HUSTLING SHIPPING THROUGH THE LAKES
A Few Days of Moderate Weather Led the United States Shipping Board to Release Vessels Tied up.
Ogdensburg, N. Y., Dec. 9.—Milder weather and the possibility that it will continue caused United States shipping board officials today to cancel orders issued Saturday to lay up here for the winter all shipping board vessels bound through the St. Lawrence to the Atlantic seaboard.
Instructions received today directed captains to proceed at once for Montreal. It is hoped the vessels here will succeed in getting through before ice blocks the St. Lawrence Canal.
Seven cargo carriers and the bow and stern sections of several other ships which have been cut in two will resume their voyages from the Great Lakes to the Atlantic.

PAIN, PAIN, PAIN STOP NEURALGIA
Rub nerve torture, pain and all misery right out with "St. Jacobs Liniment"
You are to be pitied—but remember that neuralgia torture and pain is the easiest thing in the world to stop. Please don't continue to suffer; it's so needless. Get from your druggist the small trial bottle of "St. Jacobs Liniment"; pour a little in your hand and gently rub the "tender nerve" or sore spot, and instantly—yes, immediately—all pain, ache and soreness is gone. "St. Jacobs Liniment" conquers pain. It is perfectly harmless and doesn't burn or discolor the skin. Nothing else gives relief so quickly. It never fails to stop neuralgia pain instantly, whether in the face, head or any part of the body. Don't suffer.

USE AIRPLANES FOR FOREST PROTECTION
Quebec, Dec. 9.—Captain A. Le Royer, M.C., a French-Canadian aviator who has rendered splendid service at the front, has put before the local government a practical plan for the use of airplanes for the protection of forests and to help the hydrographic service and the development of mineral resources as well. The prime minister was deeply interested, and promised immediate consideration.
