

THE PRINCESS OF THE
TOWER

ONCE YEARLY is the
heavenly host
Reviewed and marshalled,
post by post.
Gabriel, Michael, Raphael,
Each captain his account must tell
Of how the battle went with him
In regions terrible and dim.

I came from out the strife of men,
One of the Warriors of the Fen
Who war on evil, lance and sword,
With little thought of the reward,
And lavish all their generous youth
In the white cause of peerless Truth.
