## The Magic Power of Cash

**R**ICH or poor, high or low, cultured or illiterate,—all pay homage to the owner of ready cash; his name to the prospectus of any enterprise or at the head of any movement, is eagerly sought. When the head of a family passes away especially is the time when ready cash is in imperative demand, and oftener than not a Life Insurance Policy is the only asset upon which ready cash can be realized. How many hundreds of thousands of dependents have been helped by Insurance during the last five or six months of the Spanish Influenza Epidemic?—how many survivors of the dreaded Pneumonia would be penniless and suffering in want to-day but for Life Insurance,—to say nothing of the untold loss of life and suffering by the late war?

Think of the great number who have died, leaving their families unprotected,—of the large army of mothers and children who are obliged to go to work in sweatshops, for the first time. Provide now for your family's future and your old age—hastening on—while you can pass the health Examiner, and can pay the premiums, by taking out a *Continental Life Endowment Policy*. Ask to-day for particulars of this and other suitable Policies.

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
