WESTERN CANADA IRRIGATION ASSOCIATION AT KAMLOOPS, B. C.

Prominent Men Will Speak on Topics of Interest to Agriculturists
Promise for a most profitable season is held in the names of speakers which have been secured for the tenth anniversary of the Western Canada Irrigation Association to be held July 25, 26 and 27, at Kamloops, B.C. The speakers and their topics are:

Dr. F. F. Westbrook, president, British Columbia University, Vancouver, B. C., "Agricultural Education in British Columbia."

P. H. Moore, superintendent, Dominion experimental farm, Agassiz, B.C., "Grading Up a Dairy Herd."

E. A. Howes, dean, faculty of agriculture, University of Alberta, Edmonton, Alta., "Agricultural Education in Alberta."

W. H. Fairfield, superintendent, Dominion experimental farm, Lethbridge, Alta., "Growing Winter Feed Under Irrigation."

Don H. Bark, chief of irrigation investigations, Canadian Pacific railway, Strathmore, Alta., a lecture illustrated with lantern slides on "Practical Irrigation."

R. M. Wiselaw, secretary, British Columbia Fruit Growers' association, Victoria, B.C., "Apple Culture in British Columbia."

Professor W. S. Thornber, State College of Agriculture, Pullman, Wash., "Dry Farming."

Professor L. S. Klinck, dean, College of Agriculture, Vancouver, B.C., an illustrated lecture on "Improvements in Corn Varieties."

P. E. French, assistant horticulturist, British Columbia government, Vernon, B.C., "Potatoes and Truck Crops Under Irrigation."

A. L. Fryberger, Gem P.O., Bassano Colony, Alta., "Varieties of Crops Successfully Grown in the Bassano Colony."

P. H. Moore, superintendent Dominion experimental farm, Agassiz, B.C., "Sugar Beets as a Commercial Enterprise in British Columbia."

J. C. Dobson, chairman, Hydro Electric company, Kamloops, B. C., "The Possibilities of Irrigation by a Hydro Electric in the Thompson Valley."

Dr. J. G. Rutherford, C.M.G., superintendent of agriculture and animal industry, Canadian Pacific railway, Calgary, Alta., "Livestock and Irrigation."

W. T. Macdonald, livestock commissioner, British Columbia government, Victoria, B. C., "Livestock and Irrigation."

C. E. Barnes, general manager, Barnes estate, Waltham, B.C., "The Operation of Irrigation Systems."

H. W. Strachan, superintendent, Alexandra ranch, Tranquille, B.C., "Mixed Farming."

William Young, comptroller of water rights, British Columbia government, Victoria, B.C., "Irrigation District Acts."

F. H. Peters, commissioner of irrigation, department of the interior, Calgary, Alta.; W. E. Scott, deputy minister of agriculture, British Columbia government, Victoria, B.C.; D. J. Wylie, M.L.A., president Cypress Hills Water Users' association, Maple Creek, Alta.; R. M. Wiselaw, president, board of trade, Lethbridge; F. M. Black, president board of trade, Calgary, "The Farmer and the City Man."

Hon. W. R. Ross, minister of lands for British Columbia will act as chairman of the sessions, assisted by Hon. Duncan Marshall, minister of agriculture for Alberta.

BETTING AMOUNT EVEN IN B.C.
Betting is about even on the election of September 14. Nomination will occur six weeks earlier.

Undoubtedly the Liberals are stronger today than at the time of any previous election, and it is admitted that whichever side wins in the coming campaign there will be a fairly large following in the opposition.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour, bile and poisonous toxins thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It clears out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphate hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
