MASKED MEN SEIZE OFFICERS IN NAME OF IRISH REPUBLIC

Brig-General and Two Colonels Kidnapped, But Two Latter Freed. ONE BADLY WOUNDED. Belfast, June 27.—Brig-Gen. Lucas and Colonels Danford and Tysell, from the Clonmel barracks, living in a fishing hut three miles from Fermoy, County Cork, were taken prisoner Saturday at midnight and removed from the hut in a motor car belonging to the general. They had just retired for the night after a day's fishing when a band of armed and masked men appeared and seized them in the name of the Irish Republic. Col. Danford was seriously wounded after he jumped from a car in an endeavor to escape. The other colonel was liberated in order that he might attend to the wounded man. The general was taken to an unknown destination. Viscount French, lord lieutenant of Ireland who is keen for the unveiling of war and Titanic memorials, speaking at a luncheon yesterday, said: "It cannot be too clearly shown that the government is not under any circumstances listen to any suggestion either for the establishment of an Irish republic or the coercion of Ulster. We desire above all things to give the country the utmost measure of political freedom, and hope sometimes against hope that a peaceable reconciliation will eventually be effected, but having said so much, I would be wanting in my duty if I did not repeat what I have said before, that we are determined the Irish people shall enjoy the same protection as the people of other parts of the kingdom and the government will not hesitate to employ all the forces at its disposal to attain this."

FORCED JAIL DOOR

Silgo, Ireland, June 27.—A raid carried out yesterday on the Silgo jail had as its object the liberation of Frank Carty, member of the newly-elected Sinn Fein town council, who had been held, according to the Sinn Feiners, on the charge of having given false evidence regarding a raid for arms. The party numbered about 100. The gate of the jail was forced, and a well known member of the Sinn Fein party, who had been in the jail, was compelled to hand over his keys. The raiders went straight to Carty's cell and took him away with them in motor cars.

ANOTHER RAILWAY AFFECTED

Dublin, June 27.—The Great Northern Railway, hitherto not affected, is now involved in the general boycott. Several of the employees of the road have been suspended for refusing to handle artillery. The Mullaghmore coast guard station, near Sligo, was burned to the ground Saturday night.

TO HOLD HEARINGS IN NEW YORK CITY

All Parties Interested in St. Lawrence Development Can Air Views. New York, June 27.—The International Joint Commission appointed by the governments of the United States and Canada to investigate and report on the advisability of deepening the St. Lawrence River in order to open up a deep sea route to a large part of the middle west, will hold public hearings beginning October 15, in New York city. It was announced tonight by Irving T. Bush, chairman of the executive committee of the chamber of commerce of New York state, in a letter to the chamber. William H. Smith, secretary of the International Joint Commission, said: "Engineers appointed by the two governments are now engaged in making surveys and the preparation of plans for information of the commission. All interested parties, whether for or against the proposed development, will be given an opportunity of expressing their views as to the desirability or otherwise of the suggested deep waterway. Its probable effect on the development of commerce on the great lakes, and between lake ports and ocean ports; what influence it would have on industrial development on either side of these boundary waters, particularly on the upper St. Lawrence; what its effect would be on the existing or other proposed water routes between the great lakes and the Atlantic, the advantages or disadvantages of combining water development with the idea of improving navigation on the upper St. Lawrence, and such other information as may aid the commission in the preparation of its report."

ADDED MONEY FOR NAVY IS VIGOROUSLY OPPOSED BY OPPOSITION MEMBERS

Wm. Duff Leads Opponents of Bigger Appropriation by Parliament—King and Crear Agree on Amendment—No Vote Is Reached. Ottawa, June 27.—(By Canadian Press).—The introduction by the minister of marine of supplementary estimates of \$1,700,000 for naval expenditures during the coming year, precipitated a spirited debate which lasted four hours in the house of commons last night without a vote being reached. Wm. Duff (Lunenburg), was the principal opponent. He suggested that England's gift of war craft be declined on the ground that Canada could not afford an ambitious naval policy. He proposed that naval dockyards and establishments at Halifax and Esquimaux be turned over to Great Britain. Hon. Rodolphe Lemieux, J. J. Denis and Ernest Lapointe, opposed the appropriation, their objections coinciding with those of the leader of the opposition, who moved that the entire new vote be rejected, the house only adopting the original naval estimates of \$300,000, which was being asked for along with this one. Hon. T. A. Crear, who is in support of Mr. MacKenzie King's amendment, defended the Defence by Ballantyne. Hon. C. C. Ballantyne said he hoped that Canada would adopt a naval policy more consistent with her dignity after the imperial conference of 1921. Meanwhile Canada was committed by the Laurier naval bill of 1910 to the defence of her own shores, and the interim policy of the government, based on the acceptance of a gift of war craft from Great Britain, required the appropriation of the arm now submitted to the house. J. E. Armstrong (Lambton) supported the government. The debate continued vigorously until midnight, when Fernand Binette was about to speak in support of the opposition amendment, when Hon. W. CHECK BY POLES TO THE BOLSHEVIKI

Heavy Fighting Ended With Dislodging of Reds From Their Positions. Warsaw, June 27.—Pierce fighting is proceeding along the entire Polish front and increasing in intensity, according to the Polish official communication issued today. The communication asserts that the Bolsheviks, profiting by the numerical superiority and great masses of cavalry, are seeking decisive results at all costs. The heavy fighting for several days in the region of Lake Messouhi ended with the defeat of the Bolsheviks, who were dislodged from their positions. According to the communication the enemy's resistance has been broken all along the line between the Pripiet and the Rzyerav-Kalenkovicz railroad, where the Bolsheviks lost 2,000 men killed. The Poles captured quantities of important war material. The Bolshevik General Sudenny's army has been prevented from developing its success in occupying Jemiljuz. Ukrainian forces have broken the enemy's front near Bielany. The communication reports a number of other minor successes.

KING GEORGE RECEIVES VICTORIA CROSS MEN

London, June 27.—King George yesterday entertained at a garden party 450 men who have won the Victoria Cross in campaigns. The men marched to Buckingham Palace from Wellington Palace, and were joined a few minutes later by relatives and friends. The men were arranged in groups according to seniority without regard to rank, and each was then presented to the King. The lists of guests include many names that will live long in British history, from Captain Carpenter, of the Vindictive, which attacked Zeppelins and Ostend, down to two drivers who saved guns at Le Cateau. Private Lynn, who won the V.C. the D.C.M., and the Cross of St. George, and then was killed, was represented by his fiancée.

QUEBECKERS FOR HYDRO WORK STOPPED BY STRIKE COMMITTEE

Latest Report From Chippawa—Workers Call Big Public Meeting For Present Week. Niagara Falls, Ont., June 27.—As the result of suggestions made by C. F. Swazey, M.L.A., at a mass meeting of Hydro employees, held here tonight, a public meeting will be called this week. The local chamber of commerce, Retail Merchants' Association and representatives of all Hydro municipalities in Ontario, will be invited here. A telegram from Premier Drury was read, pointing out that the government could not interfere in the dispute. A letter was read from W. Pape, secretary of the commission, saying that further negotiations would be waste of time. Men have been coming in from Quebec, where it is reported in the French press that the strike is off. Hydro is reported to be advertising for 500 men for canal job. Men coming in intended starting tomorrow, but were intercepted and returned by the strike committee.

HOUSE PROLOGATION OCCURS WEDNESDAY; CAUCUS ALSO LIKELY

Government Members To Consider Leadership Question—Speculation Rife. TWO-DAY CONFERENCE. Ottawa, June 27.—(Special).—Prologation has been fixed for Wednesday, and it is quite probable that the government issues will be called for that day. It is equally probable that government members will also spend Dominion Day in conference on the party situation. At least, many of the members expect to do so. At these conferences there will be discussed leadership policy and organization. On the leadership question there is still no light. Sir Robert is the real leader in ability and in the confidence of his party. He is settling the issue at once by a declaration he intends remaining, or by asking the endorsement of his party. The majority of members believe he will retire, but their belief is founded on the supposition that he would have reserved his anxiety over the situation if he had not intended to resign. In event of his retirement the members will choose as his successor, Sir Thomas White, Hon. Arthur Meighen or Sir George Foster. The cabinet wants Sir Thomas White, and the commoners Hon. Arthur Meighen. Sir Thomas stands by his declaration to retire from public life then the cabinet, with three exceptions, will support Sir George Foster. But the situation is purely speculative until Sir Robert Borden makes known his intentions. The fiscal policy will be announced. Certain public questions were dealt with in the prime minister's memorandum to a caucus last November. It has since been revised and will, it is believed, be given to the public at the caucus by Sir Robert Borden or his successor. There will be no discussion until the tariff revision next session. CALL FOR HIGHER SCALE OF WAGES

But Canadian General Electric Company May Not Accept Award. Peterboro, Ont., June 27.—The finding of the board of conciliation which was appointed at the request of the Peterboro city council to investigate the labor dispute between the Canadian General Electric Company and its machinists and electrical workers, was made public here on Saturday. The board recommends that first-class machinists, 50 cents an hour, and helpers 50 cents an hour; second-class machinists not less than 70 cents an hour; specialists not less than 80 cents an hour; all class specialists, 50 cents an hour, and helpers 50 cents an hour. The union's original demand was 80 cents an hour for machinists, 65 cents for specialists, and 55 cents for helpers. This was subsequently reduced 5 cents in each class. For the electrical workers the board decided that the increased rates offered by the company to electrical workers (other than armature winders), with 45 cents per hour minimum, being in all an increase from a range of 32-1-2 cents to 49-1-2 cents per hour in 1918, to a range of 45 cents to 65 cents per hour in 1920, was fair and reasonable. The men, to the number of about 400, have been on strike for six weeks. It is not known yet whether the company will accept the award or not. The Canadian General Electric Company had taken a position in opposition to a wage scale on a minimum basis. The board of conciliation was composed of Judge R. D. Gunn, Ottawa, chairman; Judge McGillivray, of Whitchurch, representing the company, and John Munro, president of the Toronto Trades and Labor Council, representing the men.

HIGHER INDEMNITIES SUBJECT TO RULES

Members of Commons Must Attend Minimum of Fifty, Instead of Thirty Days. Ottawa, June 27.—(By Canadian Press).—Members of the house of commons, now that they are to get an increase from \$2500 to \$4000 in their indemnity, are to be subject to new attendance regulations. Hitherto a member must put in 30 days to draw the indemnity, and for every day in excess of 15 days holiday he has had to forfeit \$20. The new proposal is that a man must put in 50 days to get the \$4000. If he puts in less he will not be deducted \$20 per day, but he will be paid \$20 for each day of actual attendance. This, it is pointed out, will overcome the complaint of many regular attenders, who contend that others very seldom are seen within the precincts of the house, and should be paid on a basis of \$20 per day for each day's attendance, rather than deducted \$20 per day for each day's absence.

MAY NOT ACCEPT

J. J. Ashworth, assistant general manager of the Canadian General Electric Company, when spoken to by The World, said that he had not seen the award of the conciliation board. "We'll be interested in the report of the board, but that is about all," he said. "If the award goes above that offered by the company to the men before they went out on strike then we won't accept it."

DEMOCRATIC CONVENTION IS IN FOR STORMY TIME BRYAN MAY MAKE TROUBLE

Forces Working For McAadoo Will Wait For Psychological Moment—Convention May Have Big Three, Same as Republicans—Prohibition Big Issue. San Francisco, June 27.—Issues, rather than men, furnish the battleground for the Democratic national convention, opening here tomorrow. Candidates cannot be considered until prohibition, the league of nations, and the Irish question have been fought out on the floor. Contesters of these planks in the party platform seem inevitable, and the convention is all set for a stormy time. The big fight is over William Jennings Bryan's determination to have "a platform no wet can run on." On this the administration forces appear so far to be pursuing a hands-off policy. As yet nobody knows what to expect from the White House. On the league of nations issue, the administration forces are lined up for a plank framed after the Virginia platform, which declares for a covenant "without destructive reservations." Mr. Bryan and his associates want a declaration for the league, with reservations "to safeguard every interest." The lines of the fight over the Irish question are not so clearly defined. While the question of issue is boiling, little change is apparent in the line-up of strength of the various candidates. Cox and Palmer are expected to go in for a test of strength on the first ballot, as did Wood and Lowden at Chicago. The strong forces working for McAadoo will wait until the background for the psychological moment. The Cox people (Continued on Page 2, Column 6).

Pistol Battle in Georgia Results in Death and Wounds

Dublin, Ga., June 27.—H. L. Jenkins, wealthy farmer and former Mayor of Cadwell, a town 20 miles from here, was killed and four other men were wounded in a pistol battle between members of several political factions Saturday night, according to reports received here today. The wounded include Hiram Mullins, mayor of Cadwell, and C. C. Cadwell, a farmer, neither of whom is expected to live, and John Quilling and John Bedingfield. Residents of the town said the controversy started some years ago over the location of the railroad station. Bedingfield and Mullins heading one faction and Cadwell and Quilling the other. More recent issues between the two parties served to widen the breach. It was said, and resulted finally in the clash last night in which every participant is said to have suffered injuries.

STRIKING EMPLOYEES ACCEPT THE TERMS OF RAILWAY BOARD

By 842 To 336 Street Railwaymen Decide on Immediate Return to Duty. FAIR INCREASE. By a vote of 842 to 88 the mass meeting on Saturday night accepted the offer of the Ontario Railway Board of a five-cent increase, bringing the wages of the men up to 60 cents an hour, or a graduated scale of from 55 to 90 cents. This will mean to eighty per cent of the men a weekly wage of from \$26.40 to \$38.50, and to those men who train others into their new jobs it will mean a weekly wage of \$31.80. Added to this, at the discretion of the men will be overtime work at the rate of 82 cents and 90 cents an hour, only twenty per cent of the men will be able to avail themselves of any overtime work offered. The increase means an increase of at least \$120 a year, and at the rate of six hours overtime a week, \$15 more. The company had already decided to accept the offer of the board, and had the men refused, the company had arranged to immediately advertise for a large force with a view to inaugurating a full service by Tuesday night at the latest, in accordance with the known intention of the board to give them 48 hours in which to decide their course of action. About fourteen hundred men were on hand, and for the most part carried themselves in a very orderly and businesslike manner. They arrived at first in twos and threes, but shortly before eight o'clock the vicinity of the Star Theatre was crowded with (Continued on Page 9, Column 3).

OFFICERS CONTROL MUTINOUS TROOPS

Uproar in Italian Chamber When Affair at Ancona Was Discussed. Rome, June 27.—The chamber of deputies was twice suspended Saturday, during the discussion of the Ancona situation and the government's policy with regard to Albania. Signor Bonomi, minister of war, assured the house that the mutiny of the Bersaglieri at Ancona had terminated, and that the officers had resumed command of the troops. He added, however, that certain anarchist elements had taken advantage of the situation to perform acts of violence. When the socialist insisted that Signor Bonomi tell the chamber where the troops were being sent from Ancona, there was a great tumult in the chamber, and the president suspended the sitting. When the sitting was resumed, Premier Giolitti was challenged on the subject of Avlona. To the challenge he replied that the Italian troops in the Albanian town were attacked by the enemy, and had to defend themselves. This provoked another uproar, and again the sitting was suspended.
