

HALBRITE FOR HAULTAIN

Provincial Rights Organization—The Officers—Speech by Leader

Halbrite, May 11.—The heading itself is enough to cause any citizen of Saskatchewan to ask, has our young province been denied any privileges granted to other provinces of Canada, says The News of this town. By the audience present on Wednesday night there must be some grounds for the creation of such a party bearing the above name. After the speech by the Hon. F. W. G. Haultain we can readily understand why there should be a provincial Rights party. When a province has been deprived of the revenue derived from its magnificent resources in lands, minerals and timber and a direct tax is the result we can understand why such a party should be organized.

On Wednesday evening a large number of representative citizens met and organized a Provincial Rights Association. There were present from outside, the Hon. F. W. G. Haultain, J. G. McDonald, provincial organizer, Dr. Smith, O. S. Mitchell and T. H. Blacklock. The following officers were elected: President—Will Scramlin. Vice-Pres.—A. M. McKay. Secretary—E. B. Brown. Executive—R. Mortell, Dr. Hicks, W. Cartwright, R. M. Sutherland, T. J. Jordan.

COAL STRIKE SETTLED

Fernie, May 4.—By entering into a two year agreement the coal strike has been settled between the labor leaders and the mine operators, and the terms have been endorsed by the men by a good majority. Sir William Mulock, minister of labor and his deputy, Mackenzie King, were at the scene of the strike but the services of the investigating board were not required. The negotiations were conducted by Mackenzie King for the government, Mr. Sherman for the miners and Mr. Lindsay for the operators. The following is the official vote of the miners on the proposed agreement.

Table with 2 columns: Name, For, Against. Includes Bellevue, Frank, Hill Crest, Little, Landtrak, Michel, Cannore, Coteman, Bankhead, Fernie.

The aggregate majorities for were 558 and against 183, leaving a clear majority for the agreement of 375.

What Caused the Trouble The cause of the miners' troubles was recently stated by T. L. Lewis, vice president of the United Mine workers of America.

When interviewed Mr. Lewis said a notice was posted by the Crow's Nest Pass Co. stipulating what the wages and conditions of employment should be on and after April 1st. The miners were not willing to accept the terms of the notice, and recognizing that the law required an investigation to be made before they could strike, they did not strike, but quit work as individuals.

olution, without any reference to the union to which they belonged, or the law which was in existence. The operators had already evaded the law by locking out the men at the mines at Taber. It is true that they represented that the miners were closing down for repairs. But there is nothing to prevent them from doing so for an indefinite period. Meanwhile the miners are thrown out of employment. It would be a difficult matter to prove that a mine was closed down to lock out employees, which was believed to have been the reason in this case.

Mr. Lewis was asked why, and replied that nothing before was said about the repairs and the shut-down took effect immediately upon the expiration of the last contract with the men. Furthermore, the miners wanted an eight-hour rule to be carried into effect and the company was unwilling to grant this concession. The government of Alberta has promised the eight hour bill, but failed to pass it last session. Because of the expiration of the Dominion law by which operators the miners in Fernie feel justified in walking around the statute, too, by leaving work individually.

President Sherman telegraphed to Minneapolis explaining the situation to Mr. Mitchell and saying that it was impossible to keep the men at work. Mr. Mitchell enquired whether it was possible to call a joint conference between operators and miners and after some negotiations this was agreed to, the meeting to take place on April 23, which date was for some reason changed to April 25, and the men were advised to commence work. The questions in dispute are an advance in wages, the enforcement of an eight hour day in Alberta and the establishment of uniform rules in the district.

LETT CAGED HIM

D. McCallum is the name of a gent who bumped up against the law last week. He has a crippled hand and started in to do the begging stunt, claiming to come from Orkney. Sergt. Lett investigated the case, found that McCallum was a crook of the worst kind from Minneapolis, and arrested him. On arriving at the barracks, the prisoner turned on the sergeant and showed fight, but was promptly put into the steel cage. On appearing before Magistrate Dupan the crook was fined \$50 and costs for vagrancy, and \$10 and costs for resisting arrest. He paid up and took the first train out of town.—Estevan Observer.

WITH OLIVER

Ottawa, May 3.—R. W. Miller and J. T. Hill, of Lloydminster, Sask., are here today and had a long interview with Hon. Frank Oliver. Part of the boundary line between Alberta and Saskatchewan runs through the town of Lloydminster and they want the boundary changed so that the town will be all in Saskatchewan or Alberta, if not they will require to have two towns. Only a small portion is now in Alberta, but it is growing. A change in the boundary in this direction was asked when the bill was going through parliament, but it was refused.

The Piano Loved by Musicians

There are pianos, living on their past reputation. There are others that do not enjoy the same reputation in Canada that they are supposed to hold in other lands. The New Scale Williams is no such piano. It is loved for itself. The ravishing tone, in all its glorious sweetness, richness and volume—the sensitive, sympathetic touch—the power and possibilities of this magnificent instrument—make it the delight of the artist, the proudest possession of the home.

The builders of the New Scale Williams make price the last consideration. It is solely a question of superiority at every stage of the work.

Fill in the coupon below—take to your local dealer or send to us—and receive, absolutely free, several beautiful booklets issued by us—all beautifully illustrated and wonderfully interesting to anyone contemplating the purchase of a piano.
