See Our Kitchen Cabinets

Do you realize how many unnecessary steps you take in the course of a busy day in the kitchen. If you had an up-to-date kitchen cabinet, where you could sit with every material and every utensil which you could possibly want for cooking within arms length, you could get through with your work with about one half the effort you put forth under old methods, and finish the day feeling rested and buoyant, instead of foot-sore and weary. We are showing in our window now some of the best cabinets made.

RESIGNS HIS CHARGE AT UNION ST.

Rev. Ralph J. Haughton's Resignation Read Yesterday in Congregational Church — Has been Energetic Worker Nearly Three Years.

Last evening in the Congregational church, Union street, Rev. J. C. Berrie, who conducted the service, read the resignation of the pastor, Rev. Ralph J. Haughton. During his residence in the city Rev. Mr. Haughton has been a consistently energetic worker in the church, social and recruiting matters and has won the esteem of the citizens. His resignation is in the following terms:

To the Officers, Members and Adherents of the Congregational Church, St. John, N. B.:
Dear Friends,—Nearly three years have elapsed since I accepted your invitation to assume the pastorate of this church. It has been a period of varied experiences, and as most of you are aware, our work has had to be done under exceptionally trying and difficult conditions. It is not, by any means, a new phase of the denominational situation. In fact, for several years, the difficulties of maintaining a church of the Congregational order in St. John have constantly increased, and by reason of the war new conditions and problems have been created.

It is a matter of ordinary knowledge that for a number of years the task has been a difficult one for minister after minister. The unusual conditions have made unusual demands upon time and strength. There are limits to human power and endurance, as well as the ability to make sacrifices. For this reason, the time has come when I must resign the pastoral office, and herewith tender you my resignation to take effect on the 30th inst.

In doing so I desire to express my thanks to the faithful and loyal workers who have helped me, and whose unfailing sympathy and support have been a constant inspiration. Such souls, in every church, (who recognize that there is a responsibility of the pew as well as the pulpit), constitute the minister's "crown of rejoicing."

I pray that our Heavenly Father may bless and guide you all. I remain, Your friend and pastor,
RALPH J. HAUGHTON,
Sept. 8th, 1916.

Rev. Mr. Haughton is first vice-president of the Evangelical Alliance and first vice-president of the N. B. and P. E. I. Sunday School Association. He has been an active member of the Citizens' Recruiting Committee and Belgian Relief Fund and has taken part in various recruiting campaigns by addressing audiences not only in St. John but at outside points as well. He occupied the pulpit of St. Andrew's Presbyterian church, Chatham, yesterday, of which Major (Rev.) George Wood was formerly minister.

Although Rev. Mr. Haughton's resignation did not come as a surprise to his friends much regret is felt that he is so soon to give up the pastorate of the church in Union street.

ABIEZER BROTHERHOOD INSTALLS ITS OFFICERS

THOSE KENT AND GLOUCESTER MATTERS

Continued from page 3.

and asked her if it would be alright to take those stones for the erection of the bridge. Mrs. Robinson told the foreman that she thought there would be no objection to taking the stones, and that if her husband was home he would only be too pleased to have the stones hauled away for that purpose. In consequence the stones were hauled from the field and put into the bridge. But shortly afterwards Mr. Robinson came home. He thought that he should be paid something for the stones and he insisted on getting the money done to his field when the stones were being hauled away. He began by asking \$100 but finally agreed to accept \$25 in full settlement for the stones and damages occasioned to his property and his name was put on the payroll in connection with the Nesbit River bridge for this amount in full settlement of his claim in connection with the construction of the Dempsey bridge. He would admit that this was not the proper way of getting Mr. Robinson paid, but the argument was that he should be paid for the money was wrongly paid, and that there are any dishonesty connected with the transaction. It was merely an irregularity and an error on the part of the foreman in getting Mr. Robinson paid in that way.

Hon. Dr. Landry explained the expenditures in connection with the barre Ruisseau St. Simon bridge as well as other transactions investigated before Commissioner Chandler.

High Financing of the Old Grit Gang.—Taking up the high financing method of the old government, Hon. Dr. Landry pointed out how the deputy surveyor-general had committed suicide fearing exposure of the fact that he had misappropriated \$18,000 of the public moneys.

When the present government came into power in 1908 they appointed a committee of independent auditors to make a thorough inspection of the books of the various departments, but before they reached the Crown Land Department to carry out their audit the deputy head of the department had taken his own life. The independent auditors made the interesting discovery that Hon. William Pugsley and other ministers had taken large sums of the people's money for their own use. In 1900 Hon. Dr. Pugsley had \$2,163.69 of the public money of the province of New Brunswick in his pocket. This was a small amount, but was committed by a bridge foreman, nor was it the paltry sum of \$15 paid to Colonel Sheridan, nor the three dollars paid to a man for hauling provisions, and entered as work done on the road, but it was a minister of the crown, having under his control a great amount of money. In 1901 Hon. Dr. Pugsley had \$1,748.54 of the people's money, but in the next year, 1902, he did a great deal better, when under the guidance of Robinson, Sweeney and Lester, and when he knew he had the ears of the Legislature and Burgess upon him, he managed to take \$6,227.94, which amount was not for cooking for the men working on the roads. It was for nothing at all. But he needed the money and he took it. In 1903 the ex-premier had \$2,314.64 of the people's money in his possession, but there was not a word of criticism from the present members of the opposition who when they met Hon. Dr. Pugsley in private conversation would press him to their bosoms and would say, "Our dear Dr. Pugsley had \$6,605.64 of the people's money, and when he was called to Ottawa in October as Minister of Public Works he took \$4,331.64 with him to that city. But there was an election in the province of New Brunswick on March 3, 1908 when something dropped. It dropped so hard that even Dr. Pugsley heard it drop. He (Pugsley) said to himself: "I have \$4,331.64 of the public moneys of New Brunswick. What am I going to do?" Although the letter in which Dr. Pugsley returned this money to the treasury was dated on February 27, the moneys could not be for him, and the letter was dated March 5, two days after the old government had been hurled from power by an indignant public.

Those "No Account" Entries.—Producing the official records compiled by the old government, Hon. Dr. Landry showed the large amounts which had been sent out to the

road commissioners and after which were the entries "No Account." There were numerous instances in the report where "no account" was entered in respect to moneys forwarded to road commissioners in Gloucester county which had been represented by the great politician, Mr. Peter J. Veniot. "Why didn't Mr. Veniot, who is now burning for the public zeal investigate these accounts and find out where the money of the people had gone to? Was he the man, himself a Frenchman, to come here and charge dishonesty on the part of his compatriots in the counties of Kent and Gloucester? Was he the great apostle of purity that he would have the people believe he was?"

Here's a Chance for Grit Purists to Make Good.

Hon. Dr. Landry, continuing, showed that from 1901 to 1908 there was the large amount of \$54,066.52 forwarded to road commissioners throughout the province, which, according to the official records, remained unaccounted for. The great amount needed investigation and afforded an opportunity for the activities of Veniot, Carter, Carvell and their clique. There was in addition \$10,890.19 borrowed by commissioners from 1904 to 1907 and not expended until the following year.

Hon. Mr. Tweedie had been able to take \$13,986 of the people's money and put it in his pocket. "And because he had taken a little more than Dr. Pugsley the Liberals made him Governor," commented Hon. Dr. Landry.

Central Railway Steal.—The Provincial Secretary also referred to the gigantic steal of \$184,000 in connection with the construction of the Central Railway. He made a comparison of the travelling expenses of the members of the government pointing out the fact that for seven years the travelling expenses of the members of the executive were over \$10,000 less than those of the members of the old gang. Under the old government the sum of \$4,466.77 in seven years had been charged to coaching and hacking, which was over and above the amount charged as travelling expenses. He was proud to say that this government had not charged the province with a single solitary red cent for hacking or coaching. The thousands of dollars that had been saved to the province on these items had been expended by the government on the roads and bridges, education and agriculture.

Concluding his able address, Hon. Dr. Landry strongly urged the electors to vote for Hon. Mr. Smith and his colleague, Mayor Sutton.

MILITARY NOTES.

A memorial service in honor of Corp. George H. Todd, who gave his young life up for his country, will be held next Sunday night in the Main street Baptist church. Corp. Todd is the first member of the church to make the supreme sacrifice, and the third of the congregation.

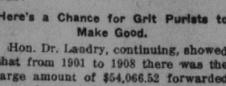

The big recruiting rally that is being carried out in the North Shore to endeavor to secure one hundred men for the 132nd Battalion, now encamped in Valcartier in order that the battalion might leave Canada at full strength is working out well, fifteen men having been secured in the last two days.

That Private James Louis Daley, son of James Daley, of 23 St. Patrick street, was seriously wounded in the shoulder by shrapnel and admitted to No. 32 Stationary Hospital at Wimeux, France, was the second time that Private Daley has been wounded.
