

Edward Munn
Attorney & Solicitor

1872

ad

I am in receipt of your
letter of the 1st inst. and have
in reply to state that the same
has been sent with reference
to the change in the value of
the timber in the District of
Ontario. The timber has been
valued at the former price
and have then brought
the

the difficulty on themselves.

Mr Superintendent Gilkison
has however been informed
that such Claimants of Timber
cut in trespass as pay him its
actual market value in the
woods, less cost of manufacture,
may settle with him in that
manner, provided they do
so before the day appointed
for Public Sale.

I am

Sir

Yours obedient servant

Joseph Howe
