Shipments for the past week were: Le Roi. War Eagle, 350; Iron Mask. 90; Kootenay & Columbia 75; Josie, 41, and Jumbo, 20. SHIPMENTS OF MATTE.

The Trail smelter shipped via the Red Mount in railway since January 1st 311,946 pounds

ORE SHIPMENTS FOR JANUARY.

The ore shipments for the first month | If it is adopted by the senate, and of the year foot up 4,876 tons. This was should become a law, self respect would distributed among the following mines: compel Canada to adopt retaliatory meas-Le Roi, War Eagle, Josie, Iron Mask, ures and probably drive all the Ameri-Cliff, Jumbo, Kootenay, Red Mountain cans out of British Columbia. If Presi- He expects to return about April. and O. K. Here then are nine shipping dent Cleveland vetoes this bill he will mines to begin the year with. The O. give another evidence of his superior K. works up nearly all its ore in the good sense. But it is a shame that such stamp mill now in operation, shipping legislation should ever be so nearly put very little other than concentrates.

We believe there is a reasonable prospect that all these nine mines will continue to be regular shippers through the year, and that most of them will very greatly increase their present output. The aggregate for the month would have reached over 5,000 ton's had it not been for the temporary shutting down of the War Eagle, owing to the sale of has had a brief experience of Canadian that property.

about 60,000 tons a year. We shall not reason to complain of the way he and be satisfied till we see it going at the rate his American associates and their Ameriof 100,000 tons a year, and we believe the camp will reach and pass that point by June 1.

A number of other mines will added to the list of shippers within the next three months. It is not necessary to mention the names of these, but it is sufficient to say we can reasonably hope to have 14 or 15 in the favored list by June 1. The progress of the camp is very satisfactory.

ANOTHER SMELTER.

THE MINER is possessed of information which leaves little or no doubt that the Northport smelter is to be built and that the work will be commenced by March 1. We have already quoted the Toronto World to the effect that the Gooderham-Blackstock syndicate is interested in the Northport venture. Indeed Mr. Blackstock said most positively that his syn dicate had subscribed to some of the stock. It now appears it has taken quite a large block of it and that the subscriptions are about full.

THE MINER has no other interest in this matter save to see the cost of treating ores reduced. If the promoters of the Northport smelter can treat ores for \$6.75 or \$7.75 per ton, freight included, then we want to see the Northport smelter built. This is a purely business matter. There is nothing in it except dollars and cents. Every time the charge for treating our ores is reduced, so often is the value of the ore in the mine increased by just the amount of that re-

duction. We would prefer to see a smelter. which is to treat Canadian ores, built on

Weekly Rossland Miner. or as Mr. Blackstock said, until the year. Crow's Nest Pass railway is built.

AN IMPORTANT VENTURE.

THE ALIEN LABOR BILL.

It is reported from Washington that President Cleveland will veto the immigration bill recently passed by the house. This bill is disgraced by the Corliss amendment, which forbids the employment of Canadians on American soil. It is the most illiberal, unfair and vicious piece of legislation to which our attention has been called for a long time.

into effect.

ALIEN LABOR LAWS.

When the Hon. George Turner takes his seat in the United States senate there should be at least one voice raised in protest of the harassing and insulting alien labor bills aimed at Canadians. He laws, Canadian lands and Canadian peo-Ore is now going out at the rate of ple, and he certainly has no right or can employees have been treated here.

The tendency of recent legislation, especially during the present session of congress, has been distinctly hostile to Canada and her people. There is no spirit in the least corresponding to this feeling to be found either among Canadians or in their statute books. A few more Corliss amendments would, however, drive any self-respecting people to retaliatory measures. The Americans in British Columbia should realize this and their own interests should constrain them to work for the friendliest feeling and the freest intercourse between the

Let us have done with this alien labor polishness. There are now as many Canadians in the United States as in Canada and there is a fair prospect of there soon being as many Americans in Canada as there are Canadians in the United States. Legislators should leave this matter to adjust itself. Friendly relations and not strained or hostile feelings should be cultivated by the two kindred countries.

FIGURES THAT TELL.

Elsewhere will be found in the present issue of THE MINER the report for the month of January of George Johnston, collector of customs for the port of Nelson which includes the south half of West Kootenay district. It is worthy of very careful study and we sincerely trust it will not escape the notice of such men as Professor Hardman and the edi-

tor of the Canadian Mining Review. This report shows that the shipments of ore from the district for the month, district. Where located—One and one-half miles Canadian soil, but we are sure there are exclusive of the ore which went out by Canadian soil, but we are sure there are no more loyal Canadians than Messrs.

The matte produced at the Gooderham and Blackstock, and if they Gooderham and Blackstock, and if they Rossiand.

WANETA AND TRAIL CREEK.

Superintendent Brings Up a Good Re port-Archer Gone to England. P. W. Peterson came up from the Waneta & Trail Creek company's prop erty, last night and reports that it is looking better and more promising than ever before. Having sunk through a fault of about eight feet of granite the shaft is now at a depth of 30 feet all in well mineralized rock carrying iron, copper and galena.

W. O. Archer, managing director, left for his home in Wallingford. Berkshire, England, on a visit to his family, and whilst in England will place Waneta and Pure Gold treasury J. G. Rives will have charge of Mr Archer's office during his absence.

NOTICE.

Notice is hereby given that at the next ensuing session of the Dominion parliament, application will be made for the renewal of the charter of the Saskatchewan Railway & Mining Co., Chap. 78, 54, 55 Vict., and for a revision of its board of provisional directors; also, for an amendment thereto giving the right to construct a branch thereto giving the right to construct a branch line from, at or near Saskatoon, easterly via Hum-boldt, Quiff lakes, to Shellmouth, Manitoba; thence to Brandon; also westerly, from the same point of starting, via Battleford, Fort Saskatche-wan, to and through the Yellow Head pass, thence to Burrard or Bute Inlet. B. C.; and also northerly from same point, crossing the North Saskatchewan River to Green lake, thence via Beaver river valley to the oil fields of Athabasca, GRO. W. GRANT, Secretary. Torento, Jan. 26, 1897.
