## Reports of Town Officials for Year 1915.

### Report of School Commissioners

To the Mayor and Town Council: Gentlemen:—Your Board of School Commissioners beg leave to present the following as their report for the year ending December 31st, 1915: Salaries of Principal and Teachers \$5,242.50 Salary of Janitor 550.00 Fuel \$295.66; Maps \$15 310.66 Railway Tickets, \$67.50; Water \$20.00 87.50 Chemicals \$20.28, Stationery \$18.15 38.43 Lumber \$86.99, Groceries \$33.78 120.77 Insurance \$133.20, Hardware \$43.43 176.63 Interest on Debentures and Loans 577.82 Sinking Fund 30.00 Miscellaneous 48.67 \$7,182.98

### Receipts

County School Fund	\$ 631.63
Provincial Academy Grant	1,635.26
Contributed by Town Council	4,916.09
	\$7,182.98

Your Board is pleased to state that the Educational Institution of the Town is in a flourishing condition, and the various departments are in excellent working order. Beginning with last year each common school Grade has its own teacher in its own separate class room. The following changes in teaching staff took place during 1915: In the Primary Department Miss Chute took charge in place of Miss Graham. Grade III, Miss Lewis, the place of Miss Baxter; in Grade VI Miss Kent the place of Miss Farrell; in Grade IX Miss MacGregor the place of Miss Barrett. While the former teachers in these Departments were teachers of pronounced ability, their successors have filled their places most satisfactorily.

Mr. Swanson should be congratulated on the high standing, which the school is kept. The last annual examinations will testify to this. The janitor has always been the right man in the right place, we need say no more, everyone knows Mr. Benson's worth.

A change has been made in the Primary Department at the half yearly term. This Department has always been congested having upwards of a hundred on the roll call. It was thought advisable to remedy this condition and we have done so in a very satisfactory manner. The Manual Training Department being transferred to a spacious room in the basement of the Academy, and the room vacated by them, put in an up-to-date condition, on a par with any room in the school. A separate sanitary system having been necessary for the purpose. This has indeed been a much needed requisite for years, relieving Grade I Department of about forty pupils with a separate teacher, and might be termed the "Kindergarten," which all modern schools have in vogue. Miss Ward, who is highly recommended, has charge of the Department for the balance of the term.

Extensive changes and improvements have been undertaken in the Academy building. The sanitary arrangements have been completely remodelled, being second to none in any school in the country.

Your Board are now satisfied that our Educational Institution is in a first class condition in every respect; and one worthy of the admiration of the citizens of Kentville.

All of which is respectfully submitted, C. T. CAMPBELL, Chairman.

### Report of Water Committee.

To the Mayor and Town Council: Gentlemen:—The Standing Committee on Water Works beg leave to report as follows:

Total receipts for Water Service, year 1915	\$4594.18
Superintendence	\$ 350.00
Interest on Debenture Loans	2560.86
Sinking Fund	950.00
Labor for Repairs	145.29
Hardware, Fittings, Lumber, etc	488.42
Miscellaneous	99.47
	\$4594.04
Less receipts putting in services, etc	276.84
	\$4317.20
Leaving a balance of	276.98

During the year there have been additions and repairs to the system, including seven new services added, and eight renewals.

The hydrants have been kept in good order and properly looked after, and up to date there has been no trouble in regard to freezing, as we have had in the past years. A defective one on the Klondyke being replaced by a new one. The old box covering around the Main pipe, which crosses Cornwallis Bridge, has been replaced by a new one, and made thoroughly frost proof.

Your Committee are able to report that the water system, as it is today is ample and sufficient for all purposes at all seasons of the year, and would compare favorably with any system in the Province.

All of which we respectfully submit, C. T. CAMPBELL, Chairman.

### Report on Sewers

To the Mayor and Town Council: Gentlemen:—The Committee on Sewers beg leave to report as follows:

There have been twenty-six connections made up to December 31st, 1915, as follows:	
Central District	16
Eastern	10
Total	26

By order in Council, it was deemed advisable that everyone in the Sewer District where possible, should connect with the sewer. Your Committee are able to say, that this has been done and under the supervision of the Superintendent, Mr. Neville, with only two exceptions which could not be carried out, as pipe was not available before the frost permitted it being done. These have been arranged for however and in the early spring will be attended to. The system then will be complete.

Your Committee would earnestly recommend that the Western Section be undertaken as soon as possible, being not only an asset, but believe a necessity for the health of the Town.

During the summer the Main Sewer on Academy Street became clogged, about three hundred feet was dug up and found to be completely filled with roots which had grown in the joints, the same not having been cemented. It would be advisable for the remaining portion to be overhauled, to eliminate any further trouble.

All of which we respectfully submit, C. T. CAMPBELL, Chairman.

### Report of School Committee

To the Mayor and Town Councillors: Gentlemen:—Your committee on schools beg leave to submit the following report for the year ending Dec. 31, 1915.

The total amount expended on the Academy building during the year installing Water Closets, concreting cellar, painting inside and out and providing quarters in the basement for the Manual Training Department besides grading grounds amounted to

	\$2,847.97
Bills passed payable in 1916	262.34
	\$3,110.31

The sum of \$ 713.27 and 1200.00

\$1913.27 expended in 1914 and referred to in the Mayor's report of that year were paid during this year. While the expenditure of the last two years looks large, we feel that it has been wisely and economically made. We invite any and all of the Ratepayers of the Town or any others who may be interested to inspect our Academy from top to bottom. The provision made for the heating has proved eminently successful.

We would draw your special attention to the sanitary automatic water closet system that has been installed in the basement, the most modern that could be secured.

Respectfully submitted, F. S. MITCHELL, Chairman.
