THE DREAD PYORRHEA BEGINS WITH BLEEDING GUMS

Pyorrhea infecting germs cause many ills. Medical science has proven this. Diseased conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anaemia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection.

And brush your gums yourself. Pyorrhea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

See and use tubes in Canada and U.S. If your dentist cannot supply them, send price to us direct and we will mail tube postpaid.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like Sterling on silver. It positively identifies the only genuine Aspirin. The Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonalaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

Maritimes Under The Searching Eyes Of All Canada

CANADA looks upon the Maritimes with a great and justifiable pride. Canada owes a great deal to you of the East; you have given many great men and women to the upbuilding of Canada.

And now several of your prominent men and women are to come under the searching eyes of Canadians from coast to coast. The July 15th issue of MACLEAN'S—Canada's National Magazine—will pay tribute to these men. Read what L. R. Joseph has to say about them in

"A Galaxy of Maritime Portraits"

A series of intimate sketches of prominent men in the Maritimes. It holds the mirrors up to such men as Premier Foster of New Brunswick, Premier Murray of Nova Scotia, Lieutenant-Governor Grant of Nova Scotia, Allan Schofield, Mayor of St. John, and other outstanding figures in Maritime activities.

And every family in the Maritimes should read this gripping story of the shipping industry in the Maritimes:

"A Great Industry in Peril"

Read how the exchange situation and lack of orders from abroad are threatening the life of shipping in the Eastern Provinces. Read what is being done to save this great industry from going under in July 15th MacLean's Magazine.

"A Newspaper from the Discard"

Interesting from start to finish. It is a story of two Maritime women—a story of their pluck, endurance and resourcefulness in making a power out of a run-down newspaper.
