The Faculty Recital which was postponed on account of Mrs. MacDowell's Recital, will be given in College Hall, Friday evening, Nov. 2nd, 1917, at 8 o'clock. Nels, Toronto; Miss Howe, also Mr. and Mrs. Dudley, Whiteby, Ont.; Dr. and Mrs. Hill, Prof. Ross, Mr. and Mrs. Stevenson and child, England, who are spending the winter in Wolfville.

The Lecture Recital given in College Hall last Monday evening by Mrs. Edward MacDowell under the auspices of Acadia Seminary was a pronounced success.

The bad weather prevented many from attending but the interest of a fairly large audience was intense.
Mrs. MacDowell gave a sketch of the life of her husband, Edward MacDowell, and prefaced each selection she made by a few remarks as to its meaning and character. Her playing left nothing to be desired in the way of interpretation and artistry.

Miss Edith Staples of the Senior Class of the Seminary assisted in a most delightful way by rendering several MacDowell songs.

Eye Strain—Its Cause.
Geo. M. Gou'd, specialist, of Philadelphia, says: "Eye strain is responsible for 60 per cent of the chronic ailments of civilized life."

Eye strain is not necessarily caused by poor vision. The vision is frequently acute. Besides those muscles that enable us to focus at different distances there are three pairs to each eye that control the motion of the eye-balls.

These must all work in perfect harmony or eye strain will result. It is a test of sight only may not reveal the main trouble.

Oh! My! That Smells Good!

And, madam, you should just smell the fragrance of crushed coffee after it is brewed. And the flavor of it! Well, you never tasted ground coffee with a flavor just like Red Rose Coffee.

Red Rose Coffee. Coffee critics, those who have travelled far and wide and tasted coffees in various climes, tell us they have never tasted more delicious coffee. Some have even said—but we will refrain from printing such high praise. We prefer you to try Red Rose Crushed Coffee without revealing anything further as to its quality.

We don't want to take all the edge off the surprise in store for you when you try it. And the same price it was three years ago.

A meeting on behalf of the British Red Cross was held in the Baptist church on Sunday evening. Rev. Dr. Gates, in the absence of the pastor, presided. After opening prayer by Rev. R. F. Dixon, Rev. G. W. Miller delivered a most eloquent and stirring address which was listened to with rapt attention.

Mr. Miller spoke with great force and earnestness on various phases of the present situation, and most effectively urged the claims of B. R. C. upon his hearers. It was a very attractive presentation of the cause of this excellent organization and every one present went away thoroughly impressed with the necessity for a united effort on its behalf.

Some beautiful musical selections were rendered by the organist, Miss Beatrice Rockwell, whose playing was greatly admired, and by the violinist. The National Anthem closed the proceedings.

Guard the Children From Autumn Colds.
The fall is the most severe season of the year for colds—one day is warm, the next is wet and cold and unless a mother is on her guard the little ones are seized with colds that may hang on all winter.

Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, clearing the bowels and stomach free as a street. An occasional dose will prevent colds or if it does come on suddenly the prompt use of the Tablets will quickly cure it.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Rev. W. M. Ryan, B. A., of Grand Pre, will be the preacher at the Methodist church on Sunday morning and Communion will be held at the close of the service. The pastor will preach in the evening.

At 50 years of age THE KIDNEYS NEED HELP

There is no reason why, when a man or woman reaches the fifty mark, he or she should not feel full of energy and happiness. It is true, greater care must now be taken to drive away the lesser ailments which, if neglected, may develop into serious diseases of the kidneys.

GIN PILLS FOR THE KIDNEYS

At the first evidence that kidneys are not working properly—that is, if you have pain in the back or sides, twinges of rheumatism, constant headaches and restless nights, trouble taking urine, swollen joints or urinary "sand," it is almost certain that you are not benefited, for the first time, by the pills on our guarantee of money back if not satisfied.

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, pilots, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

Change in Price of Milk

We, the undersigned licensed milk dealers of Wolfville, hereby give notice that on and after November first next, our prices for milk delivered in bottles will be as follows: one quart or more, at 9 cents per quart, single pints at 5 cents. One cent less per quart where not delivered.

will leads of all kinds, roots, bottles and stoppers are double the price now. Wages have increased fifty per cent. May be the only thing that has not increased in price, but as it is the smallest factor in the production of milk, a variation of a few dollars per ton would make very little difference.
