BELGIANS IN GERMAN CAMPS DYING FROM STARVATION

HAVRE, March 27—The Belgian Government has received by trustworthy means letters from responsible Belgians who have been deported to Germany. The letters, dated at the end of February or early in March, were written from the camps in which the men are being confined. Some passages follow:

"Since Feb. 1 we have had only two meals a day. The one in the evening has been discontinued. That was the best one, because we had corn."

From another letter: "It is frightful here. We are dying of famine. We have a ration of bread, water and beets. That is all. We are skeletons covered with skin. Thirteen were counted in the morgue yesterday and fourteen today. That is from among the 3,000 or 4,000 here. Conditions are more frightful in the — and — camps. If anyone give us a little soup or something else to eat he is punished with five days in prison."

From another letter: "The situation becomes more unendurable from day to day. Every morning two or three dead are found in the auto. The doctors decline all responsibility. Today 120 are dead at Camp —. We hope for our deliverance by the great offensive."

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.
