DEATH WAS ACCIDENTAL

Verdict of Coroner's Jury in Subway Fatality.

At the Emergency Hospital on Saturday night Coroner Bertram Spencer empaneled a jury and conducted an investigation into the death of Hoskin (Dan) Muckleston, who was run down by a car in the King-street subway between 6 and 7 o'clock on Saturday morning. The evidence of the several witnesses who were examined went to show that death was purely accidental.

John Reid, a fellow-employee of deceased who was on the car which struck Muckleston, testified that the trolley stopped about half way thru Muckleston's line between 6 and 7 o'clock on Saturday morning. The evidence of the several witnesses who were examined went to show that death was purely accidental.

James Everett, 394 Buchanan-street, who is also an employee of the Toronto Carpet Manufacturing Company, testified that he was on the car following the one which killed Muckleston. Everett helped to take Muckleston to the hospital when death resulted. Muckleston was taken to the hospital where he died on Saturday night.

Dr. John Caven and Dr. McDonald, who made the autopsy, submitted their report. The right collar bone was broken, the right shoulder blade broken, the right thigh broken, on both sides broken, the right knee crushed, the left knee broken, the right arm fractured. The lungs had also been pierced on the right side. Unimportant evidence was also given by Dr. Charles O'Reilly and Conductor James Bolton, 43 East Queen-street.

The verdict was: "We find that Hoskin Muckleston came to his death on the 18th of January, 1902, by being crushed by car 650 in the King-street subway. Also that death was the result of accident and no blame is attached to any person or persons."

The Royal Canadian Bicycle Club hockey team will go to Richmond Hill this evening to play local hockey. The team will leave the C.P.R. crossing at 7 o'clock.

Inspector Stark will lecture Tuesday evening in Brinkley Free-Trade Church on the subject of "Only One God." The lecture will be given by Mr. Maynard.

GOEBEL'S QUICK LUNCH PARLOR NOW COMPLETE AND UP-TO-DATE.

Proprietor John Goebel of the "quick lunch" rooms at 514 Yonge-street, has recently had the place refitted and redecorated, putting things in first-class shape. The restaurant will be now under new management, as Mr. Harry Nagel, who for years was the popular steward at the Lederer's Club, has been put in charge. Mr. Nagel is one of Toronto's best known bowlers, and this is sure to make the place popular among those who take any interest in the game.

The appointments are of the best, while the service is first-class. The whole place is well lighted and heated, making it comfortable and home-like. The main room has been furnished with small tables in place of the long lunch counter, and the management will make speciality of serving lunch to the men during noon hour. The bill of fare is always a good one, and it is served in quick time. The restaurant is not only open during the day, but all night, and any one wishing a hot lunch could not find a more comfortable place, as it is just above King on Yonge-street, and five true electric cars pass the corner. A trial of the place is invited by the management.

Mr. James R. Brown of New York interested a good-sized audience in the Pavilion yesterday afternoon, with an excellent address on social reform, under the auspices of the Single Tax Association. During the afternoon, Miss Jessie Mark sang a couple of very pleasing selections. Mr. W. W. Buchanan of Winnipeg presided, and before introducing the lecturer of the evening, he spoke of the growth of the Single Tax theory through the world, and of how the people were commencing to realize the benefits of the true religion of God and humanity, in which both sentiment and practice were combined. It was the great uplifting idea of the age. Every age was characterized by some great reform, based upon a single idea, and the present age is no exception. The twelfth century was commencing under the grand doctrine propounded so ably by Henry George, and the present age has good results, and he predicted that it would not be long before Canadians decided to put the doctrine into practice. In Manitoba, portions of the theory were being put into practice, and he was giving such magnificent results that no person would attempt to stop it. He said that in Canada would be the pison nation of the world in establishing an equality of conditions among the people. Mr. Brown received an enthusiastic reception, and his remarks elicited frequent applause. He was particularly strong in his remarks on the subject of the unequal distribution of the world's goods, and consequently, the volume of crime and misery existing in the populated centers. Poverty and suffering are the result of crime, and was, therefore, the cause of crime, and was, therefore, the cause of crime, and was, therefore, the cause of crime.

PITCHER'S FACTORY

Overwhelming Evidence by Toronto People Makes Pitcher Prominent in the Public Eye.

If a person is ill and needs a medicine, is it not wise to get one that is well known to the people? The far-away evidence you read about reference to Backache and Kidney relief has been already given by Dr. Pitcher's Backache Kidney Tablets. It is left with the public to explain its merits.

WILTON AVENUE. Toronto, Ont., Dec. 19th, '01. Last February, I came down sick with a kidney and liver trouble, and I think I was told by two doctors to get home and get to bed. I wanted to get well, I went home, but did not get well. I was too uncomforable. I took all sorts of prescriptions from doctors, and tried many kinds of patent medicines, but to no relief. My appetite gave out. I could not eat anything. I felt as if I was being stabbed. A pain came on low down in front, and to tell you the truth, no one could have felt more miserable. I heard of and got a bottle of Dr. Pitcher's Backache Kidney Tablets from Dr. W. A. Douglas, and I did not get a word of good medicine. I had heard of nothing of anything, and I was told to get a bottle of Dr. Pitcher's Backache Kidney Tablets. I felt it a duty to give the tablets and the result was that I was cured.

THE ONTARIO SUGAR COMPANY, Limited, has been incorporated with power to manufacture, refine and sell sugar, syrups and other products of the sugar beet and sugar cane, to grow sugar beets, to feed, fatten and sell live stock and generally to deal in any article required or produced incidental to the carrying on of the business of the company.

THE BEET SUGAR INDUSTRY. The present crop of sugar in Canada is estimated to exceed 920,000 pounds, and is rapidly increasing. Most of it is beet sugar produced in various European countries, and merely refined in Canada. We pay foreign countries for our annual importation in the neighborhood of \$8,000,000.

Careful analyses of sugar beets grown in this province, under the direction of the Ontario Government, show that our climate and soil are admirably adapted to beet culture, and that the crop would be profitable to the Dominion. There is at present no beet sugar factory in the Dominion. We can and should grow and manufacture our own sugar as well as our own flour.

LOCATION OF FACTORY. The company propose to erect their first factory at the Town of Berlin, in the County of Waterloo, in the center of a large well-cultivated farming district. The farmers are chiefly of industrial German class, accustomed to growing extensive root crops, and the soil is a rich, deep, friable clay loam. The roads are of the best, enabling farmers to haul heavy loads and for long distances. The site is adjacent to the Grand River, which furnishes a supply of good water and drainage.

FACTORY. The company propose to have erected by a thoroughly reputable firm of sugar-factory builders, unequalled guarantees as to capacity, efficiency, etc., a first-class sugar factory, having a guaranteed minimum capacity of 100,000 tons per day of 24 hours into standard granulated sugar.

There is now offered for subscription, at par, stock call, not more than 20 per cent. at one time, and if a partial allotment is made, the surplus deposit in making allotments, regard will be had to the order of application.

Scoti, in Toronto, and in Berlin, at 10 a.m., on Saturday, next. Cheques accompanying subscriptions will be made for THE ONTARIO SUGAR COMPANY, Limited, at the Ontario Office, 22 Victoria Street, Toronto, or to the manager, Toronto, January 14th, 1902.

MANUAL TRAINING SCHOOLS. Sir W. C. Macdonald's Plan for Canada. A memorandum of a plan proposed for the improvement of education at rural schools and for the establishment of courses of instruction and training in domestic economy or household science at the Ontario Agricultural College at Guelph, Ontario.

These letters prove beyond doubt that the years spent by Dr. Pitcher in noting symptoms of faulty Kidney action resulted in Kidney knowledge possessed by no other physician on earth. Result: Dr. Pitcher's Backache Kidney Tablets.

TRINITY STREET. Toronto, Ont., Dec. 21, '01. Ever since childhood, I have suffered more or less with the kidneys and back.
