BROADVIEW FAIR PROVES ENJOYABLE

Ex-Premier of New Zealand Delivers Address on Opening Night.

Last night marked the opening of the nineteenth annual fair at the Broadview Y.M.C.A. Following the parade, the audience in the main foyer listened to Howard Walker, the chairman, tell how ernestly the members had taken this fair and how determined they were to make it a bigger and better exhibition.

Mayor Church was glad to see that such a foundation was being laid which could have only one result—to put the British fig in front of the trading nations of the world.

Sir Thomas Mackenzie spoke of New Zealand, of which he is ex-premier. He said that tho widely separated, the dominions needed only a situation like the great war to expose the loyalty that was always there. No nead like a president could secure a devotion to the mother country such as is shown under tht present system of government.

As the opening ceremonies occupied more time than was expected the Camp Kraft contest was postponed until Saturday.

All the departments reflect the energy of the directors. Letting the exhibitors handle their own affairs without any interference has much to do with giving them the confidence in their ability necessary to make the fair the success it is.

Tomorrow is Industrial Day. 6 p.m., Movies in Auditorium; 6.30 p.m., directors' luncheon; 8 p.m., swimming exhibition, woodworking demonstration; 8.30 p.m., high class concert.

IRISH TOWN SCENE OF GREAT HAVOC

(Continued From Page 1).

forms, half khakia and half police blue, whizz thru the man thorofare, the men rifles in hand. The local police consisted of twenty Royal Irish Constabulary veterans. They are said to have prevented the "black and tans" from burning the principal factory in the town and also to have saved other property.

One child had a rather remarkable escape from a stray rifle bullet, which carried away an apple from its mouth without injuring the fingers or lips.

The body of Inspector Burke of the Royal Irish Constabulary, who was killed during the early fighting, was removed today from the police station, but the bodies of Gibbons and Larless still lay in a nearby outhouse awaiting the holding of an inquest.

Fire Near Further Outrage.

The manager of a British-owned hosiery factory, the inside of which was completely ruined, was preparing today to return to England. He said it would be impossible to rebuild the plant. The manager suggested that the burning of this factory marked a new phase in alleged attempts to suppress the Sinn Fein. He said that altho many creameries which had been community property had been destroyed in Ireland, he believed the burning of the hosiery factory to be the first instance of a deliberate attack on an industrial works. In this factory about 400 employes, including many women, have been thrown out of work. If the other factory had been destroyed virtually the entire working population of Balbriggan would have been rendered idle. The skilled mechanics and other employes of the ruined factory say they will be unable to find jobs elsewhere in their particular line of work in Ireland.

One of the men, a father of eight children, told the correspondent that his only chance for work was in England.

The raiding party, it is said, was dissuaded from burning the second factory only when they were informed by the local constables and the town physician that a government official owned it.

"The black and tans" are encamped at Gormantown, three miles distant. Their threats to return to Balbriggan and complete the destruction of the town is keeping the people at a high pitch of expectancy, and a majority of them are preparing to spend their third night in the open.

DRESS CARNIVAL ON FRIDAY AT ARENA

The dancing event of the season is promised for tomorrow night at the Arena Gardens when a dress carnival will be held, which Manager West predicts will surpass in every respect anything of a similar nature ever attempted hereabouts. Elaborate preparations are being made, both in the matter of lighting and scenic effects, which should add to the gaiety of the occasion; and with Stone's merry entertainers and jazz experts on the job as usual the Mutual street pavilion should be the mecca for the mirthful on Friday night, when members of the companies playing at the Royal Alexandra and other local theatres will be invited guests. Many handsome prizes will be given away, and those who like a good time should make it a point to be among those present at the carnival. Costumes are not compulsory. The floor was crowded again last night and there were many spectators in attendance. There will be dancing tonight from 8.30 until midnight. The one price of admission includes all dancing privileges at the Arena nightly.

WILL SELECT SITE FOR NEW SCHOOL

Board of Arbitration Will Endeavor to Settle Delayed Question.

School section No. 28, which includes Mount Dennis, Silverthorn, Roselands and Black Creek, has placed the matter of choosing a site for another school building in the care of a board of arbitration. Stormy meetings have been held during and since the war, and three sites have been before the ratepayers.

It has been claimed that in some cases trustees have run riot in order to have the "best ever," and that "model building" has soon required addition. In other cases, it is claimed, ratepayers have taken no interest until aroused by the possibility of an increased school tax, and then they appeared in protest after legal meetings have been held.

In other cases also, The World has been informed, where charges of "real estate" deals have been made, meetings in past years were not open to the public and the press. There is also the objection taken by ratepayers not long in Canada and who have moved from the city to escape city school taxes. These people refuse to vote for anything but portable schools, which, as every Canadian is supposed to know, cannot be equipped in a sufficiently sanitary condition to warrant the approval of the department of education.

The purpose of the county school board, as The World has learned by investigation, has not been to usurp the democratic rights of any community, but to insist upon the provincial standard of education and, at the same time, apply a more equalized school tax.

GOOD SURPLUS FROM COMMUNITY DANCE

Mrs. Gurnett gave an interesting address to the members of Williamson Road Home and School Council, at their regular monthly meeting held in the school yesterday afternoon. Mrs. Silman, president, in the chair.

The speakers urged parliamentary usage in the conduct of the council's business, pointing out that time would be saved, and matters facilitated. She also outlined the duties of each officer of the organization and gave other valuable advice.

Mrs. Strickland made a special plea to mothers to instil into their children's minds the virtue of honesty.

The secretary reported a sum of $200 raised thru the recent community dance. The amount was devoted to the purchase of a pathescope machine and paying off of a portion of the piano account.

RATEPAYERS' MEETING.

Many questions of importance to the district were discussed at a well attended meeting of the Riverdale Ratepayers' Association executive committee, held at the president's residence, Doel avenue, last night. William Chapman in the chair.

Regarding the G.T.R. level crossing on East Queen street, many complaints were considered and J. Tobin was appointed to make enquiries and submit a report to the next general meeting.

L. W. Mullen suggested that the proposed Leslie Street School east and west wings of two storeys each should be changed to three storeys in conformity with the main building. It was decided to communicate with the school trustees.

That the vacant land, the property of the city, should be sold owing to the high cost of land held by private owners, was a suggestion which will be further considered.

Other questions which will be discussed at the next general meeting are the new Gerrard street bridge, a district library and public convenience at Greenwood avenue, lights on Ivy avenue and an additional appropriation by the city for the new Greenwood athletic grounds.

Bank Is Robbed.

"Spies and informers beware," was the label pinned to the clothing of a man found dead in a field today in County Carlow.

The third soldier injured in the affray in Dublin on Monday died from his wounds today.

A motor lorry containing six policemen was ambushed near Lahinch by 100 men today. Four of the police were wounded. Two military lorries came to the rescue. The attacking party fired and two soldiers are reported to have been killed. Thirty arrests were made.

Two houses in an adjoining village were burned supposedly as a reprisal.

Players Do Not Take New League Seriously

Ottawa, Sept. 22.—With reference to conflicting reports from Montreal, in connection with the forthcoming hockey season, an officer of the Ottawa club, Stanley Cup holders, said today:

"The National Hockey League will certainly operate. If any hitch should occur at Hamilton or Toronto there will be a four-club series, consisting of Ottawa, Quebec and two Montreal teams. Fred Hambly has been invited to move his team to the Mount Royal Arena. We favor, for many reasons, the four-club series in the east, but are certainly going to see that President Hambly and his confreres in the St. Patrick's Hockey Club receive protection.

"None of our players treat the alleged new league seriously. The offers they received from the Toronto promoter were turned over to us."

C.W.A. SANCTIONS DUNLOP ROAD RACE.

A sanction has been issued by Fred A. O. Johnston, C.W.A. racing chairman, to the Dunlop Tire & Rubber Goods Company for their annual twenty-mile road race to be run on the Danforth-Markham road on Saturday afternoon, October 16.

The C.W.A. are looking forward to this race as being the biggest event to be run this year. Extra interest has been created by the fact that for the last three or four years it has been run in western Ontario. It is up to Toronto to prove by the support it gives to this race that it is advisable for the Dunlop Company to keep the race in this district.

All riders intending to take part are advised to send in their entries early as the C.W.A. handicap committee will be able to give better consideration in alloting the starting positions. Post entrants are likely to be put on scratch.

K. OF C. BOWLING OPENING.

The Knights of Columbus are opening their bowling activities for the coming season with a big stag on Friday next in their club rooms, Sherbourne street. Vaudeville, movies and refreshments are the big features of the evening. Jules Brazil has charge of the musical end of the program and he promises some surprises. The K. of C. League last year was composed of some sixteen teams, but the committee has found it necessary to arrange for thirty-two teams for this season. All games are to be rolled on the club's new alleys. Another feature it is intended to install is a canteen to feed the hungry trundlers. Chairman Jim McGrath also promises to have entries in all the downtown tournaments this winter.

Clarke's Shorthand Popular

Day after day I am besieged with enquiries by phone, personally and by correspondence, from young people who are desirous of becoming reliable and accurate shorthand writers in as short a time as possible. The majority of these young people have come to me after having made a vain attempt to master some other lengthy, drawn-out, cumbersome system, employing many useless signs and technicalities. My course is greeted by them as "a great blessing," for, after my practical demonstration given to all enquirers, they see in a minute much time has been wasted. If this applies to you, do not give up, come and see me personally as these young people have done. You will agree, as they have agreed, that my course is a "reasonable" method. It takes but three months or less to master. Fgsitions for all graduates. J. C. Clarke, Principal, Clarke's Shorthand College, 395 College Street, or phone College 182.
