

Big Profits in Silver Black Foxes

Many have grown wealthy from their investments in the Silver Black Fox Industry, which stands as the best paying business in the world today, yielding grater returns than any other enterprise afloat.

The DALTON-HOWATT Silver Black Fox Company

LIMITED

of Coleman, P. E. I.

Presents an exceptionally attractive offer to careful investors. Its foxes include those of the famous Dalton-Lewis-Raynor strain, eight being Tested Breeders. There are also four early pups, which will breed in April next. If next year's breeding exceeds that of 1913, dividends will reach 100 per cent.

The ranch management is unsurpassed, being in the hands of T. Major Howatt, eminently successful fox breeder, who is a large shareholder, thus ensuring the best possible care of the company's interests.

No Expenses off

All ranch expenses, including feed, salaries etc., will be paid for one year, thus effecting a saving of 25 per cent at least.

**Capital Stock \$165,000, divided into
1650 Shares of \$100 each**

Frank R. Heartz
President

C. R. Smallwood
Sec'y.-Treas., Charlottetown, P. E. I.

Fine dry ashes are excellent for keeping eggs in, wood ashes perhaps being the best. Get a pail or small tub, put in about one inch of ashes then a layer of good fresh eggs. Put the eggs small end down and take care they don't touch. Cover with more ashes and another layer of eggs and so on till the tub is full. Cover the final layer well with ashes, put a lid on and keep in a cool dry place until wanted.—Ex.

The Baptist Times says:—An Illinois brewery failed recently, and as it was unable to pay the taxes due, 3,081 barrels of beer were seized and emptied into the river. The consequence was that thousands of fish were killed and the cattle on the farms along the banks of the river received serious damage. The Chicago Standard says that the farmers are threatening the city authorities for allowing the river to be thus polluted. Our contemporary adds that if the beer had been poured down the throats of the slum-dwellers no one would have made an outcry, but cattle and fish are quite a different matter.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by Duggists & Dealers.

The difference between foreign and home grown fruit is largely in the packing. United States growers take great care in making their packages look as attractive as possible. Instead of the awkward and unattractive barrel they offer the conveniently sized and attractive box. And they pack honestly.

When Canadian fruit growers learn a lesson from foreign rivals, pack as well as they do, foreign grown fruits will not find such a ready market in Canada.—Island Farmer.

Coughs, Colds BRONCHITIS

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhzone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhzone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble. The wonderfully soothing vapor of Catarrhzone instantly reaches the furthest recesses of the lungs, relieves a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach and kills entirely to help the throat or lungs.

To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means use a tried and proven remedy like Catarrhzone. But beware of its substitute and imitator. Look for Catarrhzone only. 50c and \$1. at all dealers.

Catarrhzone Just Breathe It

Even well-sprayed orchards have a good deal of apple scab this year, very few appearing to have escaped. It is not yet demonstrated that lack of thoroughness was, in all cases, responsible for imperfect results, although it is indisputable that much spraying is not very well done. May it not be, however, that the particular time when the spraying was performed has had a good deal to do with it? It is believed that application at just the right stage of development of the scab fungus is important. We may yet have to take biologists and meteorologists into our orchards to tell us the critical moment at which to spray for best results.—Ex.

A boy who had been absent from school several days, returned with his throat carefully swathed, and presented this note to his teacher:—

Please don't let my son learn any English today, his throat is so sore he can hardly speak English.

Mink breeding is making considerable progress in Prince Edward Island. Two pairs were recently sold there at \$200. a pair.

Mining in the United States is a gigantic industry, second only to agriculture employing directly more than 1,500,000 men, and having a yearly output of \$2,000,000.

A tall, gaunt-looking man entered a hotel not long ago and applied for a room. The price he was willing to pay entitled him to lodgings on the top floor of the house. Among his belongings the proprietor noticed a coil of rope. Upon being asked what the rope was for, the man replied:—

That's a fire-escape. I always carry it with me, and in case of fire I let myself down from the window.

Yes, replied the landlord, straking his chin reflectively, seems a pretty good idea; but guests with fire-escapes pay in advance at this hotel.

I was afraid, Mrs. Wotherby, said Mrs. Snapperley, that you wouldn't be able to get over to my house this afternoon for it isn't so easy to get away when you have to do your own house work.

Oh, I wouldn't have missed coming for anything, said Mrs. Wotherby, as she glanced round beamingly at the assembled guests. I wanted to see how my silver and glass looked on your table.

Agent-Madam, I'd like to show you one of the best cream separators on the market.

Farmer's Wife—I don't want it; but if you have a coin separator that you can guarantee to work on my husband, I'll buy it.

The timewill come, thundered the suffragette orator, when women will get a man's wages.

Yes, sadly muttered a man on the rear seat, next Saturday night.

Upset by Constipation Distressing Indigestion, Stomach Gas, Palpitation, Constant Headaches.

"It is with intense satisfaction that I am able to relate how I was snatched by Dr. Hamilton's Pills from any of sickness," writes H. H. Sargent, a well-known hardware traveler residing at Charleston. "So many changes of diet brought on a fit of indigestion and liver complaint, but being very busy I didn't give the matter much attention. Headaches, awful dizziness and constant tiredness soon made it impossible for me to attend properly to business. My appetite faded away, I became thin and looked yellow and jaundiced. I used three different prescriptions, which physicians said would tone up my liver and regulate my bowels—but I got no relief at all till I started to use Dr. Hamilton's Pills. After taking them for a few days I was surprised at the energy and force I obtained; the old feeling of tiredness and lack of desire to work disappeared, and instead came vigor, energy, ambition, good color, and sound digestion. I take Dr. Hamilton's Pills three times a week, and ever since have enjoyed the best of health." What's the use of feeling so languid, so stupid, and dull when Dr. Hamilton's Pills will give you such robust, joyous health. For all disorders of the stomach, kidneys, liver, and bowels, no medicine compares with Dr. Hamilton's Pills. 25c per box or five boxes for \$1.00, at all dealers, or the Catarrhzone Company, Kingston Ont.
