

# Junior B's: a third period club

BY DAVE O'BRIEN  
If there's one thing that the Mississauga Junior B P.C.O.'s have proven this year, it's that they are a third period club.

losing 17-15 at Ennismore Friday. Even in losing to Ennismore, P.C.O.'s outscored their opponents 7-4 in the third period.

Coach Frank Marchiori is elated with his club's third period outbreaks. "There's no doubt about it; we're a third period club. For some reason, everybody seems to come on in the final period."

One explanation is the depth that P.C.O.'s appear to possess. They have depth right down to the coaching where assistant Joe Hore did a spectacular job filling in for Marchiori.

ART WANT WOUT . . . a nightmarish game

Kevin Rushton, Kim Crossman, and Keith Shrum hit once each. Graham Patterson fired six goals at Ennismore as Keith Shrum, Scott Aird, and Kim Crossman connected twice each. Stu Julius, Rick Pennell, and Bill Campbell added singles. Goaltender Artie Van't Wout had an unusually off night as he yielded seven goals in the early going. He was replaced by Gord Taylor.

# Ziebart, the inventor of rustproofing, introduces the comprehensive protection process your new car can't live without.

It's called Envirogarde. Envirogarde is a comprehensive process which protects the three most damage-prone areas of your car.

It represents the first significant breakthrough in prolonging the life of an automobile since 1953 when Ziebart invented the process which stops rust from getting a start in cars and trucks.

Envirogarde grew out of our idea that rust wasn't the only thing that 'killed' cars.

We researched it. And tested it. And retested it. And now that it's perfected, we're ready to put it to work protecting your new car.

Ziebart Envirogarde is an exterior protection process. The minute they finished making your new car the finish started to fade and become dull.

So the first thing we do with Envirogarde, is deepen the finish. With a special Envirogarde conditioner.

Then we use our exclusive glaze-coat. To keep it shiny. And to prevent oxidation and the resultant damage from atmospheric pollutants, salt and abrasions.

So with the Envirogarde treatment on the exterior, your car will keep its shine, resist surface scratches and stay cleaner looking, longer.

Ziebart Envirogarde is an interior protection process. When we started to stop rust from eating away the bodies of cars almost twenty years ago, we didn't forget that there was a lot of eating going on in the inside too.

So we treat the interior of your new car with our exclusive Envirogarde seat and rug protector. This special formula gets deep down into the fabric.

And stays there. Making the interior of your new car stain and wear resistant.

So mustard drips, melted ice cream, muddy boot stains just sit on the surface. Where you can blot them off. Easily. Ziebart Envirogarde protects inside and under the outer body. It stops rust and corrosion from getting a start. Better than any other process available. Anywhere.

One of our secrets is our metallo-organic, micro-crystalline paraffinic sealant.

We inject it into the hidden seams, corners and hollow boxed-in areas inside and under your new car's outer body.

It prevents the environmental attack of moisture, salt-laden snow, calcium chloride and industrial fallout.

And because our unique sealant with the incredible name can withstand any Canadian climatic condition, it will protect your car beyond its mechanical life expectancy.

Envirogarde is unique. It's comprehensive. Only authorized Ziebart Envirogarde dealers can offer it.

Get information. Get prices. Then make an appointment for Ziebart Envirogarde.

Your new car can't live without it.

There's no inconvenience with Envirogarde. Because when you bring your new car to us, we'll give you one of our new courtesy cars.

**ZIEBART ENVIROGARDE PROTECTION**

Comprehensive Protection for Cars and Trucks

**MISSISSAUGA 849-7088 OAKVILLE 844-8333 BRAMPTON 457-3300**

Cars and stationwagons rustproofed by Ziebart before 3,000 miles, are guaranteed to the original owner against rusting through from the inside, in the areas rustproofed for 10 years, no matter how many miles you drive, or the full price of Ziebart rustproofing will be refunded. Trucks, campers and multi-purpose vehicles, rustproofed by Ziebart before 1,000 miles, are guaranteed to the original owner against rusting through from the inside, in the areas rustproofed for 5 years or 50,000 miles, or the full price of Ziebart rustproofing will be refunded.

**Cross check**  
Malton Blues got Cross-checked in a paperweight lacrosse house league encounter.

The paperweight hero responsible for the deed was Jason Cross, who hit for five of the White team's total output of seven markers to make the White-Blue clash a one-kid show.

Evelyn Price added two, while Mandy Lucas, Randy Gatt and Kelly Begett earned assists.

A three-goal by Scott Graham powered Erindale-1 to a 6-1 conquest of Erindale-3.
