

H. L. BRITTAIN TO MANAGE HOSPITAL

Trustees Appoint Him as Superintendent for One Year.

REMAINS WITH BUREAU But is Given Opportunity to Carry Out Suggestions He Made.

In order that certain recommendations of the bureau of municipal research might be worked out in the administrative department of the Toronto General Hospital the board of trustees yesterday appointed Horace L. Brittain, manager of the bureau but will continue to conduct it.

FOOD CONTROLLER COMING.

That a wise program was mapped out by W. J. Hanna when he issued the edict regulating food control, is the opinion of Frank Bear of the Toronto office of the food controller.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE British guns yesterday vomited forth a devastating fire along the whole Belgian front, and the enemy replied more vigorously than usual with his artillery.

The British aerial service in September destroyed 276 German airplanes in the western theatre of the war. It also dropped 7,886 bombs, increasing the comfort of the soldiers.

The French, consolidating their gains, have established their new positions in the bend northeast of Soissons on the line of Mont des Singes and Chavignin, and they now overlook the German communications in the Ailette Valley.

The French advance was remarkable from the swiftness of the progress against steep hillsides and thru deep vales. Their artillery had also registered the ranges to a nicety.

The enemy has embarked on a counter-offensive against the Italians on the Julian front. Since the Austrian army has become weak and inefficient as depleted, owing to its previous severe punishment.

The enemy is undertaking his offensive against Italy because Austria-Hungary is desperate plight, with the Italians in possession of the dominating positions. The recent rioting and agitations of the Italian Socialists over the food shortage are certainly a factor in inducing the enemy to believe that Italy is the weakest of the western allies.

German mines and submarines have increased their destruction of British merchantmen to 17 large ships, against the 12 reported last week in the British Admiralty return.

BOARD MAY ALLOW EXTENSION OF YARD

Believed Application of T. H. & B. Railway Will Be Granted.

Hamilton, Oct. 24.—Whether the T. H. & B. will be permitted to expropriate city property for the extension of the Kingston yard is a question that is still unsettled, despite the fact that the Dominion Railway Commissioners were in the city again today.

LABOR CONTESTS HAMILTON SEAS

Names Walter Rolfo for West and Harry Halford for East.

Hamilton, Thursday, Oct. 25.—West and East Hamilton will have Labor candidates. Walter Rolfo will contest the west and ex-Ald. Harry Halford the east.

This decision on the part of the Labor party means that Hamilton will see some of the most bitter fights in both the riding in the east and west.

HANNA TRIES TO CUT COSTS OF DISTRIBUTION

Food Controller Explains Reasons for Restricting Sales of Package Goods.

Ottawa, Oct. 24.—"We are trying to reduce the cost of distribution of food to the lowest possible margin without unduly setting the whole economic industry, such was the statement made to the Canadian Press today by Hon. W. J. Hanna, food controller, when interviewed.

"We have found that the rolled oats and wheat products when sold in the smallest packages of ten cent over fifty per cent more than when sold in bulk. People do not seem to realize that the average cost of a percentage of the cost is represented in the package and the advertising."

CAPACITY GREATER THAN WAS AGREED

Electrical Development Company Said to Use More Water Than Intended.

Investigation of the charges laid before the last session of the legislature by Sir Adam Beck that the Electrical Development Company of Niagara Falls was using more water than allowed by development of power than allowed by agreement with the park commission, was continued last night.

Y.M.C.A. CAMPAIGN MAKES PROGRESS

Yesterday's Canvass for Membership Was Little Below Tuesday's Figures.

The second day's result in the great membership campaign of the Y. M. C. A., although falling short of the total reached on the first day's drive, still showed that good progress is being made by the various teams under their energetic captain, Dr. G. H. Locke, who has been in the city since the first day's drive.
