### Suffered Intense Pain in Her Back, Could Hardly Do Her Housework.

If a pain attacks you in the back "stop and think" what it is and what causes it. If the kidneys are at fault—and in a large majority of cases of pain in the back they are—doctor them at once, and doctor them persistently, as it is impossible to have a well strong back unless the kidneys perform their functions properly.

Doan's Kidney Pills cure all forms of kidney trouble, and cure them to stay cured.

Mrs. H. F. Jacob, Lavant Station, Ont., writes: "I take pleasure in telling you how much good your medicine has done me. I had suffered from intense pains in my back, and so bad I could hardly do my housework. My kidneys were also bothering me a great deal. I tried several kinds of patent medicines, and was almost discouraged, and was looking for some other kind of medicine to try when I noticed your advertisement of Doan's Kidney Pills, so I thought it could not hurt to try them. I noticed a great difference when I had used one box, and to my great relief when I had used three boxes I was entirely cured, and I have not been bothered since. I will not hesitate to recommend them to all I know."

Doan's Kidney Pills are 50c a box, or 3 boxes for \$1.25, at all dealers of mail order on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

## HARD FIGHT LIKELY OVER CHURCH UNION

General Assembly of Presbyterian Church Convened—Rev. Dr. MacGillivray of Kingston Chosen Moderator.

Kingston, Ont., June 2.—At the meeting of the General Assembly of the Presbyterian church in Canada, Kingston tonight, Rev. Dr. Malcolm MacGillivray, of Chalmers church, Kingston, was unanimously elected Moderator.

Four other names were presented, namely, Rev. Dr. John Neill, Toronto; Rev. Dr. D. D. McLeod, Barrie; Prof. Baird, of Winnipeg, and Rev. Dr. John Scribner, Montreal.

In his sermon Rev. Dr. Herridge, the retiring moderator, elicited several outbreaks of applause, notably when, referring to the war, he said: "We must drive into oblivion those who prosper upon the wrongs of others. We can't all serve in the trenches, but we can all serve in the ranks also when referring to the drink problem he said: "We do not believe that prohibition will bring the millennium, but what Russia has done with her vodka, what France has done with absinthe, surely we can do with the saloons."

There is likely to be a hard fight over the question of church union, the minister declaring that they are going to fight the attacks of the minority to the end. So far the committee has not decided on the form of resolutions to be presented to the Assembly. There will be no compromise. The question is expected to come up this week.

The report on finance, which was presented tonight, stated that while some congregations had reached, and in some cases exceeded, their increased allocations for 1915, the average rate of giving was lower than it should be. The board recommended that a budget of \$1,500,000 be accepted for next year.

The total receipts for 1914 are \$887,678, as compared with \$879,572, the previous year. The deficiency on the budget of 1915 is \$612,322.

### Methodists' Decision Made.

St. Mary's, Ont., June 2.—"The Methodist church has already made its decision, and we await with dignity the final decision of the Presbyterians," declared Rev. Dr. H. S. Douglas, St. Thomas, in referring to church union in an address before the London Methodist Conference this afternoon.

## HIGHLANDERS WERE HEROIC UNDER FIRE

London, June 2.—(Gazette Cable—) Lieut. Clifton S. Horsey, of the Thirtieth Battalion, (Fifth Royal Highlanders), has reached the Cambridge research hospital where he has been visited by his father, Hayden Horsey of Montreal, London manager of the Dominion Bank. While leading his platoon at Festubert in a series of changes across an open plain towards some German trenches, 200 yards distant, Lieut. Horsey was hit by a bullet which pierced his right breast and arm. The Germans kept up a lively fusillade but the Highlanders made charges during each lull. The result of the day's efforts was the capture of the German trenches.

Lieut. Horsey saw Captain Gerald Lees killed at Ypres and he was anxious to bring the body back to the Canadian lines but it was impossible in the face of a heavy fire.

When Lieut. Horsey arrived in London he showed external evidences that the inoculation undergone at the base hospital to ward off tetanus is an uncomfortable experience, but the treatment has been instrumental in saving many soldiers lives. There is great danger of contracting tetanus from shrapnel which comes tearing along the ground.

Lieut. Horsey said the conduct of the Highlanders under the heavy fire was heroic.

## COL. GANTLEY SAYS WAR ONLY WELL STARTED

Head of Shell Commission back from Ypres Where the Canadians are Fighting.

Montreal, June 2.—Colonel T. Cantley, president of the Eastern Car Company, New Glasgow, N. S., was in Montreal tonight, having just returned from a tour of the scenes around Ypres, where the Canadians are fighting. As a member of the Canadian Shell Commission he was sent to the front under special orders of the British War Office, and as a result of his trip he believes the war is not nearly over.

"My present conviction," he said tonight in an interview at the Windsor Hotel, "is that as yet the war has only well started. If it can be brought to a satisfactory end within fifteen or eighteen months, it is about as much as I look for."

Col. Cantley says there is great need of more artillery and more shells for the British forces. He met Lord Kitchener, who not only spoke highly of the Canadian troops, but declared that the Canadian shells were the best of any that had been furnished outside of the regular British armament firms.

## WHERE THE SHIPS GO OUT FREIGHTED WITH HEROES AND BRING MARTYRS BACK

(Continued from page 1)

"But the sight of a telegram now always gives me an awful shock. 'You don't know when you will get dreadful news these days. I have a son at the front.' She mustered a smile to greet a customer, and chatted pleasantly. When the customer departed, she continued: "Yes, it's a sad world. It's awful to see the boys going off to war—such nice boys. We know so many of them. And it's worse to see them coming back minus limbs, sometimes with their fine, fresh faces battered and mangled. And so many broken in health—yes, but not in spirit."

"Our boys are brave," she added proudly. "And they're doing splendid work—yes. But oh, it's such a big job they've got to do. The Germans are not whipped yet, and we must attend their fighters. However, our boys will win—they've got to. They'll win, but at what frightful cost."

## OFFICIAL REPORTS LAST NIGHT'S WAR NEWS

(Continued from page 1)

of our position two saps of the enemy were rushed by our men, with the intention of filling them in, but a heavy bombardment checked the work and one party had to fall back. The other party still holds on to its positions between our firing line and that of the enemy.

"This action necessitated heavy artillery support, to which the enemy replied vigorously, regardless of expense. Throughout this fighting the enemy again lost heavily.

"On the southern section the Turks made repeated attacks during the night of June 1-2 against the French right and twice re-occupied a fort captured May 29. On both occasions the enemy was driven out and the French front remained intact.

"On the British front all was quiet.

Work on New Bridge. Contractors Clark on Tuesday night finished their work in laying the concrete floor on the New Bridge across the falls. They are now hard at work laying the block pavement, and expect to have this part of the work finished in about ten days. The contractors have made excellent time in doing their work, and if the approaches are hurried along it will only be a short time when the bridge will be opened to the public.

Amateurs at Opera House. There will be a big amateur night concert at the Opera House Friday night directly after the regular performance by the Musical Revue Company. One of the features will be the "Kentucky Rosebuds," a snappy musical organization of 12 singers, dancers and comedians from Duke street and Union Alley in plantation medleys and instrumental music as well as old style "hoe-down" dancing. "Bill and Mack," a celebrated team of local entertainers, are going to present a new act for the first time on any stage. There are already 6 entries for the contest with more to come.

## AUSTRIA

Vienna, via London, June 2.—The following official statement was issued by the Austrian War Office tonight:

"The Russians have renewed their strong attacks against the allied troops on the eastern bank of the San. Desperate attacks everywhere have been repulsed with heavy Russian losses.

"On the northern front of Przemysl two additional fortifications have been stormed, and we have maintained the conquered ground.

"South of the Dniester our attacks are successfully progressing. Hostile positions between Stry and Drohobycz were stormed yesterday.

"Strong Russian forces which yesterday attacked our position near Solotwina, in South Galicia, suffered severe losses. They retreated, and at some points, took to flight.

"In the Italian war theatre all the undertakings of the enemy have been unsuccessful.

"The bombardment of the plateau of Lavarone, Folgarida and the Carinthian barriers, with a great expenditure of ammunition, has caused no material damage to our fortifications. No important fighting has taken place on the frontiers of Tyrol or Carinthia. On the coastal frontier an enemy attack on the ridges was repulsed with heavy Italian losses."

## Blood Thin and Weak Too Nervous to Sleep

Here is Another Case in Which Dr. Chase's Nerve Food Proved Its Great Reconstructive Influence.

This blood and exhausted nerves usually go together. A considerable portion of the blood is constantly consumed in keeping up the vitality of the nervous system. Once the blood is deficient, either in quantity or quality, the nerves suffer and bodily pains result. Headache, neuralgia or sciatic pains are the indications in some cases, while in others weakness, nervousness, irritability and sleeplessness are the most marked symptoms.

Mrs. R. F. Collins, Elm Springs, Sask., writes: "For years I was troubled with nervousness, and could not sleep at night. Also had lack of color as a result of the blood being thin and weak. My husband saw Dr. Chase's Nerve Food advertised, and got some for me, and wanted me to try it. I did so, and it has given me wonderful help to me. By enriching the blood, it has raised color to my face and has built up the nervous system so that I rest and sleep well."

is a pleasure to recommend so excellent a medicine."

Dr. Chase's Nerve Food goes direct to the formation of pure, rich blood, and for this reason is the most certain means of increasing the quality as well as the quantity of blood in the human system. The feeble, wasted nerves are restored, and through the nervous system new vigor and energy is imparted to every organ and member of the body.

You will be surprised at the way this food cure puts new strength and vitality into the weakened body. And the best of it is that the benefits are both thorough and lasting. In this the Nerve Food differs from mere stimulating medicines which give rise to false hope and when discontinued leave you as weak as before. Put the test and prove its merits in your own cases. 50 cents a box, 6 for \$2.50. All dealers or Edman, Bates & Co., Limited, Toronto.
