

for fourteen years. Mrs. Blair is ever on the alert to prevent the spread of contagious or infectious diseases among the pupils, and is ever ready with her timely dose to stamp out all dreaded scourges.

In closing this report your Board cannot too strongly speak of the manner in which our Superintendent, Mr. C. F. Fraser, has performed not only the duties incumbent upon him, but also other duties and responsibilities for the good of the Institution. The friends of the blind throughout the Maritime Provinces can never repay the debt they owe to the Superintendent for the zeal, energy and enterprise exerted on behalf of that most interesting class of young people for whom this Institution is conducted. The present prosperous condition of the School is mainly due to the untiring labors of Mr. Fraser, and the Directors consider it a pleasure to testify to their sense of the value of his services.

The thanks of the Managers are due to Doctors Lindsay, Douglass, Cogswell for their kindly attention to the pupils; to the Committees of the Orpheus Club, Y. M. C. Association, and to the Manager of the Academy, for tickets to their excellent concerts and entertainments; to the railway, steamship and coach proprietors, for privileges granted to the Superintendent and pupils.

The Treasurer's statement herewith subjoined shows a balance of \$271.99 to the credit of current accounts, which, after the settlement of all outstanding bills at the end of the year, will leave a small balance towards the expenses of the current year.
