Citizens of Durham who thought that the law might give them some redress from the smoke nuisance, applied to premier Whitney for information. He very courteously replied through his Secretary and sent a copy of a bill which shows that no such redress is possible.

In 1901, Edmonton was a mere village on the outside of western settlement. To-day it is a busy, ambitious city, the capital of the new province of Alberta, and a population of 12,000 or over. Both Calgary and Edmonton look forward to populations of 100,000 each within a few years; and Calgary has an enthusiastic association of citizens known as "The 100,000 Club," pledged to expediate the happy day.

A recent writer points out, that in a list of twenty-one Pittsburg millionaires within the last twenty-five years, "all but two or three have risen from the ranks, some of them from the lowest ranks of labor, while it is evident that as a body in amassing their own wealth they must have greatly extended and improved the industries and trades which bring wealth to the community at large. We live in an exceptional era of commercial expansion, of which millionairism is a feature, equivocal, yet not so bad as it has been painted. The worst part of it is the millionaire's son."

The Owen Sound Local Option Bylaw stands. This is the judgment handed over by the Supreme Court at Ottawa on June 24th. This case was first tried by Judge Mabec of Toronto who quashed the Bylaw. This decision was afterwards reversed by the Court of Exchequer whose decision was affirmed by the Court of appeal. Now the Supreme Court gives the final decision and Grey's capital must go dry.

Smokers will be pleased to read of the result of an analysis of tobacco made by the Minnesota Pure Foods Department. One sample assayed 40% tobacco and 60% brown paper cut fine. Another mixture contained only 10% of tobacco. The worst of the lot, however, was a mixture of no percentage of tobacco. It was finely-chopped brown paper soaked in the juice of tobacco stems and refuse.

The farmer, if he only knew it, is a little nearer the kingdom of heaven than any one else on earth. He is certain of 3 square meals a day and is the only man who can fence himself in and live in spite of the rest of mankind. A few cattle and sheep and fowl provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common, that hardly one farmer out of ten takes an account of them although the ordinary business man thinks he has done well when he reaches the end of the year and finds that he has a little more than made ends meet.

It requires two J. P.'s to sit on a case in the absence of a Police Magistrate to make a conviction legal. J. Brick of the Walker House, Walkerton, was up for illegal sale of liquor and Magistrate McNamara undertook to administer the law alone and convicted Brick with the result that the conviction has been declared illegal. Mr. Brick will receive his fine back and the case against him becomes void. It is equal to a dismissal for the defendant, and is worse than a defeat to the licence inspector, as he lost a bird already in his hand.

There is a hot dispute in the township of Normanby over an alleged case of smallpox. The medical health officer, Dr. J. L. Easton, says that the disease is a genuine one of smallpox, while others, who are not in a position to know anything at all about the matter, vehemently contend that it is not.

Governor Hughes of New York State has just signed a bill which makes it a misdemeanor, punishable with a fine of \$500 to \$1,000, for any railroad over thirty miles in length to require or permit any employe in the operation department to remain on duty over sixteen hours consecutively or to go back to work after a sixteen hour stretch without a ten hour rest. The bill is the result of the recent investigation of a railroad wreck which showed that a train crew and switchmen had been working for long hours and were physically unable to perform their duties.

Great Specialists in Stomach Catarrh.—Though often they fail to give even temporary relief, Mr. W. Seymour of Huntsville, Ont., cured himself with Ferrozone. "My trouble" he says "was chronic catarrh of the stomach. There was constant bad taste in my mouth, I was caustic and usually nauseated before and after meals, I also had a gnawing sensation in the stomach. Ferrozone gave me great relief, and I also used Catarrhzone which is good for catarrh. Although it took a number of boxes of Ferrozone, I got back my health and to-day am quite well." For stomach catarrh, indigestion and kindred disorders nothing excels Ferrozone. In a thousand cases it has proved a wonderful success. Try it yourself, 50c per box at all dealers.

Buffalo has developed a new counterfeiting scheme in which the operators took chances of big penalties for very small returns. Collectors for the Slot Telephone Company have for some time found many steel discs in the box, made to serve the purpose of nickels. A man who works in a metal stamping shop was found to be the maker of the discs. A street car conductor had fourteen in his pocket, and gave up thirty-two more. A saloon-keeper had more than 200 in his place. These three men are now locked up on a charge of making or passing of tokens in resemblance to minor coins of the country. The penalty is a fine of not more than \$5,000, and imprisonment for not more than five years.

Pale people have pale blood. In other words the blood is watery and lacks red corpuscles.

The stomach is wrong. Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.

Don't slip from vigor into weakness. Don't allow the appetite to fail, but instead use Ferrozone.

You're bound to feel rejuvenated and strengthened at once. Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin weak system needs.

Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferrozone makes.

The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferrozone.

Every pale woman can transform her bleached out appearance with Ferrozone.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferrozone establishes a soundness of health that's surprising.

For women and girls who want to feel well, to look well, to be well and stay well, nothing known in the annals of medicine is so certain as Ferrozone.

Won't you try Ferrozone. Concentrated cure in tablet form, that is Ferrozone, 50c per box or six for \$2.50 at all dealers.

The proprietor of a large business house bought a number of signs reading, "Do It Now," and had them hung around the office, hoping to inspire his people with promptness and energy in their work. In his private office one day afterward a friend asked him how the scheme affected the staff.

"Well, not just as I thought it would," answered the proprietor. "The cashier skipped with thirty thousand dollars, the head bookkeeper eloped with the private secretary, three clerks asked for an increase of salary, and the office boy lit out to become a highwayman."
