Brampton Jerseys at National Dairy Show

At the National Dairy Show at Columbus, Ohio, in October, Brampton Jerseys won among other major awards first for the best five females of the breed, which is, perhaps, the greatest award which can be won at this, the World's Greatest Dairy Show. Among these was Beauty Maid, the champion four-year-old R.O.P. butter cow for Canada. We also bred and owned the dam and imported the sire of the mature champion R.O.P. butter cow for Canada. Why not make your selections from the Brampton herd?

Questions and Answers. Miscellaneous.

Poor Compression.

What is the cause of an engine running uneven? It seems as if it was pulling hard in one cylinder. Sometime ago a spark-plug was broken. Even after a new plug was put in it still ran uneven and just the other day I took out another plug which had been broken. Both had been in this one cylinder and I was wondering if this cylinder was defective in some form. I have had the carburetor adjusted and can not find the trouble.

W. C. S.

Ans.—If your carburetor has been properly adjusted the trouble may be faulty compression or the cylinder may be scored or it is just possible that you may have valve trouble.

Recording Will — Wages Claim.

1. A father willed all his property to his oldest son at his death and in a course of time was not satisfied and went and got the will and burned it. They did not put it on record when drawn up. Could the son record it in that time without the father knowing it?

2. Could a girl who never left home claim wages for taking care of them?

3. What wages can she collect?

A. P.

Ans.—1. No.
2. Not legally, unless she is in a position to prove an express agreement for payment to her of wages, or circumstances from which such an agreement might reasonably be inferred.
3. The rate (if any) would be just what a court might deem reasonable.

A Real Estate Matter.

If an agent sells Northwest lots to me for a company Ltd. and I can not find out from agent who the company consists of can I collect the money from the agent when he agrees to give the money back in two years with interest? He says the papers are the same as a note and he the agent, signs this company's name and his own name to the papers?

It was about seven years ago. Please let me know about its out lawing.

The lots are in Lethbridge and have been taken over by the city for taxes this winter. The agent lives in Medicine Hat. Would I save expense by going out and suing him there and have as good a chance of getting money back. I gave him a check for it at the time for \$400.00.

Ontario. J. T.

Ans.—We should doubt very much your being in a position to collect from the agent at this late date even though your claim may not be actually outlawed. The lots could be redeemed from the tax sale. It would not pay you to go to Alberta about the matter. Your better plan would be to see a solicitor of your own city personally and be advised by him as to your prudent course.

Tanning Skins.

What is a recipe for tanning skins with the hair on?

J. M.

Ans.—We give below three recipes for tanning such skins with fur on.

1. Stretch the skin smoothly and tightly upon a board, hair side down, and tack it by the edges to its place. Scrape off the loose flesh and fat with a blunt knife, and work in chalk freely, with plenty of hard rubbing. When the chalk begins to powder and fall off, remove the skin from the board, rub in plenty of powdered alum, wrap up closely, and keep it in a dry place for a few days. By this means, it will be made pliable, and will retain the hair.

2. Soft water, 10 gallons; wheat bran, ½ bushel; salt, 7 pounds; sulphuric acid, 2½ pounds. Dissolve together, and place the skins in the solution and allow them to remain 12 hours, then remove and clean them well, and again immerse 12 hours longer, if necessary. The skins may then be taken out, well washed and dried. They can be beaten soft, if desired.

3. Saltpetre, 2 parts, alum, 1 part. Mix. Sprinkle, uniformly, on the flesh side, roll up, and lay in a cool place. Spread it out to dry; scrape off the fat, and rub till pliable.

It is rather difficult to make a good job unless you have all the equipment. It is often more satisfactory to have the tanning done at a tannery.
