LOCAL LEAGUE ELIGIBLE TO ONTARIO B.C.

Representatives from the Hamilton Amateur Baseball Association, Toronto A.B.A. and Ontario Baseball Commission, held a joint meeting in Toronto on Saturday to discuss the baseball situation throughout the province. A ruling as to the status of the Brantford League was requested by them, and it was decided that on the evidence presented they are eligible to compete against teams under the jurisdiction of the Ontario Baseball Commission. The Brantford League has notified the Commission that they desire to be affiliated. It was decided to hold a meeting in Preston on Thanksgiving day with the object in view of organizing that district. Representatives will be requested from Brantford, Galt, Kitchener, Guelph, Waterloo, Hespeler, Preston and others, to attend the meeting. It is hoped to form these teams in districts under the baseball commission. J. Messers W. J. Smith, chairman of the commission; Geo. C. Walsh, E. G. Seyler, of the A.B.A., and A. J. Waite, of the H.A.A., were appointed to arrange for the meeting and attend it. St. Mary's of Toronto, will play in Preston on that day.

RALLY DAY SERVICES

Despite the inclement weather, the attendance at the Rally Day service at Wellington Street Church yesterday afternoon was very large. Superintendent W. G. Ranton was in charge of the fine program. The Primary Department, under Miss Emma Jackson contributed the first part of the little play occupying the platform. Their choruses and exercises were performed very creditably indeed. Then followed a missionary exercise under Miss Fally, who was very capably assisted by the following bright girls of the Intermediate Department: Nellie Tolhurst, Helen Daniels, Anna Wilson, Dora Waterson and Edna Cooper. All the Bible Classes had record attendance. Many visitors from the city and outside places were present. The Home and Needle Roll Departments were shown to be in a very prosperous condition. The musical part of the program was well looked after by Messrs. Geo. N. Crook and Thos. Darwen. The special offering for the S. S. Extension Fund was very large. Much credit is due the committee who looked after the decorations. They have never been surpassed on any occasion. The pulpit platform in the church was so beautifully festooned that Dr. J. Ross, of Norwich, the preacher of the day, made special mention of it. Dr. Ross was pastor of Wellington Street Church nineteen years ago. His sermons and address of the afternoon were very much enjoyed by the large audience.

ENTIRE TURK ARMY TAKEN BY MAUDE

Main Ottoman Positions in Mesopotamia Were Surrounded.

CAPTURE THOUSANDS

Commande at Ramadid and Entire Staff, Forced to Surrender.

By Courier Leased Wire. London, Sept. 30.—A British official report concerning the operations in Mesopotamia, announces the capture Friday of Mushad ridge, in the region of Baghdad. The British attacked Turkish advanced positions in the region of Ramadid from the south east and west, which they occupied with little difficulty. They continued the attack Saturday after surrounding Ramadid, and captured practically the whole garrison, the enemy everywhere surrendering.

The captives by the British include guns, ammunition and several thousands of prisoners, including Ahmed Bey and his staff. This is the first news for a considerable interval of time received from Mesopotamia. The hot season of that region, which is exceedingly oppressive, renders operations very difficult, and activity on any large scale has not been looked for. That Gen. Maude has been on the alert and has by no means been idle is indicated by the signal success just communicated. It will bring to mind the forecast made some few weeks ago by Lord Curzon, who in a reference to the activities in the land of the caliphs, recommended the public to keep their eyes on events likely to happen there. Gen. Maude's latest brilliant achievement will lend certainty to the presumption generally entertained, as a result of Lord Curzon's remark, that the British forces possess distinct advantages over the enemy, and that with the resumption of operations, which has now occurred, events of great importance will follow each other with rapidity in the Tigris valley.

Take Supply Base. London, Sept. 30.—The war office last night announced a further success against the German forces in German East Africa. The text of the announcement follows: "Our troops yesterday occupied Nanyang, an important German supply base 83 miles southwest of Kilwa, after considerable resistance. Our advances in the Lukeni Valley and the forward movement of the Belgians on Manganze are continuing steadily."

Children Cry FOR FLETCHER'S CASTORIA

Behind The Guns

WHEN the war broke out in August, 1914, the Imperial and Canadian Governments were faced by no greater problem than that of the assembling and transport overseas of the army supplies required for this country, not only for the Canadian Expeditionary Force, but also for the British and Allied Armies. Expert knowledge was required otherwise confusion, delays, and expensive operation would be inevitable, and experts with the necessary knowledge for such gigantic business were not easy to obtain. Lord Shaughnessy came to the Government's assistance by loaning Mr. A. H. Harris, Special Traffic Representative of the C. P. R., and right-hand man to Vice-President Bosworth, with a large staff of traffic experts selected from various departments of the C. P. R., to act as a nucleus for the Overseas Transport Office. The work of this office has grown amazingly, so that to-day Mr. Harris directs no less than four-fifths of the export trade of Canada, inland and overseas, and the best evidence that the work is being well done is the fact that the Government railway and steamship interests are all satisfied, while the general business of the country has been continued with a minimum of disturbance. In fact, the number of people in Canada who are aware of conditions is infinitesimal.

Between August 14th, 1914, and February, 1915, War Office Supplies were moved overseas in chartered vessels; between February, 1915, and date transports have been supplied by the Admiralty under an arrangement negotiated by Mr. Harris in London. The bunkering of transports is done on this side, under the direction and supervision of the director, as is also the dry docking of vessels when necessary. The magnitude of the work of the Department may be gauged from the fact that, exclusive of officials and representatives at Vancouver, Calgary, Edmonton, Regina, Winnipeg, Fort William, Toronto, Quebec, Three Rivers, Halifax, and West St. John, there is a clerical staff of 42 in Montreal.

The number of checkers, longshoremen, and dock laborers under control of the Department at the several Canadian ports used by the Department now exceeds 1,800 men, with a pay roll of \$32,000 a week. The volume of tonnage cleared from the seaboard has been facilitated, and delays minimized from the fact that the Presidents of the Canadian Pacific and Grand Trunk Railways, recognizing the growth of the Transport Service, considered concentration of authority necessary to efficient direction and accordingly issued instructions to their Operating Officials that the regulation and control inland of all Imperial transport should be vested in the Director of Overseas Transport. Instructions were concurrently issued that all transport consigned to his order should be given priority of movement on the railways over all traffic, excepting passenger. As a consequence thereof, notwithstanding the volume of tonnage affected, transports have not been held for cargo, nor has there been congestion at the Canadian seaboard, such as has been experienced at U. S. Ports. The actual time occupied by vessels in loading at Montreal has been under 44 days. Canada has indeed reason to point with pride to the successful operation of its transport service due to Mr. Harris' administrative ability and the tireless energy of an efficient staff.

G.N.W. STRIKE TO BE ENDED

Telegraph Company Makes Concessions to Striking Operators.

By Courier Leased Wire. Montreal, Sept. 30.—The Great Northwestern Telegraph Company has accepted the award of the arbitrators, who decided in favor of the telegraphers. The striking G. N. W. telegraphers and linemen yesterday received an addition to the chief operators on strike with them, there being seven of them out now along with the original strikers, awaiting the decision of the heads of the union in Toronto to-morrow. E. J. Young, chairman of the eastern district, left tonight for Toronto to be present at the meeting between the strikers' representatives and the G. N. W. chief officials.

NO THANKS. Brantford will not be the location of the next annual convention of the Dairymen's Association of Western Ontario. Some time ago His Worship Mayor Bowley wrote the secretary of the organization, inviting the Association to hold their next convention in Brantford. A reply has been received to the effect that at a recent meeting of the Directors, Stratford was selected.

FOUR RECRUITS. Four recruits for the C. M. R. left this afternoon at 1 o'clock radial for a medical examination at the barracks at Hamilton. The men signing up to-day for the "Ride to Berlin" are Harold Curtis, 16 Edwin St., single, aged 18, a laborer; William Maloney, 87 St. George Street, single, aged 21 years, a laborer; Russell Wilson, Paris, single, 21 years of age, a dyer; and William Street, 31 St. Paul's Ave., single, aged 21, a horse-trainer.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, does not eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poisons, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a fifty cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups printed plainly on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."
