**Points Shows Great Diversity** 

of the Canadian Grocer deals with the Niagara canneries, which its representative PRICE OF MILK visited after the recent sensational report had been published with reference to the cleanliness of the canneries. The Grocer's representative reports that the general Information From Different conditions in the factories are good, and methods strive toward cleanliness. The only difficult matter seems to be that of the housing of the employes. At the of-fices of the Canadian Canners he was giv en letters to the managers of all their factories and was afforded every facility to

per quart, effective on October 1, and portantly on the matter Winnipeg and Kingston are said to be following suit. In Toronto, where the dealer can purchase milk for 20 cents per gallon, as against the enhanced price of 22 cents charged to Montreal, an exchange says the consumer will pay nine cents per quart after Nov. 1. Cents per quart after Nov. 1.

Ottawa is so far the paradise of those who exist on a milk diet. Seven cents a quart is all that is charged, and although it is reported that the price is certain to be raised, yet it is not expected to ge beyond eight cents. The producers appointed a committee to salt the

certain to be raised, yet it is not expected to ge beyond eight cents. The producers appointed a committee to ask the Ottawa Dairy Company for an increase making their price 20 cents per gallon. This was refused, on the present seven-ent basis charged to consumers. There are fourteen canneries in ent basis charged to consumers.
"But, if Ottawa can supply milk costing structure of the purpose "But, if Ottawa can supply milk costing the purveyor 20 cents a gallon for eight cents, why must Toronto charge nine cents and Montreal ten cents?" is the question asked.

Prices will also rule higher in the United States, says the New York World. The Sheffield Farms Company will raise their price from eight to nine cents on it that the food put up there is just as

Oct. 1. The Borden Company and the Mutual, the other two big milk supply concerns, have not yet decided upon an hotel or restaurant kitchen. With the factories to after a visit to these cannerse is that the food put up there is just a pure and just as sanitary methods are in force in its preparation as in a first-clas hotel or restaurant kitchen. With the factories with the factories of the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just a pure and just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up there is just as sanitary methods are in the food put up the food put up the food put up there is just as sanitary methods are in the food put up the food p son in the advance in price seems be found. Most of them, considering the to be the same in the United States as in the dominion, namely, the great iningly clean condition. They show evidence price of feed, horses and of frequent flushings and scrubbings, and it seems that a good deal of trouble is be The following despatches from Ontario ing taken to keep them in a towns add interest to the story from the compatible with the industry."

### **PERSONALS**

Montrealers' standpoint:
BERLIN, Sept. 30—Milk six cents per quart, in bulk or bottles. No raise in Mrs. Norman Guthrie is expecting her BELLLEVILLE, Sept. 30-Retail price GUELPH, Sept. 30—Milk here is seven cents per quart; same price in bottles.

BRANTFORD, Sept. 30—Retail price of milk here is six cents per quart. Only one company sells in bottles, but bottled milk is same price. Owing to recent advance made by producers there may be an increase in retail rates to seven cents.

KINGSTON, Sept. 30—Milk is retailed at six cents per quart, but it is likely to advance. In quantities of over six quarts,

advance. In quantities of over six quarts, five cents per quart is charged. Dealers are buying milk from shippers at \$1.50 per hundred pounds, or ten gallons.
