

## GREETED FOR COMMISSION

Magnificent Vote Against Alder-  
efficiency—Large Number of  
Merry Time in Board of Trade

would protest against the leap in the  
dark, proved totally unaffiliated.  
The aldermanic contest also furnished  
many surprises, and it was evident that  
the feeling in favor of commission extend-  
ed to the opposition of certain aldermen  
at the board. Where the vote in favor of  
commission was the heaviest there was  
found the largest majority against the  
aldermen who were defeated.

Although the vote polled was very heavy  
the day was a very quiet one throughout  
the city, and the crowds about the polling  
booths was not large at any time. The  
workers began very early and a good per-  
centage of the vote was cast by the noon  
hour. Teams and automobiles were kept  
very busy until the last minute in carrying  
the voters to the polls and in the city  
wards, particularly the proportion of the  
votes cast was very large. In Kings ward,  
for instance, 472 votes were cast out of  
624 on the list, and in Queens ward 670  
votes were brought out.

### Many Ladies Voted.

A remarkable feature of the election  
was the number of ladies voting for com-  
mission. There were very few on the list  
who were not asked to exercise their  
franchise and nearly all cheerfully re-  
sponded. Lady Tilley voted for the first  
time in Dukes ward.

The ward boss and the last desperate  
defenders of the rule made a deter-  
mined stand and the workers for com-  
mission were impressed early in the day with  
the strength of the organization, which,  
however, failed to capture the votes of  
the people.

In the North End powerful influences  
were used to retain the aldermanic sys-  
tem. A large majority for commission  
was the result, showing that the indepen-  
dent silent vote, which could not be  
guaged, was almost solid for commission.

There were many spoiled ballots  
considering the two plebiscites. Some al-  
dermen with a perverted sense of humor,  
did not put a mark on the ballot beyond  
writing across the face "Socialism is the  
only thing for the working man." Another  
wrote "Socialism the only thing for hu-  
manity." The men who cast these votes  
must have been present at the farces!

## DOAKTOWN FARMER COMMITTS SUICIDE

Jared Betts Hanged Himself in His  
Barn Early Yesterday Morning in  
Fit of Despondency from Injury to  
His Head.

Chatham, April 19.—Jared Betts, of Doak-  
town, hanged himself at that place at 9  
o'clock this morning. He was in good  
spirits yesterday and returned last night in  
good health. He arose about 4 o'clock  
this morning, going to the wagon house  
in the rear of the house, committed the  
rash deed.  
He was discovered a short time after.  
Coroner Vier, who was summoned, found  
that he had come to death by his own  
hand. He leaves his widow. The deceased  
had been badly some time ago, and it  
is thought the deed was the result. He  
was forty-eight years of age.

## NEW BRUNSWICK DEER FOR NOVA SCOTIA WOODS

Yarmouth, N. S., April 18.—(Special)—  
Roy S. Kelley, president of the game and  
forest and re-creation society, has been  
sent to receive this morning for St. John  
(N. B.) to receive a consignment of  
deer that is being shipped from Pis-  
ter Rock (N. B.) to Nova Scotia. Some  
of the lot will probably arrive in Yarmouth  
tomorrow night and after being  
placed on exhibit, the society says they  
will be liberated in the woods.

## THE UNDERFERD

How Children of the Ignorant  
Are Robbed of Oatmeal

A canvass made among the intelligent  
shows that seven homes in eight serve  
oatmeal. Among the ignorant the canvass  
shows that not one home in twelve serves  
oatmeal. The children grow up incapable  
because bodies and brains are starved.  
Nature stores in oats more energy food,  
more brain food, more nerve food than in  
any other grain that grows. That's why  
children crave oatmeal. There is nothing  
like its place.  
This is a food on which doesn't pay to be  
careless. There is a very wide differ-  
ence in the food that is served in the  
kitchen and the food that is served in the  
cellar. Don't serve the common kind.  
Only the richest, plumpiest grains are  
used in Quaker Oats. They are selected  
by 42 siftings. Only ten pounds are obtain-  
ed from a bushel. The result is a food rich  
in all the elements—the utmost in nat-  
ure. Yet the cost to you is but one-half  
cent per dish.  
Made in Canada. (17)

## REV. MR. ROBINSON'S CASE

Tuesday, April 18.  
The executive of the United Baptist  
church, which is the highest authority in  
the denomination, met in the mission  
rooms yesterday to consider the case of  
Rev. W. R. Robinson. Nothing could be  
learned last night as to the result of their  
deliberations. The executive consists of  
the following members: Rev. H. G. Ken-  
nedy, Woodstock, moderator; Judge P.  
W. Emmerson, Moncton, secretary; Rev.  
D. D. Hutchinson, W. E. McIntyre and  
Joseph McLeod, Rev. B. P. Noble and  
James Patterson, St. John; C. W. Wey-  
man, Apohaqui; Dr. W. C. Kierstead and  
Rev. J. H. McLeod, Fredericton, and  
Dr. C. T. Phillips, of Hartland.  
It was learned that at the meeting of  
Baptist ministers yesterday a private dis-  
cussion took place on the subject of Rev.  
Mr. Robinson's standing.

To prevent potatoes from becoming dis-  
colored when boiled peel them and let them  
lie in cold water at least an hour before  
boiling.
