CONSERVATIVES WILL MAKE CLEAN SWEEP OF P. E. ISLAND

Premier Hazen Returns from Campaigning Tour of Island Province in Company with Mr. Borden - Canada's Next Premier Made Deep Impression Everywhere.

At Charlottetown Mr. Borden was accorded the greatest political demonstration ever given to a public man on the Island, said Hon. J. D. Hazen, who returned to the city yesterday, after several days of campaigning in the latter province.

"The warmth of the reception given Mr. Borden on the Island surpassed anything in my experience," he added. "The enthusiasm displayed at the meetings he addressed at Charlottetown, Summerside and Souris, showed that the popular feeling is very strong against the reciprocity pact, and everywhere we went the general impression was that the Conservatives would make a clean sweep of the Island."

"The farmers of the Island are very much opposed to the pact. They know that if reciprocity is adopted they will get lower prices for their horses, pork, early vegetables, eggs

and other products. Mr. Borden's meetings were attended by farmers from all parts of the province, and the way they applauded his trenchant criticism of the pact left no doubt as to their sentiments."

Mr. Hazen who accompanied the leader of the Conservative party on his tour of the Island addressed two meetings at Summerside, two at Charlottetown and one at Souris, on the eastern end of the Island. On Saturday evening the premier spoke at Parraboro, Nova Scotia, at a meeting called in the interests of Mr. Rhodes, the Conservative candidate for Cumberland. Mr. Rhodes also addressed the meeting and was given a magnificent reception.

"The indications are," said Mr. Hazen, "that Rhodes will carry the constituency by a large majority. Mr. Hazen leaves today for Chatham to attend the opening of the exhibition there."

Walker, Dr. Hogan, Dr. Rowley, Dr. Warwick, Dr. Bonnell, Dr. Dunlop, Captain George Winter of the Maritime baseball team, and Joe Page. WM. LOCKHART'S BODY FOUND IN YORK SLIP

West End Man Drowned Saturday Afternoon and Body Found Yesterday - He Fell From the Wharf.

About 4:30 o'clock yesterday afternoon the body of William Lockhart was found in the York Point Slip near the I. C. R. warehouse.

Thomas Doherty and Walter Moore discovered the body lying on the bottom of the slip and they notified Coroner D. E. Berryman. A large crowd of people assembled on the wharf and after reviewing the remains the coroner ordered the removal of the body to the Morgue on King street east.

Last night a brother of the deceased called at the morgue and identified the remains, and as Coroner Berryman does not expect to hold an inquest he gave permission for the body to be removed to his home in the West End.

Dr. Berryman thinks that the man had been dead in the vicinity of 24 hours when the body was found.

The deceased was seen around on Saturday afternoon, and it is thought that while going down the wharf he slipped and fell into the slip. There was a bad bruise on the back of his head, thought to have been caused by the fall.

The deceased is a laborer and leaves a wife and five children. He was about 48 years of age.

NEW BRUNSWICK'S GREATEST SHOE HOUSE

Fall Announcement

It matters not to us that we are doing the largest shoe business in the Province. We are still unassisted. WE WANT TO DO MORE. We have never yet had a year's business that did not show an increase over the previous one.

The same standards, methods and policies on which this business has been built will continue to be scrupulously maintained and developed. To keep pace with the steady and continued growth, our plans for the coming season have been laid on a larger and broader plan than ever before.

We know there are many men in and around St. John who have not become thoroughly convinced that this store is the best store. It is THEIR business that we are after.

Just give us a chance to make a steadfast customer of you and we will do it. We figure that the best thing we can do for the betterment of our business is to give every man such good value every time that there'll be no doubt about his coming here the next time. You'll never find this out, until you wear our shoes.

We are doing our best with good shoe knowledge and a determination to give the best value possible, to make the value betterment of our shoes so apparent that you cannot fail to appreciate it. You need this value betterment. It will be good for YOUR APPEARANCE and good for YOUR POCKET BOOK. You will begin to perceive this when you look over our line; you will begin to FULLY REALIZE it when you have worn a pair of our shoes.

We are pleased to say that we are ready with a very complete display of all that is correct in shoes for the whole family and would be very glad to have you call and inspect any of our lines, even though you choose not to buy.

SIR WILLIAM VAN HORNE TO SPEAK HERE TONIGHT

Famous Railway Builder Will Deliver His Anti-Reciprocity Message to the People of St. John.

Citizens of St. John will have an opportunity to hear Sir William Van Horne the famous railway builder, express his views on reciprocity at a meeting to be held in Queen's Rink this evening. Sir William will arrive in the city at noon, and lunch with W. H. Thorne, chairman of the Conservative Association.

Since resigning from the presidency of the C. P. R. Sir William has become interested in a large number of industrial enterprises, and few men in the country are better qualified to judge the effects of reciprocity on Canadian interests than he is. What he has to say about the effect of reciprocity upon the railway traffic of Canada will have a special interest for St. John, whose position as a winter port is threatened by the pact.

The other speakers at the meeting will be Hon. J. K. Fleming, Provincial Secretary, H. A. Powell and Dr. J. W. Janel.

FROM THE RECIPROcity FIRE-PLACE INTO THE ANNEXATION FIRE. THAT'S WHAT.

Mary Daigle, aged 27 years, was arrested by Policeman McCollum Saturday evening in her house on Brunswick street, and there will be very little sympathy for her. She is charged with being drunk and with ill-treating her eight months old son. The woman took the child and threw it on the floor and then pounded its head on the floor. She picked it up and threw it into a cradle, and then threw it on the floor again. The police state that it is a wonder that the infant was not killed by the inhuman mother.

After being placed in a cell at Central Station for a couple of hours, she cried out that she wished the police to bring her darling baby to her, and if they did not bring the child she would commit suicide. The child was handed over to the care of some neighbors and Mary will appear before the magistrate this morning.

THE DEVELOPMENT IN ALBERT COUNTY

Senator Donville returned on Saturday from Albert county, where he has been inspecting the progress of the developments in connection with the project to establish a cement plant.

"Quite a force of men have been at work testing the extent of the limestone deposits, and everything is going ahead in a satisfactory manner," he said to The Standard. "Near Desnoisville Creek they have discovered an immense area of limestone, and the analysis made from borings is entirely satisfactory."

"We have an inexhaustible supply of all the materials necessary for manufacturing cement, and we will go ahead with the development of our plant as soon as possible. Our plant will be erected on the main road between Hopewell and Albert Mines, and will give employment to a large number of men."

"We will be able to use the oil in the shale deposits for fuel and will manufacture the best kind of cement at a cost which will enable us to meet any possible competition."
