The Honourable Senator Meighen,
Toronto, Ont.

Dear Senator,

There is a matter of importance in reference to Hydro-Electric matters, that I would like to talk over with you before the next meeting of the Ontario Municipal Electric Association, which is to be held in Toronto on Jan. 31st. and Feb 1st. next.

I will not detain you more than half an hour, but consider it better to see you than write you about the question. Any time that will be convenient to you, so long as it is in the day time will suit me. Will you please name a date, hour, and place.

I am, Sincerely yours,

Chairman, Paris Public Utilities Comm.
