LIFE SENTENCE FOR DR. HYDE

WAS CONVICTED OF MURDER OF MILLIONAIRE

Attorneys for Defence File an Appeal to the State Supreme Court

(Times Leased Wire.) Kansas City, Mo., June 29.—Dr. B. C. Hyde on Tuesday next will be sentenced to spend the remainder of his life in state prison by Judge Ralph Latham for the murder of Colonel Thomas H. Swope, the Kansas City millionaire philanthropist.

Attorneys for Dr. Hyde used every means available to avert the imposing sentence. Judge Latham today overruled a motion for a new trial for the defendant. In doing so, he epitomized the entire trial of the physician.

Dr. Hyde will remain in the county jail instead of beginning his prison term, so as to be near Mrs. Hyde, who soon is to become a mother.

ENGINEER GOES TO SOOKE LAKE

MORE DATA ON THE WATER QUESTION

Burwell's Report to Be Supplemented by Another From Angus Smith

Angus Smith, city engineer, left on Tuesday for Sooke Lake to make an aerial survey of the country lying between the Lake and Leech river.

Mayor Morley is desirous, however, that further data shall be placed in the hands of Mr. Burwell, and it is to this end that the city engineer has proceeded to Sooke. There have been but two meetings of the Citizens' Committee, and no hope is entertained by any one conversant with the circumstances that anything will be done with the Sooke project this year.

In the meanwhile the Equilmat Waterworks Company is busily engaged in laying its six-inch main to supply the city. Under the terms of its charter the Equilmat company must supply the city with water at the rate of six cents per thousand gallons, provided, however, that a clear year's notice be given.

ZEPPELIN NOT DISCOURAGED

DECIDES TO BUILD ANOTHER AIRSHIP

Will Take Place of the Deutschland, Which Was Wrecked in Storm

(Times Leased Wire.) Berlin, June 29.—Heartbroken but undaunted by the wreck of the aerial liner Deutschland, Count Zeppelin, its inventor, announced today that he will at once construct an airship half the size of the Deutschland, but with a carrying capacity of forty passengers.

Manager Coleman, of the German Airship Company which conducted the trips of the Deutschland, said the fate of the high liner would not alter the company's plans for passenger air lines.

"No airship of another type would have dared to ascend in such a wind as prevailed yesterday," said Coleman. "No other airship could have weathered that hurricane. The problem of navigating the air in rough weather was solved by the Deutschland's ascension yesterday, but the problem of alighting in rough weather is unsolved.

"Our faith in commercial aviation is unshaken, and we will continue our plans for aerial passenger lines." The Deutschland made the first purely commercial aerial flights several days ago. Yesterday's disastrous trip was the third of any consequence made by the big "palace of the skies." After remaining on the ground for two days awaiting better weather, the operators of the Deutschland decided to brave the wind and ascend yesterday with more than a score of reporters aboard.

The reverse motor failed to work and the big liner was driven before the wind for 100 miles before crashing to the ground, near Byruy, an almost total wreck.

It is learned today that three of the Deutschland's passengers were injured internally when the craft plunged to earth. While it was still some distance above the Leutberg forest a member of the crew, named Frobenstein, became panic-stricken and jumped from the car.

The wreckage of the Deutschland was gathered up and shipped to Friedrichshafen today. The vessel cost \$200,000, of which two-thirds was salvaged. The balance was uninsured and will be a total loss. The troops guarded the wreck last night.

JURY IN BRIBERY CASE FAILS TO AGREE

Out for 115 Hours But Unable to Reach Verdict—Record for Illinois Court

(Times Leased Wire.) Chicago, June 29.—After having been out 115 hours considering the evidence in the trial of Lee O'Neil Browne, charged with bribery in connection with the election of William Lorimer to the United States senate, the jury in the case reported today that it could not agree upon a verdict.

When court convened at 10 o'clock today the indications were that the jury would disagree. They plainly appeared restless under the rigors of their long confinement, and Judge McSurely had announced that unless an agreement were reached today he would dismiss the jury.

The jurors appeared little pleased with their long "legs" behind guarded doors. Many looked ill and worn, and were unkempt, and it was apparent that little good feeling existed among them. None appeared excited among the record they had set in the courts of Illinois, having been out the longest of any jury in the history of criminal proceedings in the state.

States Attorney Wayman said he would ask for a re-trial at once. "The state is ready and willing that a new trial start this afternoon if a man 'I will insist upon an early trial.' When Judge McSurely called the jury in today he asked if there was any chance for an agreement. The jurors answered in unison that there was not. The court again urged them to try to agree, and the jurors replied that any further attempt would be useless. Judge McSurely, then discharged them.

WILL DEMAND EXTRADITION.

Rome, June 29.—The minister of foreign affairs today decided to demand of the United States the extradition of Porter Charlton to face trial for killing his wife, Mary Scott, Castle Charlton, at Montreal on Lake Como.

In the period from 1877 to 1908 there were erected in the County of London 8,524 new buildings, and in the same period 145 miles of new streets were laid out. There are at least five hundred varieties of the potato in existence.

PACIFIC CABLE NEEDS LAND LINE

MANAGER IN CANADA TO MAKE ARRANGEMENTS

Business Grown So Enormously as to Render Link Across Dominion Necessary

(From Wednesday's Daily.) The Pacific Cable is being used in an ever-increasing degree within the past three years, and is now fulfilling the service between the chief portions of the empire that was hoped for at its inception.

So great is the volume of business now offering between Australia and the old land that an independent land line across Canada has become an imperative necessity. Hitherto the cable company has had to transfer messages to the C. P. R. Telegraph Company for transmission over the continent, but it is felt that this arrangement will not meet the present and future needs of the service.

John Milward, Australian manager of the Pacific Cable, arrived on the Marana and goes through to Montreal, where he will meet A. S. Baxendale, London, chairman of the Pacific Cable Board, and together they will discuss with the officials of the C. P. R. Telegraph Company the leasing of a wire from Vancouver to Montreal. Later Mr. Milward and Mr. Baxendale will come to the coast and inspect the B. C. terminal station at Banfield.

Speaking to a Times representative this morning Mr. Milward stated that the business of the Pacific Cable has grown enormously of late and is bound to increase in a remarkable degree. This has made it necessary that the board secure a land link which will be under its control at all times. The object of this will also give a great impetus to the imperial press service.

As an instance of the efficiency of the Pacific Cable Mr. Milward mentioned that at the time of the King's death the cable gave a great amount of information to the press story with the Commercial Cable and Eastern Extension and also with the Pacific Cable. The Pacific Cable beat its rivals by several hours in the delivery of the message in Australia.

AGREEMENT WITH RAILWAY RATIFIED

Vancouver Ratepayers Favor the Grant of Land at Head of False Creek

Vancouver, B. C., June 29.—By a vote of over four to one, in the heaviest by-election since the history of the city, the property owners of the False Creek area yesterday gave their assent to the False Creek agreement between the city and the V. & E. Railway Company, by which the latter is granted sixty-one acres in the head of the creek in exchange for the extinguishment of the riparian rights on the north shore.

The poll at the ward polls at 3 o'clock yesterday morning when they closed at 7 p. m. there was a continual stream of voters pouring in to register their opinions, and the total registered votes of 2,374, not including spoiled ballots, shows how keenly the issue touched the average ratepayer.

HOUSES WRECKED BY CLOUDBURST

Four Persons Killed in Kentucky—Death Toll May Be Increased

Sayreville, Ky., June 29.—Efforts are being made to ascertain how many deaths were caused by a severe cloudburst in Flood, Knott and Magoffin counties early today, when inestimable damage was done to property and crops. Four bodies have already been recovered and it is believed several more persons were killed.

WRESTLE WITH CIVIC B

ALDERMAN BANNETT MAKES A

An Alleged Attempt Spirit of the M Act

On the by-law providing for the abolition of the local improvement district, Alderman Bannett, at a day night's meeting of the Municipal Council, made a disposition of the board to submit large propositions to the people.

The city solicitor has opinion that the Dallas amendment could be divided more parts. Ald. Bannett did not like this method. The act provided amount in excess of \$1 should be consulted. It was made for the purpose of the interests of the people.
