Blackwood's Magazine

AND THE

British Reviews.

L. SCOTT & CO., New York, continue to publish the following leading British

Periodicals, viz:

I.—THE LONDON QUARTERLY (Conservative.)

II.—THE EDINBURGH REVIEW (Whig.)

III.—THE NORTH BRITISH REVIEW (Free Church)

IV.—THE WESTMINSTER REVIEW (Liberal.)

V.—BLACKWOOD'S EDINBURGH MAGAZINE (Tory)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-item, crude speculations, and flying rumors of the daily Journal, and the ponderous Tomes of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals readers must look for the really intelligible and reliable history of current events, and as such, in addition to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

EARLY COPIES.

The receipt of ADVANCE SHEETS from the British publishers gives additional value to these reprints, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

DR. LA MERT

ON SELF-PRESERVATION.

Price, with Engravings and Cases, 25 cents; by post thirty cents.

SELF-PRESERVATION is a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfillment of engagements that constitute the most cherished objects of existence.

By Dr. LA MERT, 37 Bedford square, London, Licentiate of the Royal College of Physicians of Edinburgh.

Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive system during the periods of youth, puberty, and manhood, and on the due attainment of that degree of function upon which the happiness of posterity depend. It also points out how all the tribulations of Manhood can be procured to advance period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally-qualified practitioner whose name stands on the "Medical Register" (the sole list of medical qualifications), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

TEETHING

MRS. WINSLOW

Assistants in the Medical Profession presents to the attention of mothers, her

SOOTHING SYRUP.

FOR CHILDREN TEETHING.

which greatly facilitates the process of teething, by soothing the gum, relieving all inflammation, will allay all pain and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years and can say in confidence and truth, of it what we have never been able to of any other medicine—never has it failed on a single instance to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effect and medicinal virtues. We speak in this matter, what we do know, after ten years experience, and please our reputation for the fulfillment of what we profess to do.

Almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with never failing success, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve

CRUPE IN THE BOWELS AND WIND COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of dysentery and diarrhoea in children, whether it arises from teething or any other cause. We would say to a mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between you and your suffering child, and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of Curtis & Perkins, New York, is on outside wrapper.

Sold by Druggists throughout the world.

Principal Office 13 Cedar Street, N. Y.
