ELLIMAN, SONS & CO., SLOUGH, ENGLAND.

THE ACORN COW BOWL

(Patented)

Is a money-maker, pure and simple. It places tempered water within easy reach of the cow at all times. As a natural consequence the cow drinks more water, gives more milk, and makes more money for her owner.

It is a labor-saver, too—no need to drive the herd out into the cold barn-yard to drink. Just keep water in your supply-tank, and your cattle will help themselves whenever they are thirsty.

Send to-day for our booklet, "Profit-makers," with full description.
