

BON-TON

THE above are reproduced from the "Bon-Ton" 1912 Spring and Summer Style Book, which should be in the hands of every lady who wants to dress well and as economically as possible.

When noting the prices quoted below, remember that every article we list will give lasting satisfaction. We do not sell goods which will not wear well, and with us quality of material is as important as style. As a very large part of our business is from former customers, we can safely say we have given good satisfaction.

TOWER CANADIAN LIMITED

Buy Coal Direct from Mines

To ensure a certain and permanent market for the output of a fully equipped and operating Coal Mine, producing one hundred tons daily of high carbon domestic and steam plow coal, I will sell one-quarter of my shares at the par value of twenty dollars per share to consumers who will agree to buy their coal direct from the Mines at wholesale prices. I have recently bought ninety per cent. of the stock of these Collieries, and believe this to be a plan that will be mutually profitable.

When sending for particulars say what your coal requirements will be per year.
