

HYDRO RADIAL BYLAW SWEEPS HAMILTON CITY

Majority of 2,737 Rolled Up
in Favor of Measure on
Stormy Day.

WORKMEN TURN THE TIDE

Saltfleet Township Again
Votes Against Line—Only
Place on Route.

HAMILTON, March 10.—The whirlwind campaign conducted by Sir Adam Beck and those associated with him in connection with the hydro radial bylaw brought wonderful results on Saturday. There were few who were familiar with the situation who had any doubt of the result, but even the most sanguine were astonished when it was announced that the majority in favor of the bylaw was 2,737.

The total vote polled was 5,607, about half of the number of persons entitled to vote on the bylaw. An analysis of the vote shows that it was a working-man's victory.

One Ward Opposed.
Ward 8, where the bylaw had its greatest majority, is the ward from which came the great majority of the city's laboring class. Only in one ward was there a majority against the bylaw, ward 2, in which reside many of the city's wealthy people.

The voting in Hamilton was light, for the voters had to face a severe rain. The supporters of the bylaw had to contend against virtually all the property owners in Hamilton, and the Catholic Power crowd pressed into service hundreds of automobiles.

Saltfleet Still Opposed.
In addition to the voting in Hamilton, the question was submitted to the ratepayers of Nelson and Saltfleet townships on Saturday, these, along with Hamilton, having failed to carry the bylaw two years ago. Nelson Township carried the bylaw by a majority of 100, but Saltfleet defeated it by 41 votes. Saltfleet thus is the only municipality along the hydro radial route that is opposed to it.

SUDDEN DEATH OF L. KARN, INGERSOLL

INGERSOLL, March 10.—Following a brief illness, the death of Lorne Karn, occurred at the family residence, Bell street. He was 37 years of age, and a son of Leonard Karn. He was ill on Wednesday, but on Thursday his condition took a very alarming turn and his death occurred most unexpectedly. The father is also very ill, practically no hope of his recovery being entertained.

Magistrate Paterson gave judgment in a police court case in which Edward Brookfield was charged with riding a bicycle on the sidewalk. It was also alleged that in passing a pedestrian, Brookfield struck him in the chest with his fist, knocking him in the ditch. The case was marked by contradictory evidence, but the magistrate imposed a fine of \$10 and costs.

"MAGGIE PEPPER" IS FEATURE PICTURE AT MAJESTIC TODAY

Generous Bill Is Being Presented,
With Excellent
Vaudeville.

Today and Tuesday Ethel Clayton, the beautiful film star, will be seen in the famous "Maggie Pepper" production at the Majestic. Elliot Dexter, who has an enviable record in screen work, plays the leading male role, and the rest of the cast is capable.

Another feature of the bill is the British film, "Kiddies in the Ruins," and is a real live touch of the big war. Harold Lloyd will be hand in "Under Fire," a big Pathe comedy, while a novelty vaudeville offering and a travelogue will round out the bill.

"Kiddies in Ruins," a Thrilling and Gripping British Film, at the Majestic Today, and Tuesday.

MANUFACTURERS CAN CUT PRICES WHEN FORCED TO

Government Announces Special
Favors in Case of
Soldier-Settlers.

BELOW RETAIL PRICES

But Purchases Must Be Made
Under Supervision, Even
Second-Hand Goods.

OTTAWA, March 10.—A semi-official announcement says:
"Soldiers who participate in the benefits of the land settlement provisions will have the advantage of considerable reductions in prices on the purchase of agricultural implements, livestock and harnesses."

W. J. Black, chairman of the soldier settlement board, announces that favorable arrangements have been made with manufacturers of implements and harnesses, by which soldiers will be given a wide range of choice of first-class implements at prices substantially below those quoted to civilians. The manufacturers also have guaranteed that soldier settlers will receive from any of their agencies the same service and consideration in the setting-up of their machinery, and in supplying repairs and spare parts as is given civilians who pay the regular retail price.

Will Control Purchases.
"The soldier settlement board will not sanction the purchase by soldiers of implements at prices greater than those quoted through these concessions, and while every encouragement will be given to the purchase by settlers of second-hand machinery, this must be carried out under the supervision of the board."

The board has secured a standard set of harness that will fill all the requirements of general farm work, and save duplication. This standard harness will be sold to settlers throughout Canada at an average price of about \$22.50. The board has also secured from the leading harness manufacturers in Canada substantial reductions in general lines of harness, blankets and accessories.

Buy Horses Through Board.
"Arrangements also have been made whereby stock, particularly horses, will be purchased through the board's own agent, a man of outstanding ability and integrity. This stock will be assembled at the following points in the west: Winnipeg and Regina exhibition grounds, Edmonton and Calgary stock yards, and at other convenient points."

The livestock branch of the department of agriculture, is assisting the board by placing at its disposal its entire personnel in the west to act in an advisory capacity and to assist settlers in the selection of cattle, sheep and swine. Settlers will have the opportunity of selecting their own horses from the large numbers assembled at the points mentioned. The horses will be tagged with their prices.

Teams at \$350.
"Settlers will be able to procure serviceable teams at an average of about \$350. Further, they will have the opportunity of putting their teams in harness and satisfying themselves that they are what they want before concluding purchase."
"All stock purchased through the board is absolutely guaranteed. In Eastern Canada where it is not necessary to assemble stock, settlers will be advised and assisted in making their purchases by expert stockmen of the locality."

INTER-PROVINCIAL LABOR CONFERENCE NEARLY ENDS IN ROW

"One Big Union" Idea Not
Unanimous; Even Called
a "Pipe-Dream."

CALGARY, March 10.—The concluding stage of the inter-provincial conference was thrown into great turmoil Saturday morning by the deliberate attempt of the part of a section of the delegates to throw "a monkey wrench" into the machinery with the object of showing that there was not by any means an unanimous opinion as to the formation of "the one big union" idea.

The fat was in the fire when one of the delegates stated that he overheard certain remarks that others of the delegates had purposely refrained from voting and were going back to their unions with the avowed intention of telling their respective members that the whole thing was but a "pipe dream."

Then matters grew so warm that eventually W. Lawson of Fernie demanded a roll call. This, however, was not agreed to by the chair, and the conference eventually accepted the resolution of the British Columbia delegates to act as a guide to the "central committee" of the new organization.

Clocks in U. S.
Move Ahead an
Hour March 30

WASHINGTON, March 10.—To make effective the daylight saving law, Director-General Hines today instructed railroads to turn their clocks ahead one hour at 2 a.m. Sunday, March 30. Clocks will be moved back at 2 a.m. on the last Sunday in October.

"Kiddies in Ruins," a Thrilling and Gripping British Film, at the Majestic Today, and Tuesday.

WHERE WILL THE REVENUE COME FROM?

To meet the regular expenses of administration, to pay war service gratuities to demobilized soldiers, to provide pensions for disabled soldiers and for the dependents of those who have lost their lives, as well as to carry out the program of public works which is being undertaken to relieve unemployment, it is estimated that the Dominion Government will require to raise this year a revenue of about

400 MILLION DOLLARS

Last year the Dominion Government revenue was 260 million dollars and was derived from the following sources:

Canadian Customs Tariff	116 millions
Special War Tariff	45 millions
Excise Tax	26 millions
Business Profits Tax	21 millions
Income Tax and other Sources	52 millions
Total	260 millions

How is the shortage of 140 millions to be made up?

At the very moment when Canada is struggling with this problem the Western Grain Growers come forward with insistent demands for:

- (1) "An immediate and substantial all-round reduction of the customs tariff."
- (2) Free trade with Great Britain inside of five years.
- (3) Reciprocity now, and free trade later, with the United States.

These demands are apparently made in the hope and belief that, if they are granted, those making them will be relieved of a large part of what they call the "Burden of Taxation" which the tariff imposes upon them. That expectation can only be realized if the revenue raised by means of the tariff is substantially reduced. They may argue that under a lower tariff the volume of goods imported will increase, and consequently there will be no decrease in the revenue. But mark this—they want the duty removed entirely from implements, lumber, cement, oil and other articles of which they are large consumers. If the revenue is to be maintained under such a rearrangement of the tariff schedules, other classes of the people must pay what the Grain Growers will escape.

Passing to the next point, how would the Grain Growers provide for the probable shortage of 140 million dollars this year? They ask the Dominion Government to impose the following taxes:—A direct tax on unimproved lands, increased taxation on personal incomes, increased inheritance taxes and increased taxation on corporations.

Vacant land now pays taxes to the Municipalities and, in some Provinces, additional taxes to the Provincial Government. Income taxes are now paid by individuals to the Municipalities and also to the Dominion Government. Inheritance taxes are now imposed by all the Provinces, ranging in Ontario, for example, from one to twenty per cent. Corporations are now taxed as persons by Municipal Governments, Provincial Governments and the Dominion Government, and also pay special taxes to every Province for the privilege of being corporations.

Last year the tariff collected sixty-one per cent. of the total Dominion Government Revenue. Does anyone believe that the forms of taxation advocated by the Grain Growers can be increased sufficiently this year to obtain the revenue which would be lost by tariff reduction, and also the additional 140 million dollars required, without crippling industry, stifling business and throwing thousands of workers out of employment?

The United States has all the forms of taxation advocated by the Grain Growers, but still finds it necessary to maintain its customs tariff.

If the Grain Growers are to escape almost all taxation, including the great increase caused by the war, what will happen to the people who will be driven out of business through having to pay not only their own taxes but also those of the Grain Growers? Will they try to grow grain? It is more likely that they will go to the United States to get work, as other Canadians went fifty years ago, and leave a population, chiefly farmers, ever growing smaller, to bear all the taxes, ever growing greater.

Again we ask where is the extra revenue coming from?

SUSPECT FOUL PLAY IN DEATH OF CHATHAMITE

Inquest Ordered Into Death of
Thomas Whalen—Found
Dead by Son.

[Special to The Advertiser.]
CHATHAM, March 10.—An inquest was opened today by Coroner Dr. R. V. Biny to inquire into the circumstances connected with the somewhat mysterious death of Thomas Whalen, whose body was found in his home when his son went to call on him. It is reported that there are skull conditions which may indicate foul play, and a full investigation is being conducted. Whalen lived alone, and the last activity shown around the house was on Thursday morning, when smoke was seen coming from the chimney. Whalen was fully dressed and had his cap on when the body was found lying in a pool of blood, but it was thought at first that he had fallen against the stove. Later developments aroused suspicion because his wallet is missing, and he is reported to have had some \$200 in the wallet. The inquest will be continued on Tuesday morning.

214 SOLDIERS FOR THIS DISTRICT ARE COMING ON CRETIC

Transport Is Conveying Home
1,782 Canadian Troops.
All Told.

OTTAWA, March 10.—The transport Cretic, carrying 1,782 Canadian soldiers, is now on her way across the Atlantic, and will probably reach Halifax on or about March 22. The classification of Ontario men on board by dispersal areas is as follows:
Ottawa—Two officers, 73 other ranks.

NUXATED IRON

Increases strength of delicate, nervous, run-down people in two weeks' time in many instances. Used and highly endorsed by former United States Senators and Members of Congress, well-known physicians and former Public Health officials. Ask your doctor or druggist about it.

Kingston—One officer, 19 other ranks.
Toronto—Seventeen officers, 465 other ranks.
Hamilton—Seven officers, 30 other ranks.
London—Five officers, 259 other ranks.

An Old Recipe to Darken Hair

Sage Tea and Sulphur Turns
Gray Faded Hair Dark
and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or grey. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Port Arthur—Seventeen other ranks.

DID HER A WORLD OF GOOD, SHE SAYS

Mrs. Moore Was So Weak She
Could Hardly Get Up—
Health Restored
by Tanlac.

"I feel so well now that I can hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore of 943 S. Wellington street, Memphis, Tenn.
"I had been in a rundown condition for two years," she continued, "and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so listless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headaches that would almost drive me distracted."
"My appetite picked up on my first bottle of Tanlac, and I am now eating three hearty meals a day, those awful headaches are gone, and I am all feeling just fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."
"Tanic is sold in London by Standard Drug Limited, and by an established agency in every town."

JUDGE SUPPORTING "PASTOR" RUSSELLITES

NEW YORK, March 10.—Federal court action today in the cases of eight followers of the late "Pastor" Russell, who during the war were sentenced to 20 years in prison, disclosed that their legal fight for clemency has the support of United States Judge Harland B. Howe of Vermont, who presided at their trial in Brooklyn last year.

ANOTHER ATTEMPT TO ASSASSINATE LENINE

Now Russia May Have Another Span of Executions.
COPENHAGEN, March 10.—Another attempt has been made on the life of Nikolai Lenin, the Russian Bolshevik premier, at Moscow, according to reports received here today. Shots were fired at Lenin but he was not injured. His chauffeur was wounded.
