

MEMORIAL NOTICES.

WAITING. I am kneeling at the threshold, weary, faint and sore. Waiting for the dawn, for the opening of the door. Waiting till the Master shall bid me rise and come.

Died at Brooklyn, Newport, June 7th, Dr. Levi Minard, in the 68th year of his age. Dr. Minard was born at Milton, Queens Co., where he spent the early part of his life.

LOUISA BURCHELL. The subject of these brief memorial lines was in early life powerfully influenced by the Holy Spirit. Her mother, the late Mrs. Rachel Loring, was for many years a member of our church in Sydney.

I find her name on the roll of membership for the year 1844. The minister stationed on the circuit was the Rev. James Buckley. From that period to the end of her earthly career she retained her connection with the church.

On returning from the Conference I found her on the borders of the better land. Speech and consciousness had fled. Loving hearts and hands did all they could to aid her in the final conflict.

NEWFOUNDLAND CONFERENCE. SIXTH DAY.—JULY 7TH, 1884. After devotional exercises, a committee was appointed to confer with the Presbyterians respecting the rental of a church at Little Bay.

SEVENTH DAY. After the usual exercises, the Rev. J. Goodison brought in the report of the Committee for Examination of Candidates and Probationers, which was adopted.

ELEVENTH DAY. The Constitution of the Missionary Society was decided, and ministerial and lay-members were appointed by ballot to form the Committee.

Twelfth Day. The session opened as usual with prayer, praise and reading of Scriptures. The minutes of the past day were read and confirmed.

EIGHTH DAY. The report of the Parsonage Aid Society was read by Rev. J. S. Peach, and after some conversation was adopted.

NINTH DAY. After praise, prayer and the reading of the journal, the Stationing Committee retired to prepare the final draft of stations.

It was resolved that the Conference has great pleasure in expressing its thanks to Joseph Lawrence, Esq., of East Keswick, for the deep interest he has taken and still maintains in this work of God in this Conference.

it was disposed of by them, and following their example and manner of disposing of it. Then, at a signal, entered a stately butler, bearing a large covered dish which he deposited solemnly before Mr. Peabody.

BREVITIES. There are a thousand hacking at the branches of evil to one who is striking at the root. English authorities claim that the circulating library system has so affected the minds of readers that many of them never think of buying a book.

A lover of her sex, but still a woman devoid of tact, established a "Cash Girls' Home" in New-York. Of course the name had to be changed to "Cash Ladies' Home" in order to reach the class desired.—Buffalo Express.

THE BRITISH PEOPLE. Thirty millions of people within the area of one of our large states, and who shall say that high-water mark is yet reached? Everything betokens a race still in its youth, still on the road to empire.

COOKING GREEN CORN. It is said that Mr. Peabody, the banker, who it appears was then in England, once invited some English and American friends to dinner.

How varied the range of association upon the human mind. Memory is ever found of preserving pictures of events but the character of such events must be different to meet the peculiarities of the individual.

How to Tell Genuine Florida Water.—The true Florida Water always comes with a little pamphlet wrapped around each bottle, and in the paper of this pamphlet are the words "Banman & Kemp, New York," watermarked, or stamped in pale, transparent letters.

A SEARCH WARRANT. If there is any lurking taint of acrofolia in the system, Burdock Blood Bitters are warranted to search it out. Berlin has one drug-store to every 16,266 inhabitants; Breslau, one to every 13,000; and Cologne one to every 11,000.

From a book on swearing, just published in England, it appears that St. Paul's Cathedral was finished without an oath having been uttered in the build. The wife of an Episcopal clergyman in Minnesota is afflicted with a terrible malady. Her bones have turned virtually into chalk, and are so fragile that she can scarcely move without breaking them.

W. H. Crooker, druggist of Waterdown, says, when all other remedies fail for Bowel Complaints, then Dr. Fowler's Extract of Wild Strawberry comes to the rescue. A polyglot newspaper is published in the City of Mexico. The languages are Spanish, French, German and English. The paper is called The Foreigner's Daily.

When Doctors Disagree it will be time enough to doubt the reliability of Kidney-Wort. Doctors all agree that it is a most valuable medicine in all disorders of the Liver, Kidneys and Bowels, and frequently prescribe it. Dr. P. C. Bailou, of Monkton says: "The past year I have used it more than ever, and with the best results. It is the most successful remedy I have ever used." Sold by all druggists. See advt.

Mrs. McArthur, of Hopeville, Ont., says she could not keep house without Haggard's Pectoral Balm to cure prevailing throat and lung troubles. Johnson's Anodyne Liniment will positively cure chronic diarrhoea of long standing, also dysentery, cholera morbus, and cholera, used internally. There is no remedy known so valuable for immediate use as this old life preserver.

One single box of Parson's Purgative Pills taken one each night will make more new rich blood than ten dollars worth of any liquid blood purifier now known. These pills will change the blood in the entire system in three months, taken one a night.

TESTIMONY OF WORTH.—Mr. G. E. Hutchins, of Rossway, Digby County, states that his wife had been sorely afflicted with Salt Rheum in the hands for a long time, and could find no relief from the pain and distress until she used Gates' Nerve Ointment which, after using for a short time relieved her of all pain and soreness. He recommends it very highly to those similarly afflicted as a powerful and speedily healing Ointment.

BEST AND MOST COMFORT TO THE SUFFERING.—"Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the side, Back or Bowels, Sore Throat, Rheumatism, Tooth-ache, Lamago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea" being acknowledged as the great Pain Reliever, and of double the strength of any other Blisters or Liniments in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Ulcers in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.

ADVICE TO MOTHERS.—Are you distressed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. W. S. Fowler's SUGAR-COATED PILLS FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no pain about it. It cures the teething, soothes the inflamed gums, and softens the stones, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the
