

SHOT REVOLVER AT CROWD ON STREET

Two Are Dead as Result of Mad Escapade of, An Unknown.

Big Crowd Was Making Merry on Streets of Lancaster.

LANCASTER, Pa., Nov. 1.—The police are to-day seeking an unknown rider of a motor cycle who sped through Lancaster and Williamstown late last night discharging a revolver wildly among hallowe'en crowds, and who is believed to be responsible for the killing of two persons.

One of the victims is sixteen year-old Ivan Graeff, who was with a crowd of other boys at Williamstown when the cyclist passed the group and without known provocation fired three shots from a revolver. One bullet struck Graeff in the temple and he died in a few minutes. The other victim was M. Collata, an itinerant fruit merchant, whose body was found along the roadside near the southern limits of the city. It was first assumed that Collata had fallen from his wagon and broken his neck, but an undertaker later discovered that the man had been shot in the right shoulder and that death had been caused by an internal hemorrhage. It is believed the shooting cyclist had passed along the same course as that on which the fruit merchant was presumably innocently driving.

McManigal, whose confession as an accomplice of the McNamara Brothers, figured in the trial at Indianapolis, of the union labor leaders whose appeal was taken under advisement yesterday afternoon after argument in the United States circuit court of appeals, may be a free man within six days. Will Work Sunday Again

The Wright, Hazzard and Cohen Co., have been granted permission to work to-morrow on the construction work at the foot of Jubilee Terrace in order that they may be able to complete same before the rough weather sets in. At present they have a night staff of eighty men and the day staff numbers about 85. A pump with a capacity of 6,000 gallons a minute is kept constantly in motion with an auxiliary pump which also throws out 2,000 gallons a minute and is also constantly at work and the contractors are doing their best to have the work completed at the earliest possible moment. Work on the retaining wall was commenced last night and 60 yards was laid and the contractors are in hopes that 100 yards will be laid to-day. With the retaining wall completed the contractors have nothing to fear, and the work will be rushed to completion.

A pass-book in his pocket probably prevented fatal injury to R. H. Clarke, electrician of Bobcaygeon when accidentally shot by a companion.

SONG. Hear, sweet spirit; hear the spell, Least a blacker charu compell! So shall the midnight breezes swell With thy deep, long, lingering knell.

And at evening evermore, In a chapel on the shore, Shall the chanuter, sad and saintly, Yellow tapers burning faintly, Doleful tapers chime for thee—Miserere Domine!

Hark, the cadence dies away On the quiet moonlight sea! The hostmen rest their oars and say, "Miserere Domine!" —Coleridge.

Several other rules were laid down for the improvement of the service.

BERESFORD CALLS FOR NAVAL CONFAB

Makes Bitter Attack on Churchill's Administration of Admiralty.

LONDON, Nov. 1.—Lord Charles Beresford, who has for long been an uncompromising critic of Britain's present naval position, in the Empire Review, published yesterday, makes a bitter attack on Churchill's navy administration. Beresford contends that we are six heavy armored ships short of the 60 per cent standard over the next strongest naval power. Assured that an emergency really exists, Beresford continues that in this emergency the British government refuses to hold consultation with the dominions on questions of Imperial defence, the explanation being that the political situation is troublesome at home.

"What on earth have party difficulties to do with the Imperial requirements for the safety of the Empire?" he asks. "Australia, New Zealand and Canada at the present moment are all proposing different methods for naval defence. Unless a conference is held the different policies will cause great confusion and enormous expense, without properly effecting the object in view. How can the strength of the Imperial fleet be automatically expanded and assured unless the Mother Country and dominions are agreed on some clear and definite program?"

DIAZ SAYS HE WILL NOT RETURN

Fugitive From His Own Country, Mexico, Gives an Interview.

LONDON, Nov. 1.—"None should forget that Mexico is now a very great country and must be considered by all as such," said General Porfirio Diaz to-day when questioned in Paris about the situation. He would not, however, give his views in regard to the attitude of the United States, replying to a question on the subject.

"I am not going to discuss either the policy of the United States or the message that President Wilson is going to read on Monday." General Porfirio Diaz to-day once more declared that he had no present intention of returning to Mexico. He said this in an interview with the correspondent in Paris of the Exchange Telegraph Company, adding: "I will only return to my country in case a foreign nation attacks it, and you may rest assured that in such an eventuality all Mexico will be united."

Bad Fire in Alberta

STROME, Alta., Nov. 1.—At an early hour this morning the whole business section of this town was threatened with destruction by fire and the Camrose Fire Department was being rushed to the assistance of the local men on a special train. A bookkeeper working late upset a kerosene lamp in Douglas Bros. department store which in a few minutes was a mass of flames. The fire which nevertheless spread to E. H. Haiman's drug store, Miss B. C. Ite's millinery store, I. C. Freeman's pool room and restaurant and consumed them. The latest report was not hopeful of saving much of the business section. Strome is 60 miles east of Wetaskiwin on the Hardisty branch of the Canadian Pacific.

Orillia Council took no action in a meagrely-signed petition to submit a by-law for the repeal of local option.

CANADA AS SEEN BY HERBERT SAMUEL

Canadians Do Not Realize How Mother Country Accepts Doctrine.

Present System of Managing Imperial Affairs Not Final.

LONDON, Nov. 1.—Postmaster-General Samuel, in an interview with the Chronicle regarding his Canadian visit says: "I found everywhere a very intense sentiment of Canadian national patriotism which co-exists with warm loyalty for the British Empire. Towards the United States there is on the part of the Canadians a feeling of hearty good-will, but they have an intense pride and belief in their own separate identity. The influx of Americans into Canada does not tend to Americanize the Dominion I was surprised to discover.

"A certain sensitiveness still survives in regard to possible interference from Downing street, and it seems to me the people in Canada sometimes do not realize how completely the doctrine of autonomy is now accepted in the mother country. "I made no disguise while there of my opinion of the present system which is that the executive management of the common affairs of the empire left to a government responsible only to the electors of one portion of the empire cannot be final. But I said also that nothing would be more unwise than to attempt to press forward any solution of so vast and difficult a problem before conditions were ripe."

Tigers Go to Montreal

MONTREAL, Nov. 1.—The Tiger football team, which meets Montreal in a Big Four fixture this afternoon, were taken for a trip round the harbor by the executive of the local club this morning. The dinner which annually accompanies the visit of the Tigers here will be held at the Windsor Hotel this evening and President Phil MacKenzie of the Montreal club will preside.

SINCERITY.

Truth and reality have all the advantages of appearance and many more. If the show of anything be good for anything, I am sure sincerity is better, for why does any man dissemble or seem to be that which he is not, but because he thinks it is good to have such a quality as he pretends to? For to counterfeit and dissemble is to put on the appearance of some real excellency. Now, the best way in the world for a man to seem to be anything is really to be what he would seem to be.—John Tillotson.

NEGLECTANCE.

There is the same difference between diligence and neglect as there is between a garden properly cultivated and a slug-carry'd field which fell under Solomon's view when overgrown with nettles and thorns. The one is clothed with beauty; the other is unpleasant and disgusting to the sight. Negligence is the rust of the soul that corrodes through all her best resolutions.—Owen Feltham.

It is reported at Berlin that the Kaiser's daughter, wife of Prince Ernest of Cumberland, claimant of the Hanover throne, refuses to meet her brother, the Crown Prince, who intervened in the recent dispute.

SAID AT LONDON THAT ASQUITH WILL SOON GO TO THE PEOPLE

LONDON, Nov. 1.—The belief that the Government will go to the people before the final passage of the Irish home rule bill was heightened to-day, when a Liberal member of parliament close to the ministry stated to-day that in his opinion, Premier Asquith would accept the proposal of Bonar Law, the Unionist leader, to let the people decide the issue. Mr. Asquith has contended that his colleagues are absolutely justified on the question, but has been suspected that while probably all will support the measure, some are only lukewarm on the question and have seized the opportunity offered by Mr. Law

Water Spouts Remarkable Story Told by White Star Atlantic Sailor.

NEW YORK, Nov. 1.—A cable from London to the Tribune says: A remarkable story of water spouts in mid-Atlantic is told by officers of the White Star Liner Cedric, which arrived at Queenstown yesterday. The first they saw had the appearance of a black, funnel shaped streak. This was a few miles off the starboard bow in mid-Atlantic on the outward voyage from Queenstown. The water spout, which was estimated to be 600 feet high, was traveling at the rate of five miles an hour. As the column faded away in the distance it was succeeded by a smaller spout, which in turn was followed by a severe squall, accompanied by vivid lightning. Then came two more water spouts bring to an end strange phenomenon which the officers unite in saying was the most remarkable ever witnessed.

WILL HE BECOME MEXICO'S NEXT PRESIDENT?

There is a report current in Mexico City to the effect that General Victoriano Huerta had offered to resign the Presidency in favor of David de la Fuente, formerly Minister of Communications and the nominee of the liberals in the recent election.

Mr. Churchill In Another Flight

NEW YORK, Nov. 1.—A Herald cable from London says: In a continuation of his policy of seeing things for himself, Winston Spencer Churchill, First Lord of the Admiralty, went to Farnborough yesterday toward dusk and made a flight in the airships Delta and Beta. Each flight lasted some fifteen minutes at a height of 1,800 feet.

LLOYD GEORGE IS WELL LIKED

He is Said to Be the Most Popular Man in Kingdom of Italy.

LONDON, Nov. 1.—David Lloyd-George, Chancellor of the Exchequer, is the most popular man in Italy, according to Welshmen returning from the continent. The common people of Italy, in discussing the British statesman, say that his well known measures, such as pensions for old people, insurance, etc., are greatly needed in Italy. Whenever Lloyd-George speaks in or out of parliament every word he says is printed in the Italian papers. Much more space is given to his speeches than to the utterances of the Prime Minister of Italy. His remarks are read avidly by workmen who can read to their friends who cannot. Britain's questions are Italy's questions. There are movements in each country in the same direction and the Italian workman believes that the British leader is the prophet of the new era.

PRINCE AUGUST ASSUMES DUCHY

Cumberland Was Without a Reigning Duke Since 1884.

BRUNSWICK, Germany, Nov. 1.—The government of the Duchy of Brunswick, which has been without a reigning duke since 1884, was assumed to-day by the Young Prince Ernst August of Cumberland, who on May 24 married Princess Victoria Louise, only daughter of the German Emperor and Empress. The differences between the two princely families of Hohenzollern and Guelph have thus been settled for the new duke in a declaration issued to-day promising unswerving loyalty to the German Empire and emperor and to the federal rulers of Germany. He thus implicitly, although not actually, renounced his pretensions to the throne of the Kingdom of Hanover, annexed to Prussia in 1866, when it allied itself with Austria, against Prussia. Prince Ernst August's father, the Duke of Cumberland, the rightful heir to the Kingdom of Hanover as well as to the Dukedom of Brunswick, has steadfastly refused to renounce his claims to the succession to Hanover and to reign as Duke of Brunswick. He has always lived in exile in Austria.

Since 1884 the Duchy of Brunswick has been under a regency first of Prince Albert of Prussia and then of Duke Johann Albrecht of Mecklenburg-Schwerin, whose office lapses with the accession to the throne of Prince Ernst August. The complete transfer of the sovereignty and the state entry to the duchy of the young Duke and Duchess are to take place on Nov. 30, but this will be merely an occasion for a spectacular display.

Fell Through

NEW YORK, Nov. 1.—There was made public here to-day what purports to be the contents of Hennessey's "little black book," so far as it relates to his conference in Sing Sing with Stephen J. Stilwell, convicted state senator. The book was placed in evidence at the John Doe inquiry yesterday, but was not made public. It reveals no confession. The names of Charles F. Murphy, ex-Senator Frawley and others are mentioned but after fencing for hours with Hennessey, Stilwell refused to discuss anybody flatter of anything. Inquiring that he first got his pardon. When this was refused the negotiations were dropped. New tenders will be asked for the first section of the I.C.R. terminals at Ha'fax.

EVIL SPEAKING.

We may ourselves one of these days need forbearance and silence from our brethren. Let us render it cheerfully to those who require it now. Be this our family rule and our personal bond. Speak evil of no man.—Spurgeon.

Speak well of the absent whenever you have a suitable opportunity. Never speak ill of them or of anybody unless you are sure they deserve it and unless it is necessary for their amendment or for the safety and benefit of others.—St. Matthew Hale. Never speak anything evil of a man if you do not know it for a certainty; then ask yourself, "Why should I tell it?"—Lavater.
