Consumption, the bane of those who have been brought up in the old-fashioned beliefs that this disease was hereditary, that it was fatal, that none could recover who were once firmly clasped in its relentless grip.

But now known to be curable, made so by the discoveries of that man whose name has been given to this new system of treatment.

Now known to be preventable and curable by following and practising his teachings.

The new system of treatment will cure you of consumption and of all diseases which can be traced back to weak lungs as a foundation.

It is not a drug system, but a system of germ destruction and body building.

Not guesswork, but science. Not a step backward, but a stride out of the old ruts. The Slocum System consists of Four Preparations which act simultaneously and supplement each other's curative action.

You are invited to test what this system will do for you, if you are sick, by writing for a

SAVE ONE HALF YOUR FUEL.
THE WINNIPEG HEATER
 Will do this. I placed a Winnipeg Heater in my dining-room, which is 20 x 24 ft. It was connected with the kitchen stove, the waste heat from which heated my large dining-room perfectly, and kept it up to any temperature desired. We are exceedingly well pleased with the heater. Consider it a great economizer of fuel. J. SPENCE, M. D., 646 Dufferin St., Toronto, Ont.

Robt. Miller's Sale of Shorthorns.

The heavy snowstorms and high winds of the first days of February militated somewhat against the success of Mr. Robert Miller's sale of Shorthorns at Stouffville, Ont., on the 5th inst. The snowdrifts, which in many places made roads almost impassable and seriously delayed trains, doubtless prevented many who had planned to be present. The day was bitterly cold, making it almost impossible to follow the sale closely throughout, yet a good crowd of representative breeders and farmers, among whom were five or six Manitoba breeders, and as many from the States, found their way to the sale and took most of the animals at very satisfactory prices. No special preparation of the cattle for sale had been made, and while all were in good breeding condition, and hence in the best possible condition for buyers, the most of them would have sold much higher had they each carried two hundred pounds more of beef. No sensational prices were made, and none were expected, but the average of \$306 on those sold was considered a very fair result under all the circumstances. The highest price for a female, and the highest price for the day, was \$650 for the roan five-year-old cow, Imp. Broadhooks 20th, which fell to the bid of Mr. E. C. Attrill, Goderich, Ont. The highest-priced bull was Imp. Prince of the Forest, an exceedingly good roan coming two years old in March, and sired by the Duthie-bred bull, Squire Nonpareil, bought by J. & D. Chinnick, Chatham, Ont., at \$635. Mr. R. W. Barclay, of Iowa, as auctioneer, ably conducted the sale, and won golden opinions by his tact, courtesy, and cleverness. We give below a list of the animals sold, with their age and the prices and address of purchasers:
