

ELMER YOUNG THREATENS NOVA SCOTIA AUTHORITIES

Says He Will Take Proceedings Against Them From London--He Was Refused Custody of Baby Elma and Sailed For Boston From Yarmouth Yesterday Feeling Very Indignant.

(Special to the Sun.)

DIGBY, Aug. 24.—Elmer E. Young is on the broad Atlantic with his passport safely in his pocket. He registered a most emphatic kick against the action of the authorities, and shaking the dust of Nova Scotia from his feet, he left for Boston via Yarmouth this afternoon.

Before leaving, he called at the jail and asked permission to bid Mary Hope Young good-bye, but had to content himself with the assurance that she would be informed of his visit.

No one but the jail officials are permitted to see the condemned woman. Last night after sentence had been pronounced, everything which might be used in an attempt at suicide was removed from the cell, but today she was so bright that her spare garment and articles of toilet were restored to her by Jailer Hutchinson and she was as delicate as a child with a new toy, dancing about the gloomy room and laughing merrily, seemingly as indifferent as ever about what the future may hold in store.

FEVER SITUATION IS IMPROVING.

NEW ORLEANS, Aug. 24.—With yellow fever in New Orleans coming steadily under control and apprehension no longer felt of a dangerous epidemic, federal surgeons are anxious to put restrictions against free intercourse between New Orleans and interested regions in Louisiana to prevent re-incursion of the disease.

Today's report of yellow fever in New Orleans is encouraging. The fund during the year, fifty-three death claims were assessed during the year. Forty-five were due to natural causes, and twelve were due to accidental injuries, and they totaled \$30,750. Fourteen claims for total disability allowance, aggregating \$6,250, were approved by the general executive committee—assessed and paid.

Russia Flatly Refuses To Consider Japan's Newest Proposals.

Witte Says Roosevelt's Suggested Argument is Only a Sham, and That So Far as He is Concerned Russia Will Never Pay One Cent-- Outlook is Very Dark.

PORTSMOUTH, N. H., Aug. 23.—The Japanese plenipotentiaries at the conclusion of the afternoon session of the peace conference threw their cards upon the table. It was a dramatic moment—the moment to which all the previous proceedings of the conference had led.

sentiment there, in Moscow and other large centres, favors acceptance of the compromise. This may mean much. But the real hope still rests with President Roosevelt, who is resourceful. He has made another move. He has sent Ambassador Meyer direct to the emperor and they were together, according to advices, received here, for they were in the city.

Mr. Roosevelt himself tonight may know more about how the emperor feels than M. Witte and he is able to act upon the information conveyed to him by his ambassador. The report is indisputably true that the emperor has been so impressed by the attitude of Emperor Nicholas, and favored even harsher terms than those originally presented. The Japanese people feel, and their feelings, it is said, will be respected by the government, that to weaken now would mean that Japan must re-open the war in a decade.

THE CORRESPONDENTS' VIEWS. PORTSMOUTH, N. H., Aug. 24.—Alexandre N. Brianchanoff, the correspondent of the St. Petersburg Slovo, telegraphing to his paper tonight, says:

It is not possible to understand how Russia, which always believed in the justice of her cause, should answer with a non possumus, preferring a question of honor where in reality it was a question of money. It is therefore not to be imagined that the government at St. Petersburg will be blind in its obstinacy, or that the Emperor, the author of the Hague Tribunal, will pass such an excellent opportunity to add new glory to the idea of arbitration, which is so dear to him.

INSANE MAN KILLED HIMSELF.

Arthur McCarty, Inmate of Provincial Hospital.

An inmate of the Provincial Hospital at Lancaster, who has given the attendants a good deal of trouble for some time past, died here today of a self-inflicted wound, which he had inflicted upon himself on the night of the 23rd inst.

McCarty was closely and constantly watched, but on several occasions has proven himself too crafty for his attendants. The hospital authorities have endeavored in every possible way to draw the man to himself from suicide. They have kept him hard at work as much as possible, but this failed to turn him from his set purpose.

STEAMER ASHORE IN PETITCODIAC RIVER

MONCTON, Aug. 24.—The steamer Wilfrid C. which left here this morning about nine-thirty with the Brotherhood of Locomotive Firemen excursion to Hopewell Cape Rocks, got stuck on the flats about two miles down river and is hung up high and dry. There were some twenty-five or thirty excursionists on board, and when the steamer ran on the flats they were hurried ashore in row boats. All the passengers were safely landed, and with the exception of a coating of Pettitcodiac River mud they escaped without damage. People aboard got a bad fright, but there was no occasion for alarm, as the steamer simply plowed into the mud flats and stuck fast, being left there by the tide, which was low when the boat left the wharf. It is thought the steamer will suffer no damage, as the mud makes a soft bed for her and she has not listed enough to harm her. She will float with tonight's tide and be brought back and her bottom examined before making another trip. The excursionists, who were landed at Fox Creek, were brought back to town in teams.
