

...National Non-Smokers Week

In class...

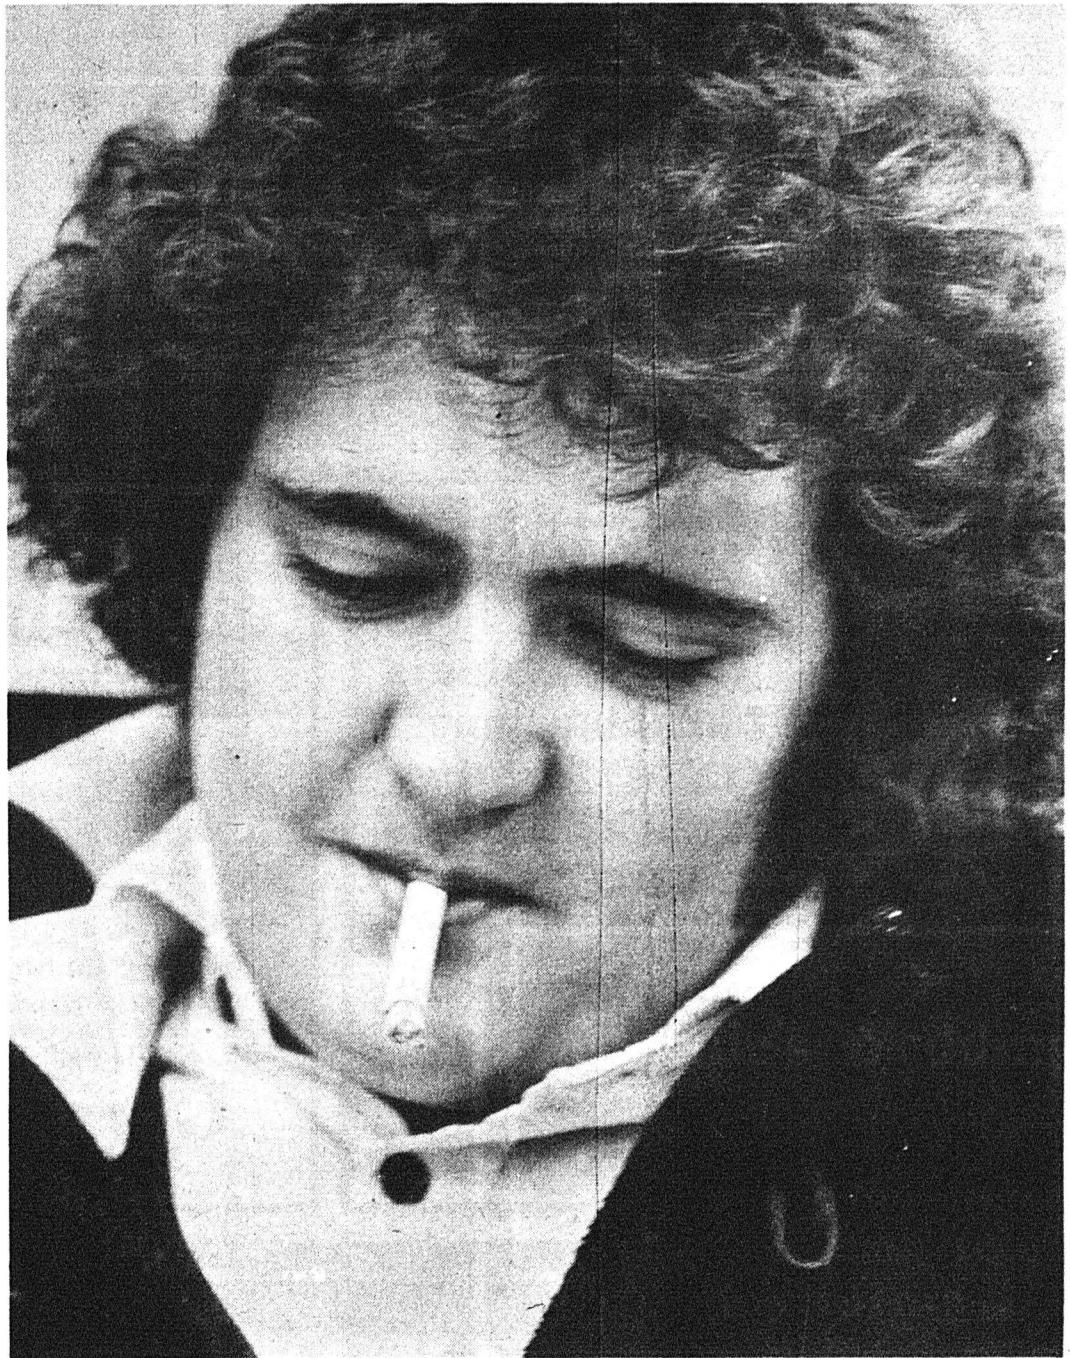

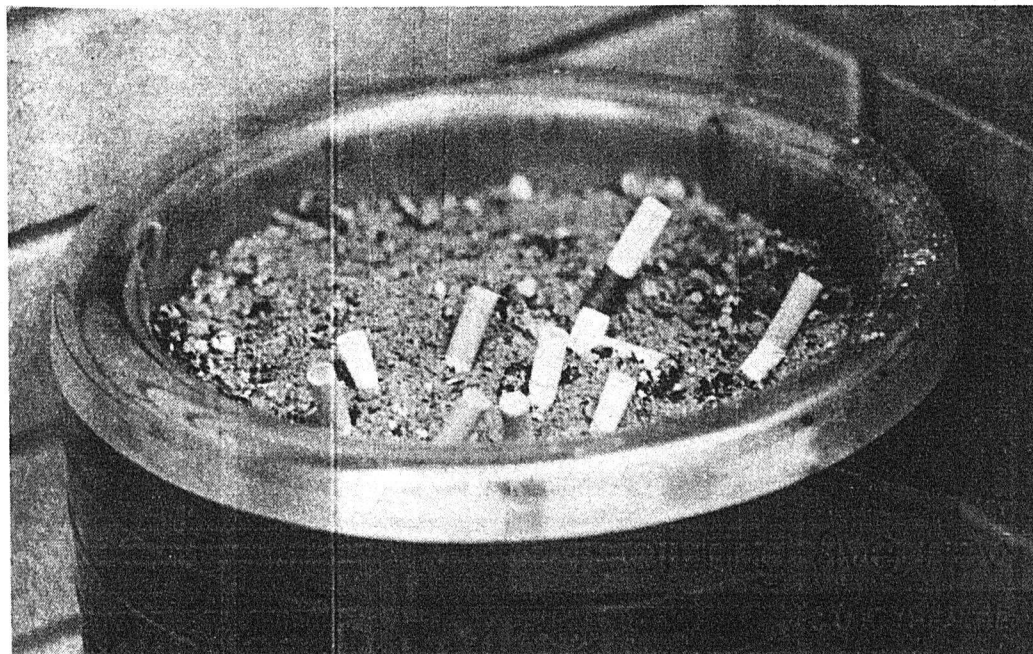

...after math...

Smoking - what a drag

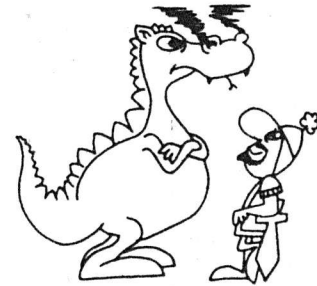

Butt, it's non'smokers' week!

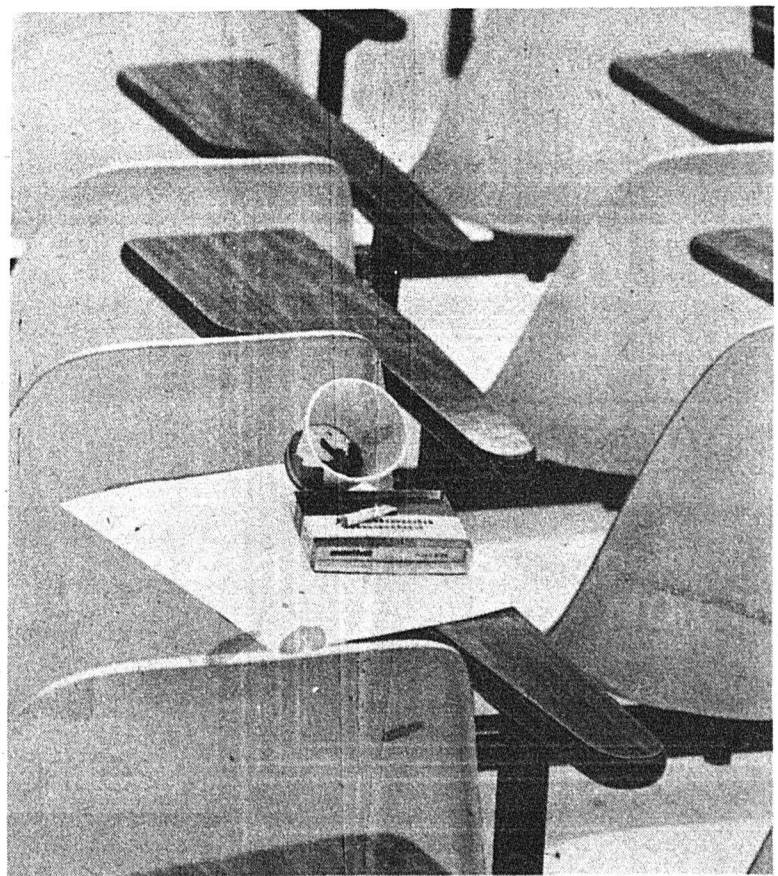

"Who knows why"

Two Weeks from now Students' Council will request that GFC enforce the classroom smoking ban. It is hoped that students will understand some of the reasoning behind the present legislation and act of their own accord. (N.B. - SC has already banned smoking at its meetings.)

Stop smoking.
