recommended as perfect in color and  
strength. Will assure excellent  
bread and delicious pastry.

**MADE IN CANADA**

## Province of Quebec

Department of Colonization, Mines and Fisheries

The chief minerals of the Province of Quebec are Asbestos,  
Chromite, Copper, Iron, Gold Molybdenite, Phosphate,  
Mica, Graphite, Ornamental and Building  
Stone, Clays, Etc.

The Mining Law gives absolute security of Title and is very  
favourable to the Prospector.

The Bureau of Mines at Quebec will give all information desired regarding Miners' Certificates, Mining Licenses and Mining Concessions, and special arrangements have been made with the Polytechnic School of Laval University, 228 St. Denis Street, Montreal, for the determination, assays and analysis of minerals at very reduced rates for the benefit of miners and prospectors in the Province of Quebec.

### Exceptional Hunting and Angling Opportunities

are offered by the Province of Quebec, which is the only one that leases exclusive hunting and fishing privileges over large areas of forest, lakes and rivers, both to Clubs and private individuals, with the privilege of erecting camps thereon.

Membership may be obtained, if desired, in many existing clubs, with camp privileges already provided, and often with the right of erecting private summer homes on suitable sites on the club territory.

On all unleased Crown Lands and Waters, angling and hunting are absolutely free to residents of the Province, and the only charge to non-residents is the cost of the non-resident fishing or hunting license. For all information, address,

**HONORABLE HONORE MERCIER,**  
Minister Colonization, Mines and Fisheries, Quebec.
