### The Price of the Edison Phonograph

An Edison Phonograph can be bought for your price whether it is \$16.25 or a higher price up to \$162.50, all playing both Amberol and Standard Records.

But you cannot measure the Phonograph by money. Whether the price is \$16.50 or \$162.50, it is not much to pay for an instrument that will last a lifetime, which will furnish you good music every day, which will furnish you better entertainment than you can buy in any other way, which will teach your children to love the best music, which will bring into your own home what other people pay large sums and go a long distance to hear.

#### A Very Dry Country.

The landlord of a village hotel in a prohibition county in Indiana is very dry.

The other day a drummer, who was at the hotel, walked up to the desk where the landlord was standing and asked: "Landlord, can you sell me a stamp?"

The landlord weighed the matter thoughtfully. Then he replied: "No, sir, I'd like to help you, but the durn-

ed dry is watchin' me so close I had to cut it out."—Saturday Evening Post.
