Rugby club.
An enthusiastic supporter of the Toronto
A.C. team pointed out last night that of
the first fifteen who were expected to turn
up to meet the Lornes, seven were absent.
They were Male, Merritt, Wright, Hoskin,
Flood, Glassco and McDonald, Lack of practice, he says, may retire them from the
series.

MEDS TO PLAY BASEBALL TO-DAY.

This afternoon the ball-tossers from the two rival medical schools of the city are to meet on Varsity campus, and decide for the season of 1896 their supremacy in this great game. It is Trinity's time to win, and she most probably will, for George Campbell has had a lot of trouble in getting together what would be considered a representative team with anything like a chance to win. On the other hand, the boys in red and black have what they call a "cracker-jack" battery, with Dean of Montreal at the receiving end, and a dark horse from some well-known college at the delivery. The Torontos claim that any one man in their aggregation can pitch as well as another, but what degree of excellence that statement assures is problematical to their admirers. However, there is sure to be lots of fun, for both colleges are sending their legions of rooters up to the MEDS TO PLAY BASEBALL TO-DAY.

man in their aggregation can pitch as well as another, but what degree of excellence that statement assures is problematical to their admirers. However, there is sure to be lots of fun, for both colleges are sending their legions of rooters up to the lawn, and, as usually happens, the crowd making the most noise will win if they can keep up the clamor.

GODERICH CURLERS.

At the annual meeting of the Goderich Curling Club the following officers were elected for the ensuing year: Sheriff Glbbons, patron; Mrs M. Hutchinson and Mrs. P. Adamson, patronesses; D. C. Strachan, P. Adamson, patronesses; D. C. Strachan, president; W. T. Welch, vice-president; C. A. Humber, secretary-treasurer; Rev. M. Furnbull, chaplain; A. McD. Allin and R. C. SPORTING NOTES.

First-baseman Lutenburg of last season's Rorontos may be drafted by St. Louis. It was announced last night that the Windsor Racing Association nad decided to ever the front of the grand stand and the betting ring with glass and to continue racing until the snow became too deep for the ponies to plow through. This means, in all probability, that the racing will be continued well into December.

Joe Patchen did not go against his record resterday at Fall River, Mass., the track being too heavy for fast time. He was out on the track and went an exhibition mile. He will attempt to lower the record to-day if the conditions are favorable.

According to the latest advices from Johannesburg, the fight between Joe Goddard and Ed Smith of Denver has been postponed until Oct. 31 at the request of Smith's backers, who claimed he required that time to train. The date originally fixed was Oct. 17, but at the posting of the first deposit, after the forfeit was up, the managers secured Goddard's consent to a two weeks' postponement.

The officers of the Oshawa Curling Club for the year are: Patron, Hon John Dryden; president, Fred E Ellis; vice-president, Jas W Provan; secretary, Thomas M Luke; treasurer; L J Cassels; chaplain, Rev J H Talbot. Committee of Management—Messrs A Rankin, A J Sykes, A Lambert, L R Luke, F L Henry. Representatives—P H Punshon, F E Dingle.

Jack Hanley, who is to meet Jim Baskerville at the T.A.C. next week, arrived in the city yesterday, accompanied by Joe Young, his trainer. Henley is in fine shape.

LARGEST LENS IN THE WORLD.

Cost \$100,000.

Boston, Oct. 21.—The lens for the great telescope of the new observatory at Lake Geneva, Wisconsin, the finest and largest telescopic lens in the world, has been completed after 2½ years' labor, and now lies at the workshop of Prof. Alvin Clark, in Cambridge, awaiting the orders of the Cricago University authorities. Its focal distance is 61 feet, the extreme diameter of the clear aperture is 41% inches. The crown is about three inches thick at the middle and 1¼ inches thick at the outer edges and weighs 205 pounds. The fiint weighs 310 pounds.

The lens and its iron ring and cell weigh about 1000 pounds. The cost of the leass plates in Paris was \$40,000 and the entire cost of the lens is estimated to have been \$100,000. For its journey west it will be wrapped in fiannel and bedded in curled hair in a box mounted on springs and packed with excelsior in a larger box. It will ride in the centre of a parlor car and will be accompanied by four men.

OHECKERS AND MAITLANDS.

One at the meeting writes: In reference to the Maitland and Checkers discussion, it seems that the Checkers have a pull with the officers of the league. Throughout the beason the Checkers have been shown fawortism, and it would be well if a new league was formed.

In a lengthy letter to The World Edward Marriott, secretary of the Checkers Lacrosse Club, states that his team is honestly entitled to the junior championship. The Maitlands, he states, are bigger and older, but inferior players. He criticizes one of the Maitlands for presuming to question the decision of the president of the league. This must end the matter, as far as The World is conceined.
